Portability Premium Calculation Worksheet

You may continue an amount up to the full amount of your Supplemental/Voluntary Term Life benefit without evidence of insurability. Subject to satisfactory evidence of insurability under the Additional Purchase Option, if the group policy effective date is 4/1/03 or later, you may continue up to \$50,000 of your Basic Group Term Life benefit. To calculate your premium find the applicant's attained age and the corresponding basic quarterly premium per \$1,000 from the columns below. If you and/or your spouse have used cigarette or tobacco products within the last two years, the tobacco rates should be used in calculating the first modal premium. Multiply this premium by the number of thousands of dollars of insurance you plan to continue.
