2-150 Small Group Market

1. Blue Cross & Blue Shield of Illinois' **standard product offerings** are organized into **four categories**.
2. Each product has **multiple plan options** available.
3. Employers can choose **one plan option** from each category for a **maximum of three choices**.
4. You may purchase a **stand-alone** option (1 plan), **dual choice** option (2 plans) or a **triple choice** option (3 plans).
5. When pairing plans that have a **3-tier prescription drug card**, the drug cards must **match** for each plan. For example, if you select a BluePrint PPO plan with a \$10/\$40/\$60 prescription drug benefit, the HMO or/and BlueChoice Select plan you also offer must have the same \$10/\$40/\$60 prescription drug benefit.

151+ Large Group Market

1. Employers can choose multiple plan options (based on Underwriting's discretion) from any of the categories, including multiple plans from the same category.
2. The 3-tier prescription drug card **does not** have to match for each plan with this kind of prescription drug benefit.
3. Custom dental plans can be paired with standard health plans.

Product availability is subject to geographic location and/or group size. Please refer to your BCBSIL representative for more information.
