Find the Plan That's Right for You

Nothing is more inevitable in life than change. Families change. Priorities change. Careers change. Needs change. Choose the right individual health insurance plan for you and your family. Compare our plans to find the coverage you need.

If you're looking for health insurance comparable to that offered by large employers, our SelectBlue family is for you.

The typical SelectBlue buyer is an individual or family who:

- Prefers fixed doctor visit copayments for non-preventive care services
- Regularly visits a doctor

If you're budget conscious, the BlueValue family of plans may be for you.

The typical BlueValue buyer is a cost-conscious individual or family who:

- Is willing to assume a portion of health care costs in exchange for a lower monthly premium
- Visits doctors primarily for annual checkups

If you want to control how, when and where your health care dollars are spent, then consider a BlueEdge Individual HSA.²

The typical BlueEdge Individual HSA buyer is an individual or family who:

- Is actively involved in their health care decisions and finances
- Seeks additional tax and retirement planning benefits
- Is willing to fund some of their own health care expenses

BlueEdge HSAs for Individuals and Families

High-deductible health plans are even more attractive than ever — because they can be used with a Health Savings Account (HSA).² An HSA is a tax-advantaged, individually owned savings account that you can access to cover a wide range of qualified medical expenses, when funded. These expenses may generally include your annual deductible and, if applicable, any out-of-pocket cost sharing for covered services.

Here are the Major Benefits of a Health Savings Account (HSA):

- Control:** The money in an HSA belongs to you. YOU decide how to spend it based on your particular health care needs and budget.
- Flexibility:** You can withdraw your money from your HSA as long as you use it for qualified medical expenses incurred after the establishment of your HSA.
- Ownership:** You never forfeit your HSA balance. Any unused balance in your account rolls over from one year to the next, providing you protection from potential medical expenses.
- Tax Savings:**² An HSA allows you to put away money that may be fully tax deductible to cover future qualified medical expenses. This means that you can set aside tax-free dollars, subject to certain limits, in an HSA to pay for your qualified medical expenses. Interest that accumulates within your HSA is generally tax free. You typically will pay no taxes or penalties when you use funds from your HSA to pay for qualified medical expenses.

| Step 1 | Step 2 | Step 3 |
|---|--|--|
| Select and apply for one of the BlueEdge HSA plans. | Research and contact a financial institution to open a Health Savings Account (HSA) after your BlueEdge HSA health plan is activated if you are otherwise an eligible individual. | Pay for your out-of-pocket qualified medical expenses from your Health Savings Account (HSA). |
| <ul style="list-style-type: none"> Choose the deductible and level of coverage that best fit your needs. Choose your PPO network. Apply online or complete and mail in your application. Research banks offering HSAs to use in conjunction with your health plan, if you are otherwise an eligible individual. | <ul style="list-style-type: none"> You may choose any HSA available to work in conjunction with your BlueEdge HSA health plan. Consider the associated fees, investment choices and debit card/checkbook options to determine which HSA is right for you. Fund your HSA as soon as possible in order to maximize your tax advantages for the year. | <ul style="list-style-type: none"> Most financial institutions will give you a checkbook and/or debit card so you can pay claims directly out of your HSA. These are convenient ways to pay for prescription drugs. For doctor or hospital visits, we recommend that you ask to be billed later in case adjustments are made to your expenses. While you are not required to open an HSA to be used with your health plan, most customers agree that they get the most out of their plan by taking advantage of the tax benefits, control and flexibility of an HSA. |
