We also list pharmacies that are in our network but outside of the service area.

Please keep in mind:

- You must use network pharmacies to get prescription drugs.
- You may use out-of-network pharmacies only in emergencies or for urgent care. If you go to an out-of-network pharmacy when it is not an emergency, you may have to pay. Read your Member Handbook for more details.
- The list of network pharmacies sometimes changes. Some pharmacies may have been added or removed from the plan after this directory was printed.

For up-to-date information about network pharmacies in your area, or if you have questions or need this document in a different language or format such as Braille, audio or large print, please visit our website at www.bcchpil.com.
