Let us help you choose the health insurance plan that fits you best

Call 855-361-1212, visit bcbsil.com or contact an independent Blue Cross and Blue Shield of Illinois agent to get a quote today.
Life Is Full of Important Choices.

Some choices require more thought than others. When it comes to health insurance, it is important to make the right choice.

Blue Cross and Blue Shield of Illinois (BCBSIL) has been around for more than 75 years*, and the Cross and Shield have come to represent one of the most experienced health care coverage organizations in the state and the nation. We know health insurance, and have been the right choice for generations of people in Illinois.

Some of the benefits of selecting a health insurance plan from BCBSIL include:

- Choose from many doctors and hospitals
- Prescription drug coverage, including a mail order program
- Coverage for many preventive care services**
- Mental health and substance use disorder benefits and services
- Choice of deductibles
- Health and wellness programs included with every insurance plan
- Convenient member-only website offering tools to help you manage your coverage

Notice Regarding Your Benefits
To obtain information on covered and non-covered benefits, go to bcbsil.com, contact your authorized independent Blue Cross and Blue Shield of Illinois agent or call our toll-free Sales Center at 855-361-1212.

* Blue Cross and Blue Shield of Illinois was founded in 1936.
** Not all preventive services are covered at 100%. Refer to the Outline of Coverage for benefit details.

You will not be discriminated against for coverage under this policy based on your race, color, national origin, disability, age, sex, gender identity or sexual orientation.

Make the Right Choice
Discover why people in Illinois rely on Blue Cross and Blue Shield of Illinois more than any other health insurance provider. Visit bcbsil.com to learn more.
How Does the Health Care Law Affect Me?

The health care law has expanded health insurance with more benefits for more people and more affordable coverage for many. A key goal of the law is to give many Americans who have been uninsured a way to get health insurance.

What impact does the health care law have on you?

If you have health insurance…
If you buy your own insurance or have insurance with an employer or government agency, you may not experience changes. But you may have access to some benefits that the law put in place, like preventive screenings at no additional cost and the ability to continue to insure your adult children up to age 26.

If you do not have health insurance…
The health care law provides options for many individuals and families to get coverage who have not had, or could not afford, health insurance.

There are health insurance plans that offer coverage to people with existing health problems. There also is help to pay health insurance premiums for those who qualify.

Three critical parts of the health care law

Guaranteed coverage:
Means that you are able to have a health insurance plan regardless of health conditions when you apply during an open or special enrollment.

Cost assistance:
If you’ve been worried about paying for health insurance, you may now be able to get help. Tax credits and monetary assistance will help eligible people pay for health insurance when they buy coverage through Get Covered Illinois℠, the Official Health Marketplace.

The individual mandate:
Requires most Americans to have minimal essential health insurance. Failure to have coverage may result in a penalty you will pay on your federal income tax return.
The Health Insurance Marketplace — An Easier Way to Shop for Insurance

The health care law has created an easier way to compare, shop and buy health insurance coverage.

What is the Health Insurance Marketplace?
The Health Insurance Marketplace is a way for you to compare benefit packages and prices.

You can learn if you are eligible for a government program, and you can find out if you qualify for help paying for the coverage you choose.

You can apply online, or you can apply for coverage over the phone or by submitting a paper application.

What if I already have a Marketplace plan?
If you’re happy with your current plan and want to keep it — and your income, household size, or home address hasn’t changed — you don’t need to do anything. The Marketplace will auto-enroll you in the same plan for 2015.

If your income or household size has changed, you’ll need to report that to the Marketplace so you get the right premium tax credit. If you don’t update this information, you’ll get the same premium tax credit you got in 2014. If your income has gone up or your household size changes and you don’t report these changes to the Marketplace, you may owe money when you file your 2015 tax return.

What if insurance is too expensive for me?
Certain individuals and families will be able to get a tax credit that lowers their monthly premium. You may also qualify for lower out-of-pocket costs to help cover expenses like deductibles, copays and coinsurance.

You can see what your premium, deductible and out-of-pocket costs will be before you make a decision to enroll.

Do I have to purchase health insurance on the marketplace?
While most people are required to purchase health insurance, you do not need to visit the Marketplace to do so. You may go directly to bcbsil.com and browse all eligible BCBSIL products. You can also work with an independent agent if you prefer.

If you qualify for a tax credit, you must purchase through the Marketplace to get your credit. Get more information at bcbsil.com and use our convenient tax credit estimator to see what assistance you may qualify for.

You can learn more about the Affordable Care Act and how it affects you by visiting bcbsil.com.
Health Insurance Plans to Fit Every Budget

Whether you choose your health insurance on the Health Insurance Marketplace or elsewhere, you have many options to find the plan that works best for you.

What are the different levels of insurance plans?
We have four levels of health care plans available — bronze, silver, gold and platinum. All plans have similar benefits, and all include essential health benefits. Where they differ is on how the costs of the benefits are applied.

<table>
<thead>
<tr>
<th>Plan</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bronze</td>
<td>This has the lowest monthly premium, but also could have the highest out-of-pocket costs.</td>
</tr>
<tr>
<td>Silver</td>
<td>This level has slightly higher monthly premiums than bronze but also richer benefits.</td>
</tr>
<tr>
<td>Gold</td>
<td>Gold has even higher level of benefits than silver, but also a higher monthly premium.</td>
</tr>
<tr>
<td>Platinum</td>
<td>This is the highest level offered by BCBSIL, with both the highest premium and the richest benefits.</td>
</tr>
</tbody>
</table>

Please refer to the plan comparison chart included with these materials for more information on each plan.

Is an HSA (Health Savings Account) right for you?
An HSA is a tax-advantaged, individually owned savings account that you can access to pay for a wide range of qualified medical expenses, when funded. These expenses may generally include your annual deductible and, if applicable, any out-of-pocket cost sharing for covered services. For many people, using an HSA is an effective way to manage the costs of health care. Not all plans are HSA eligible — visit bcbsil.com for more information.

Notice: Certain individuals who receive cost-sharing reductions under their benefit plan that have the effect of reducing the deductible below the federal government’s minimum deductible may not be eligible to contribute to a Health Savings Account. Please consult your tax advisor for further information.

All of our Insurance plans include prescription drug coverage
As a BCBSIL member, you enjoy:

Cost savings: Your benefits are based on a list of preferred drugs in our Preferred Drug List. You may pay less out-of-pocket when you choose medications from this list. Talk to your doctor about what is right for you.

Convenience: You can use your benefits at a broad network of contracting pharmacies. Just show your member ID card at the pharmacy to use your benefits.

Time savings: Maintenance medications are those drugs you may take on a regular basis. You can have up to a 90-day supply of these medications delivered directly to you through PrimeMail®.

Online resources: You can search the Preferred Drug List, find a pharmacy, see your claims and get an estimate of your cost for a medication 24/7 at bcbsil.com.

Each plan has different benefits, so be sure to choose the one that fits your needs best. Visit bcbsil.com for more information.

* As a reminder, Health Savings Accounts (HSA) have tax and legal ramifications. Blue Cross and Blue Shield of Illinois does not provide legal or tax advice and nothing herein should be construed as legal or tax advice. These materials, and any tax-related statements in them, are not intended or written to be used, and cannot be used or relied on for the purpose of avoiding tax penalties. Tax related statements, if any, may have been written in connection with the promotion or marketing of the transaction(s) or matter(s) addressed by these materials. You should seek advice based on your particular circumstances from an independent tax advisor regarding tax consequences of specific health insurance plans or products.
Blue Cross and Blue Shield of Illinois gives you choices to make sure your coverage fits you best. Learn more about any of the options below by visiting bcbsil.com or contacting your licensed agent.

**Find the choice that is right for you**
Choose the right individual health insurance plan for you and your family. Compare our plans to find the coverage you need at the cost that works best for you and your family.

**Find the doctor you want**
No matter which BCBSIL insurance plan you select, you’ll have many providers to choose from. And with a large percentage of Illinois doctors and hospitals participating in our networks, chances are very good that your current health care providers are included.

**Options for children**
BCBSIL offers insurance plans that will cover your children, even if you don’t need coverage yourself. Learn more at bcbsil.com.

**Blue Security PPO**
Some healthier people under age 30 may only need health insurance to protect against possible “catastrophic” situations such as accidents or emergency hospitalizations. There are restrictions as to who may qualify for this plan, so visit bcbsil.com to learn more about Blue Security PPO.

**BlueCare Dental**
BCBSIL has options to provide you and your family with dental coverage in addition to your health insurance. Our dental plans offer various levels of coverage for cleanings, sealants, space maintainers and bridges, as well as oral surgery and other dental services.
Get More than just Health Insurance

At Blue Cross and Blue Shield of Illinois, we are a partner in your wellness, and our goal is to help you live a better and healthier life. We work hard to provide our members with innovative, cost efficient and helpful tools to manage their health.

We offer programs to help you manage your account and stay healthier

Blue Access for Members℠ (BAM) is a special website where you can find more about your policy, see if claims have been settled, sign up for alerts about claim activity, print a temporary ID card, view up to 18 months of claims history and more.

Provider Finder® quickly find your nearest doctor, hospital, or clinic with this easy-to-use online tool.

Blue Access Mobile℠ use your mobile phone to find a doctor, hospital or urgent care facility, view ID cards, see your benefit information and get helpful tips to stay healthy.

BlueCard® helps protect you as you travel across the country and around the world.

Blue Care Connection® gives you the right support help to make the most of your physical and behavioral health care benefits and help to control your health issues.

Blue365® is our member discount program, offering you discounts on things like exercise equipment, health club and gym memberships, weight loss programs, stop-smoking programs, health products and more.

Utilizing health care services that work for you

To ensure the appropriate use of medical services, we provide utilization management and case management services. Information regarding services that require preauthorization, how to preauthorize and failure-to-preauthorize penalties is made available on bcbsil.com or by calling the toll-free Customer Service telephone number. For HMO plans, only services that are prescribed, directed or authorized in advance by the primary care physician (PCP) or BCBSIL are covered except for emergency care which does not require pre-authorization. In addition, female members can receive specialized care from an OB/GYN from the same network as the PCP without a referral.

Provider network limitations and exclusions

When you choose BCBSIL, you will have the choice of selecting either a PPO or HMO plan. Each plan has its own provider network, so it is important that you choose the plan with the provider network that fits your needs.

Networks vary, and may not include every doctor or hospital, so it is important to research your plan’s network. An HMO requires that you select a primary care physician or PCP to help coordinate your health care.

With an HMO, unless it is an emergency, if you use a doctor or hospital that is not in your network you will be responsible for the full cost of the care provided. If you have a PPO plan, you can receive care from a doctor or hospital outside your network, but your out-of-pocket costs will be higher than from providers in your network.

Get More Value

BCBSIL provides added value with programs and services that are included for each of our members.
