The Affordable Care Act and You

Millions of people have received health care coverage under the Affordable Care Act (ACA). Here are three things you should know:

1. **You may need to get insurance.**
   
   The Affordable Care Act requires most Americans to have health insurance. Not signing up for a 2016 health plan may result in a federal tax penalty. The penalties are expected to increase each year.

2. **You can get insurance.**
   
   The health care law creates options for many people to get coverage. And, you won’t be turned down because of a pre-existing health condition, such as asthma, heart disease or cancer.

3. **You may get help paying for it.**
   
   Your income and family size may qualify you for cost assistance, including a tax credit that lowers your monthly premium cost, and cost-sharing assistance to lower your out-of-pocket costs.

Do You Qualify for Financial Assistance?

Based on your income, family size and the health plan you choose, you may qualify for federal financial assistance when you buy a plan through Get Covered Illinois℠, the Official Health Marketplace. This could reduce – or even eliminate – your cost for your monthly premium. You can see if you are eligible by visiting the Marketplace.

Text **ILQUALIFY to 33633** to see if you qualify for federal financial assistance. Message and data rates may apply. Terms and conditions and privacy policy at bcbsil.com/important_info/.

How Do You Sign Up for Health Insurance?

When you are ready to choose your health insurance plan, go to **bcbsil.com**, where you can compare all our plans. Choose the one that works best for you and your family.

If you qualify for cost assistance, you will need to go directly to the Marketplace. You will see many choices for health insurance and can compare your options. After you learn about possible cost assistance and then choose a plan, you will see how much your share will be.

If you have more questions about the Affordable Care Act, you can visit **bcbsil.com**.

Find the choice that fits your budget and needs. Compare our plans to find the coverage you need at the cost that works for you and your family.

Health Insurance Plans to Fit Every Budget

We have four levels of health care plans available — bronze, silver, gold and platinum. Each plan has different benefits and costs, so be sure to choose the one that fits your needs best. All plans include the same essential health benefits.

What are Essential Health Benefits?

The Affordable Care Act requires that all health insurance plans sold on the Health Insurance Marketplace must cover certain basic services that are considered essential to good health. These include:

- Emergency services
- Prescription drugs
- Hospitalization
- Maternity and newborn care
- Rehabilitative services and devices
- Ambulatory services
- Laboratory services
- Mental health/substance use disorder benefits and services
- Preventive/wellness services and chronic disease management
- Pediatric services
Offering You More Choices

Find the doctor you want. Each BCBSIL plan comes with a choice of providers. And with a choice of Illinois doctors and hospitals in our networks, chances are good that your current health care providers are included.

HMO or PPO?

There are several kinds of health plans. The two most common are HMOs and PPOs. Here’s an overview of how a couple of these BCBSIL plans work.

<tr>
<th>HMO</th>
<th>PPO</th>
</tr>

<tr>
<td>• May have lower monthly premiums than PPO</td>
<td>• May have higher monthly premiums than HMO</td>

<tr>

<td>• A network of doctors and hospitals to choose from</td>
</tr>
<tr>
<td>• A Primary Care Physician (PCP) will coordinate your health care</td>

Networks vary and may not include every doctor or hospital in your area, so it is important to research your plan’s network before you buy.

Is an HSA* (Health Savings Account) Right for You?

An HSA is a special savings account that you can use to cover a wide range of qualified medical expenses. An HSA allows you to take charge of your health and be responsible for how you spend your health care dollars. For many people, using an HSA is an effective way to manage the costs of health care. Not all plans are HSA compatible. Visit bcbsil.com or speak with an independent, authorized agent to learn more.

Notice: Certain individuals who receive cost-sharing reductions under their benefit plan that have the effect of reducing the deductible below the federal government’s minimum deductible may not be eligible to contribute to a Health Savings Account. Please consult your tax adviser for more information.

Health Care Services That Work for You

To ensure the appropriate use of medical services, we provide utilization management and case management services. Information regarding services that require preauthorization or how to preauthorize is made available on bcbsil.com or by calling the toll-free Customer Service telephone number. In addition, female members can receive specialized care from an OB/GYN from the same network as the primary care physician (PCP) without a referral.
