Infertility Centers of Excellence
for Abbott Members

We're here when you need us

Our mission is simple – to help you get the right care at the right place at the right time and provide you with information to make the right lifestyle choices. Reproductive Resource Services* (RRS) offers you superior reproductive education and guidance through nurse consultants, and access to our infertility treatment through our Centers of Excellence clinics.

Information is Your First Step Toward the Right Care

Our RRS nurses can answer your infertility questions and provide you with the education you need to help make an informed decision. In addition, the nurse will provide you with information about our RRS infertility clinics that have the highest level of expertise to help you determine the best course of action for infertility diagnosis and treatment.

Infertility Centers of Excellence Provide Superior Outcomes

RRS carefully evaluates each infertility clinic in our Centers of Excellence and conducts annual reviews to make sure they maintain strict standards of excellence to help optimize superior outcomes. The evaluation process is extensive, it includes the following criteria:

- A proven track record of successful clinical outcomes
- Comprehensive reproductive services
- Superior physician credentials and experience
- Exceptional facility operations and staffing
- Industry accreditation and affiliations
