You have the right to examine this Policy for a 10-day period after receiving it. If, for any reason, you are not satisfied with the health care benefit program described in this Policy, you may return the Policy and your identification card(s) to Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association, (herein called "Blue Cross and Blue Shield of Illinois," "Blue Cross and Blue Shield" and/or "BCBSIL") and void your coverage. Any premium that you had paid to Blue Cross and Blue Shield will be refunded to you provided that you do not receive any services or have any Claims paid under this Policy before the end of the 10-day period.

## **GUARANTEED RENEWABILITY**

Coverage under this Policy will be terminated for nonpayment of premiums as described below. Blue Cross and Blue Shield of Illinois may terminate or refuse to renew this Policy for any of the following reasons:

1. If every Policy that bears this Policy form number, is not renewed or if Blue Cross and Blue Shield ceases to offer a particular type of coverage in the individual market. If this should occur:
  - a. Blue Cross and Blue Shield will give you at least 90 days prior written notice, or such other notice, if any, permitted by applicable law or regulatory guidance.
  - b. You may convert to any other individual Policy offered to the individual market.
  - c. If Blue Cross and Blue Shield should terminate or refuse to terminate this Policy, it must do so uniformly without regard to any health status-related factor of covered individuals or dependents of covered individuals who may become eligible for coverage.
2. If Blue Cross and Blue Shield discontinues all health care coverage and does not renew all health insurance Policies, it issues or delivers for issuance in the individual market in the State of Illinois. If this should occur, Blue Cross and Blue Shield will give you at least 180 days prior written notice, or such other notice, if any, permitted by applicable law or regulatory guidance.
3. In the event of fraud or an intentional misrepresentation of material fact under the terms of this Policy. In this case, Blue Cross and Blue Shield will give you at least 30 days prior written notice, or such other notice, if any, permitted by applicable law or regulatory guidance.
4. You no longer reside, live or work in the Blue Cross and Blue Shield of Illinois' Network Service Area.
5. Failure to pay your premium in accordance with the terms of the Policy. When you renew Blue Cross and Blue Shield coverage or reenroll by selecting a new product (as defined by applicable law), you will need to be current on your premium payments. Any past due premium payments for coverage we provided must be paid no later than your Coverage Date for the new year, in addition to initial premium charges. New coverage will not be effective until all such payments are made.
6. Other reasons described in this Policy.

Blue Cross and Blue Shield will not terminate or refuse to renew this Policy because of the condition of your health.

### APPLYING FOR COVERAGE

You may apply for coverage for yourself and/or your eligible dependents (see below) by submitting the application(s) for individual medical insurance form along with any exhibits, appendices, addenda and/or other required information ("application(s)") to Blue Cross and Blue Shield. The application(s) for coverage may or may not be accepted. (Blue Cross and Blue Shield cannot use genetic information or require genetic testing in order to limit or deny coverage).

**No eligibility rules or variations in premium will be imposed based on your health status, medical condition, Claim experience, receipt of health care, medical history, genetic information, evidence of insurability, disability or any other health status related factor. You will not be discriminated against for coverage under this Policy on the basis of race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes or benefits of this Policy that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.**

You may enroll in or change coverage for yourself and/or your eligible dependents during one of the following enrollment periods. Your and/or your eligible family members effective date will be determined by Blue Cross and Blue Shield, depending upon the date your application is received, payment of the initial premiums no later than the day before the effective date of coverage and other determining factors.

### Annual Open Enrollment Period/Effective Date of Coverage

You may apply for or change coverage for yourself and/or your eligible dependents during the annual open enrollment period.

When you enroll during the annual open enrollment period, your and/or your eligible dependents effective date will be the following January 1, unless otherwise designated by Blue Cross and Blue Shield.

Coverage under this Policy is contingent upon timely receipt by Blue Cross and Blue Shield of necessary information and initial premium.

This provision "Annual Open Enrollment Period/Effective Date of Coverage" is subject to change by Blue Cross and Blue Shield, and/or applicable law, as appropriate.

### Special Enrollment Periods/Effective Dates of Coverage

Special enrollment periods have been designated during which you may apply for or change coverage for yourself and/or your eligible dependents. ### NOTIFICATION OF ELIGIBILITY CHANGES

It is your responsibility to notify Blue Cross and Blue Shield of any changes to your and/or your eligible dependents name or address or other changes to eligibility. Such changes may result in coverage/benefit changes for you and your eligible

spouse, party to a Civil Union, Domestic Partner and/or dependents. For example, if you move out of Blue Cross and Blue Shield's "Network Service Area". You must reside, live or work in the geographic "Network Service Area" designated by Blue Cross and Blue Shield. You may call the customer service number shown on the back of your identification card to determine if you live in the Network Service Area, or log on to Blue Cross and Blue Shield's website at [www.bcbsil.com](http://www.bcbsil.com).

## **YOUR BLUE CROSS AND BLUE SHIELD IDENTIFICATION CARD**

You will receive an identification card from Blue Cross and Blue Shield. Your identification card contains your identification number. Do not let anyone who is not named in your coverage use your card to receive benefits. If you want additional cards or need to replace a lost card, contact customer service or go to the Blue Cross and Blue Shield website at [www.bcbsil.com](http://www.bcbsil.com) and get a temporary card online. Always carry your identification card with you.

## **INDIVIDUAL COVERAGE**

If you have Individual Coverage, only your own health care expenses are covered, not the health care expenses of other members of your family including newborns.

## **FAMILY COVERAGE**

If you have Family Coverage, your health care expenses and those of your enrolled spouse and your (or your spouse's) enrolled children who are under age 26 will be covered. All of the provisions of this Policy that pertain to a spouse also apply to a party of a Civil Union. A Domestic Partner and his/her children who are under age 26 are also eligible dependents. All of the provisions of this Policy that pertain to a spouse also apply to a Domestic Partner.

"Child(ren)" used hereafter in this Policy, means a natural child(ren), a stepchild(ren), an adopted child(ren), a foster child(ren), a child(ren) of your Domestic Partner, a child(ren) who is in your custody under an interim court order prior to finalization of adoption or placement of adoption vesting temporary care, whichever comes first, a child of your child, a grandchild(ren), a child(ren) for whom you are the legal guardian under 26 years of age, regardless of presence or absence of a child's financial dependency, residency, student status, employment status, marital status, eligibility for other coverage or any combination of those factors.

In addition, enrolled unmarried children will be covered up to the age of 30 if they:

1. Live within the Blue Cross and Blue Shield's service area; and
2. Have served as an active or reserve member of any branch of the Armed Forces of the United States; and

Coverage for enrolled unmarried college students will continue to be provided for up to 12 months if he/she takes a medical leave of absence or reduces his/her course load to part-time status because of a serious illness or injury. Such continuation of coverage because of a serious illness or injury will terminate 12 months after notice of the illness or injury.

Newborn children will be covered from the moment of birth. Please notify Blue Cross and Blue Shield within 31 days of the birth so that your membership records can be adjusted.

Coverage for children will end on the last day of the period for which premium has been accepted.

Children who are under your legal guardianship or who are in your custody under an interim court order prior to finalization of adoption or placement of adoption vesting temporary care, whichever comes first, will be covered. In addition, if you have children who are not living with you but for whom you are required by law to provide health care coverage, those children will be covered.

Any children who are incapable of self-sustaining employment and are dependent upon you or other care Providers for lifetime care and supervision because of a disabling condition occurring prior to reaching the limiting age will be covered regardless of age as long as they were covered prior to reaching the limiting age as shown on your Schedule Page of this Policy.

This coverage does not include benefits for grandchildren (unless such children have been legally adopted or are under your legal guardianship).

## **PAYMENT OF PREMIUMS**

1. Premiums are due and payable on the due date.

2. The initial premium for Individual Coverage is based on your age at the time your coverage begins and the initial premium for Family Coverage is based on your age, your spouse's age or your party to a Civil Union or Domestic Partner's age and any eligible dependent children at the time coverage is applied for, as permitted by law.
3. Blue Cross and Blue Shield may establish a new premium for any of the benefits of this Policy on any of the following dates or occurrences:
  - a. Whenever the benefits of this Policy are increased, which may occur whenever required by applicable law or as directed by regulatory interpretation;
  - b. Whenever the number of persons covered under this Policy is changed;
  - c. Whenever you move your residence from one geographical rating area to another; or
  - d. Whenever there is a change in your eligible dependent's tobacco use.
4. If the ages upon which the premium is based have been misstated, an amount which will provide Blue Cross and Blue Shield with the correct premium from your Coverage Date shall be due and payable upon billing or receipt from Blue Cross and Blue Shield.
5. In the event you are not receiving an Advanced Premium Tax Credit, a grace period of 31 days or such other grace period, if any, permitted by applicable law or regulatory guidance will be granted for the payment of each premium falling due after the first premium, during which grace period this Policy shall continue in force, however, Claim Payments for Covered Services received during the grace period may be pended until full premium payment is made, and during the grace period your Providers and Pharmacies may require you to pay for your health care and prescription drug expenses in full. After the grace period, coverage under this Policy will automatically terminate on the last day of the coverage period for which premiums have been paid, unless coverage is extended as described below.

If you pay your premium in full during the grace period, then you may submit a Claim to Blue Cross and Blue Shield for any expenses that you paid to your Providers and pharmacies during the grace period. See the *How to File A Claim* section for additional information.

If you fail to pay premiums to Blue Cross and Blue Shield within the grace period, this Policy will automatically terminate. During such grace period this Policy will continue in force, subject to the right of Blue Cross and Blue Shield to terminate this Policy in accordance with the "Termination of Coverage" provision of this Policy. If coverage is terminated for non-payment of premium, any Claims received and paid for during the grace period will be billed to you.
6. In the event you are receiving an Advanced Premium Tax Credit, you have a three-month grace period, or such other grace period, if any, permitted by applicable law or regulatory guidance for paying the full premiums falling due after the first premium. If full premium is not paid for you and your eligible dependents within one month of the premium due date, Claim Payments for Covered Services received during the second and third month's grace period under this Policy will be pended until full premium payment is made. If full payment of the premium is not made within the three-month grace period, then coverage under this Policy will automatically terminate on the last day of the first month of the three-month grace period. During the grace period, Blue Cross and Blue Shield will:
  - a. Pay all appropriate Claims for services rendered during the first month of the grace period and may pend Claims for services rendered in the second and third months of the grace period, if any;
  - b. Notify the Department of Health and Human Services of such non-payment; and
  - c. Notify Providers of the possibility of denied Claims during the second and third months of your grace period, if any.

The grace periods and time periods during which your Claims will be pended are subject to change as permitted by applicable law, regulation or guidance.

The required premiums are determined and established by Blue Cross and Blue Shield based on your age, place of residence, tobacco use, and the number of dependents covered under this Policy according to the schedules filed with the Illinois Department of Insurance. Premiums will be calculated based on the age of each individual to be included under this Policy.

The grace periods and time periods during which your Claims will be pended are subject to change as permitted by applicable law, regulation or guidance.

Blue Cross and Blue Shield of Illinois does not accept payments of premium directly from third parties except for Permitted Premium Payments. Blue Cross and Blue Shield does not accept Prohibited Third Party Premium Payments.

Note: A Tobacco User may be subject to a premium increase of up to 1.5 times the rate applicable to those who are not Tobacco Users, to the extent permitted by applicable law or regulatory guidance, provided that Blue Cross and Blue Shield will provide an opportunity to offset such premium variation through participation in a wellness program to prevent or reduce Tobacco Use, if required by applicable law.

Your premium will not be adjusted more often than annually except for:

1. Changes to or as otherwise expressly permitted by state or federal laws and regulations;
2. Changes to coverage classification (for example, to a new age category or geographic location, for a change from non-smoking to a smoking category, or from a member coverage to a family member coverage type) ; or
3. After giving you 60 days written notice.

If premium is paid beyond the effective date of the premium change, Blue Cross and Blue Shield may require you to pay an additional premium or accept a refund (whichever is necessary). Premium payments should be sent to:

Blue Cross and Blue Shield of Illinois  
P. O. Box 3240  
Naperville, IL 60566-7240

Blue Cross and Blue Shield of Illinois does not accept payments of premium directly from third parties except for Permitted Premium Payments. Blue Cross and Blue Shield does not accept Prohibited Third Party Premium Payments.

### **When Premiums Are Not Paid on Time**

The grace period described above will be granted for the payment of each premium falling due after the first premium, during which grace period this Policy shall continue in force. After the grace period, coverage under this Policy will automatically terminate on the last day of the coverage period for which premiums have been paid, unless coverage is extended.

### **Refund Policy**

Your right to examine this Policy and receive premium refund are described in “The Right To Examine This Policy” provision of this Policy. Otherwise, premiums for coverage are not refundable unless you have paid premiums in advance and wish to cancel coverage (with 30 days prior notice) or in the case of the death of a member. The one-time application fee, if any, is also non-refundable.

### **REMOVING AN INDIVIDUAL FROM COVERAGE**

To remove a family member from coverage, you must submit a request to Blue Cross and Blue Shield. You may re-enroll these terminated individuals under this Policy only during the enrollment periods. Application(s) must be completed and signed by you, and submitted to and approved by Blue Cross and Blue Shield.

If an individual is being removed from coverage because of losing his/her eligibility under this Policy, the individual is eligible to re-enroll under this Policy only during the enrollment periods, as applicable, by submitting an application(s) to Blue Cross and Blue Shield and the Providers of care may recover benefits erroneously paid to you on behalf of the removed member during the period of time during which the individual was ineligible.

### **WHO IS NOT ELIGIBLE**

The following individuals are not eligible for this coverage:

1. Unless listed as an eligible dependent, no other family member, Domestic Partner, common-law spouse, relative, or person is eligible for coverage under this Policy;
2. Incarcerated individuals, other than incarcerated individuals pending disposition of charges;
3. Individuals that do not live, reside or work in the Network Service Area;
4. Individuals that do not meet Blue Cross and Blue Shield's eligibility requirements or residency standards; and
5. Individuals who are eligible to receive Medicare benefits are not eligible to enroll in this Plan, unless they fall within a Federal exception.

This provision “Who is Not Eligible” is subject to change by Blue Cross and Blue Shield and/or applicable law, as appropriate.

## RESCISSION OF COVERAGE

Any act, practice, or omission that constitutes fraud, or any intentional misrepresentation made by or on behalf of anyone seeking coverage under this Policy, may result in the cancellation of your coverage (and/or your dependent(s) coverage) retroactive to the effective date, subject to 30 days prior notification. A "Rescission" does not include other types of coverage cancellations, such as a cancellation of coverage due to failure to pay timely premiums towards coverage or cancellations attributable to routine eligibility and enrollment updates. In the event of such Rescission, Blue Cross and Blue Shield may deduct from the premium refund any amounts made in Claim Payments during this period and you may be liable for any Claim Payment amount greater than the total amount of premiums paid during the period for which Rescission is effected. At any time when Blue Cross and Blue Shield is entitled to rescind coverage already in force, Blue Cross and Blue Shield may make an offer to reform this Policy already in force or is otherwise permitted to make retroactive changes to this Policy and/or change the rating category/level. In the event of reformation, this Policy will be reissued retroactive in the form it would have been issued had the misstated or omitted information been known at the time of application. You have 180 days to appeal a Rescission or reformation of coverage. Please refer to the section *How To File A Claim* for information about your appeal rights concerning Rescission and/or reformation.

## REINSTATEMENT

Any applicant whose previous Blue Cross and Blue Shield contract was terminated for good cause is eligible to re-enroll in this Policy, only during the open enrollment and special enrollment period as applicable, by submitting application(s) to Blue Cross and Blue Shield.

When coverage lapses because you have not paid the premium, the terminated member(s) can apply for reinstatement of coverage by sending in the appropriate premium due. If you have included the necessary payment and no more than 60 days have elapsed since termination due to nonpayment of premium, coverage will be reinstated back to the date coverage lapsed. The reinstated Policy shall cover only loss resulting from such accidental injury as may be sustained after the date of the reinstatement and loss due to such sickness as may begin more than 10 days after such date.

If more than 60 days have elapsed since coverage was terminated, you will have to complete a new application(s) for each family member applying for coverage. Blue Cross and Blue Shield may accept or deny the application(s). You will be notified within 30 days of receipt of application of acceptance or declination of reinstatement. If notice is not sent within 30 days, reinstatement will be deemed approved.

## TERMINATION OF COVERAGE/WHEN COVERAGE ENDS

If your coverage is terminated for any reason, Blue Cross and Blue Shield will provide you with a notice of termination of coverage that includes the reason for termination at least 30 days prior to the last day of coverage, or such other notice, if any, permitted by applicable law or regulatory guidance except as otherwise provided in this Policy.

Blue Cross and Blue Shield will also notify the Exchange of the termination effective date and the reason for termination.

You and your eligible dependents' coverage will be terminated due to the following events and will end on the dates specified below:

1. You terminate your coverage in a QHP, including as a result of your obtaining other minimum essential coverage, with reasonable, appropriate notice to the Exchange and Blue Cross and Blue Shield. For purposes of this provision, reasonable notice is defined as 14 days from the requested effective date of determination.

The last day of coverage will be:

- a. The termination date specified by you, if you provide reasonable notice;
  - b. 14 days after the termination is requested by you, if you do not provide reasonable notice; or
  - c. On a date determined by Blue Cross and Blue Shield, if Blue Cross and Blue Shield is able to effectuate termination is fewer than 14 days and you request an earlier termination effective date.
2. When you are no longer eligible for QHP coverage through the Exchange. The last day of coverage is the last day of the month following the month in which the notice is sent by the Exchange, unless you request an earlier effective date.
  3. When Blue Cross and Blue Shield does not receive the premium payment on time or when there is a bank draft failure of premiums for your and/or your eligible dependents' coverage, and

- a. In the event you are receiving an Advanced Premium Tax Credit, the grace period (described above) for individuals receiving an Advanced Premium Tax Credit (described above) has been exhausted. The last day of coverage will be the last day of the first month of the grace period. Blue Cross and Blue Shield will pay all appropriate Claims for services rendered to you and/or your eligible dependents during the first month of the grace period and may pend Claims for service rendered to you and your eligible dependents in the second and third months of the grace period; or
  - b. In the event you are not receiving an Advanced Premium Tax Credit, after the 31-day grace period has been exhausted, the last day of coverage will be the last day of the coverage period for which premiums have been paid, unless coverage is extended as described below. Also, if coverage is terminated, any Claims received and paid for during the grace period will be billed to you. Blue Cross and Blue Shield applies its termination Policy for non-payment of premium uniformly to Enrollees in similar circumstances.
4. Your coverage has been rescinded. See the definition of “Rescission” for additional information in the *Definitions Section* of this Policy.
  5. This QHP terminates or is decertified.
  6. You change from this QHP to another during an annual open enrollment period or special enrollment period. The last day of coverage in this QHP is the day before the effective date of coverage in your new QHP.

The above termination events, Claim pend dates and coverage termination dates are subject to change as permitted by applicable law, or regulatory guidance.

If Blue Cross and Blue Shield ceases operations, Blue Cross and Blue Shield will be obligated for services for the rest of the period for which premiums were already paid.

Cancellation of your coverage under this Policy terminates the coverage of all your dependents under this Policy.

Except for nonpayment of premium, Blue Cross and Blue Shield will not terminate your coverage without giving you 30 days written notice. Also, if your coverage is cancelled (for reasons other than fraud or deception) and you have paid premium in advance on behalf of the affected member, Blue Cross and Shield will return to you, within 30 days, the appropriate pro rata portion of the premium, less any amounts due to Blue Cross and Blue Shield.

Benefits will not be provided for any services or supplies received after the date coverage terminates under this Policy, unless specifically stated otherwise in the benefit sections of this Policy or below under the heading “Extension of Benefits in Case of Discontinuance of Coverage”. However, termination of your coverage will not affect your benefits for any services or supplies that you received prior to your termination date.

#### **Extension of Benefits in Case of Discontinuance of Coverage**

If you are Totally Disabled at the time this Policy terminates, benefits will be provided for (and limited to) the Covered Services described in this Policy which are related to the disability. Benefits will be provided when no coverage is available under the succeeding carrier's Policy due to the absence of coverage in this Policy. Benefits will be provided for a period of no more than 12 months from the date of termination. These benefits are subject to all of the terms and conditions of this Policy including, but not limited to, the requirements regarding Primary Care Physician referral. It is your responsibility to notify Blue Cross and Blue Shield, and to provide, when requested by Blue Cross and Blue Shield, written documentation of your disability. This extension of benefits does not apply to the Outpatient Prescription Drug Program Benefits section of this Policy.

## **CHILD-ONLY COVERAGE**

Eligible children that have not attained age 21 may enroll as the Enrollee under this Policy. In such event, this Policy is considered child-only coverage and the following restrictions apply:

1. The parent or legal guardian is not covered and is not eligible for benefits under this Policy.
2. If a child covered under this Policy acquires a new eligible child of his/her own, the new eligible child may be enrolled in his/her own coverage if application for coverage is made within 60 days.
3. If a child is under the age of 18, his/her parent, legal guardian, or other responsible party must submit the application for child-only insurance form, along with any exhibits, appendices, addenda and/or other required information to Blue Cross and Blue Shield and the Exchange, as appropriate. For any child under 18 covered under this Policy, any obligations set forth in this Policy, any exhibits, appendices, addenda and/or other required information will be the obligations of the parent, legal guardian, or other responsible party applying for coverage on the child's behalf. Application for child-only coverage will not be accepted for an adult child who has attained age 21 as of the beginning of the calendar year. Adult children (at least 18 years of age but have not attained age 21) who are applying as the Enrollee under this Policy must apply for their own individual Policy and must sign or authorize the application(s).

## YOUR PRIMARY CARE PHYSICIAN

**YOUR PRIMARY CARE PHYSICIAN OR WOMAN'S PRINCIPAL HEALTH CARE PROVIDER IS AN INDEPENDENT CONTRACTOR, NOT AN EMPLOYEE OR AGENT OF YOUR BLUE CROSS HMO. YOUR PRIMARY CARE PHYSICIAN OR WOMAN'S PRINCIPAL HEALTH CARE PROVIDER RENDERS AND COORDINATES YOUR MEDICAL CARE. YOUR BLUE CROSS HMO IS YOUR BENEFIT PROGRAM, NOT YOUR HEALTH CARE PROVIDER.**

As a participant in this benefit program, a directory of Participating Individual Practice Associations (IPAs) or Participating Medical Groups is available to you. You can visit the Blue Cross and Blue Shield website at [www.bcbsil.com](http://www.bcbsil.com) for a list of Participating IPAs/Participating Medical Groups or you can request a copy of the Provider directory by contacting customer service.

At the time that you applied for this coverage, you selected a Participating Individual Practice Association (IPA) or a Participating Medical Group and a Primary Care Physician. If you enrolled in Family Coverage, then members of your family may select a different Participating IPA/Participating Medical Group. You must choose a Primary Care Physician for each of your family members from the selected Participating IPA/Participating Medical Group. In addition, female members also may choose a Woman's Principal Health Care Provider. You may also select a pediatrician as the Primary Care Physician for your dependent children from the same or a different Participating IPA/Participating Medical Group. A Woman's Principal Health Care Provider may be seen for care without referrals from your Primary Care Physician. However, your Primary Care Physician and your Woman's Principal Health Care Provider must be affiliated with or employed by your Participating IPA/Participating Medical Group.

Your Primary Care Physician is responsible for coordinating all of your health care needs. ## PHYSICIAN BENEFITS

This section lists the Covered Services under your Certificate. **Please note that services must be determined to be Medically Necessary by the Plan in order to be covered under this Certificate.** Coverage of items and services provided to you is subject to Blue Cross and Blue Shield of Illinois policies and guidelines, including, but not limited to, medical, medical management, utilization or clinical review, utilization management, and clinical payment and coding policies, which are updated throughout the plan year. These policies are resources utilized by Blue Cross and Blue Shield of Illinois when making coverage determinations and lay out the procedure and/or criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational/Unproven, cosmetic, or a convenience item. The clinical payment and coding policies are intended to ensure accurate documentation for services performed and require all Providers to submit Claims for services rendered using valid code combinations from Health Insurance Portability and Accountability Act ("HIPAA") approved code sets. Under the clinical payment and coding policies, Claims are required to be coded correctly according to industry standard coding guidelines including, but not limited to: Uniform Billing ("UB") Editor, American Medical Association ("AMA"), Current Procedural Terminology ("CPT®"), CPT® Assistant, Healthcare Common Procedure Coding System ("HCPCS"), ICD-10 CM and PCS, National Drug Codes ("NDC"), Diagnosis Related Group ("DRG") guidelines, Centers for Medicare and Medicaid Services ("CMS") National Correct Coding Initiative ("NCCI") Policy Manual, CCI table edits and other CMS guidelines. Any line on the Claim that is not correctly coded and is not supported with accurate documentation (where applicable) may not be included in the Covered Charge and will not be eligible for payment by the Plan. The clinical payment and coding policies apply for purposes of coverage regardless of whether the Provider rendering the item or service or submitting the Claim is participating or non-participating. The most up-to-date medical policies and clinical procedure and coding policies are available at <https://www.bcbsil.com/provider/standards/standard-requirements/medical-policy> and <https://www.bcbsil.com/Provider/standards/standard-requirements/clinical-payment-coding-policies> or by contacting a Customer Service Representative at the number shown on your Identification Card.

## **ABOUT YOUR BENEFITS**

### **Drug List**

Drugs listed on the *Drug List* are selected by Blue Cross and Blue Shield based upon the recommendations of a committee, which is made up of current and previously practicing Physicians and pharmacists from across the country, some of whom are employed by or affiliated with Blue Cross and Blue Shield. The committee considers existing drugs approved by the FDA, as well as those newly FDA approved for inclusion on the *Drug List*. Entire drug classes are also regularly reviewed. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost and how it compares with drugs currently on the *Drug List*.

Positive changes (e.g., adding drugs to the *Drug List*, drugs moving to a lower payment tier) occur quarterly after review by the committee. Changes to the *Drug List* that could have an adverse financial impact to you (e.g., drug exclusion, drug moving to a higher payment tier, or drugs requiring step therapy or prior authorization) occur only annually. However, when there has been a pharmaceutical manufacturer's recall or other safety concern, changes to the *Drug List* may occur more frequently.

The *Drug List* and any modifications will be made available to you. By accessing Blue Cross and Blue Shield's website at [www.bcbsil.com](http://www.bcbsil.com) or calling the customer service toll-free number on your identification card, you will be able to determine the *Drug List* that applies to you and whether a particular drug is on the *Drug List*.

To the extent required by law, and subject to change as described above, all Covered Drugs indicated for the treatment of Substance Use Disorders are subject to the lowest Coinsurance Amount/Copayment Amount for a Generic Drug, Brand Name Drugs or Specialty Drugs, as applicable.

Your prescribing health care Provider, or your authorized representative, can ask for a *Drug List* exception if your drug is not on (or is being removed from) the *Drug List* or the drug required as part of step therapy or dispensing limits has been found to be (or likely to be) not right for you or does not work as well in treating your condition. To request this exception, you, your prescribing Provider or your authorized representative, can call the number on the back of your identification card to ask for a review. Blue Cross and Blue Shield will let you, your prescribing Provider or authorized representative know the coverage decision within 72 hours after they receive your request. If the coverage request is denied, Blue Cross and Blue Shield will let you and your prescribing Provider (or authorized representative) know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals and external exception review process you will receive with the denial determination.

If you have a health condition that may jeopardize your life, health or keep you from regaining function, or your current drug therapy uses a non-covered drug, your prescriber may be able to ask for an expedited review process by marking the review as an urgent request. Blue Cross and Blue Shield will let you, your prescribing Provider or authorized representative know the coverage decision within 24 hours after they receive your request for an expedited review. If the coverage request is denied, Blue Cross and Blue Shield will let you and your prescribing Provider (or authorized representative) know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination. Call the number on the back of your identification card if you have any questions.

## **PRIOR AUTHORIZATION/STEP THERAPY REQUIREMENT**

Your Participating Provider is responsible for obtaining Prior Authorization, in those circumstances where authorization may be required. If Prior Authorization is not obtained and the services are denied as not Medically Necessary, the Participating Provider will be held responsible and will not be able to bill the Member for the services. For additional information about Prior Authorization for services outside of our services area, refer to the Other Blue Cross and Blue Shield Plans Separate Financial Policies Compliance Disclosure Requirements Notice in the NOTICES section of this Certificate.

When certain medications and drug classes, such as medications used to treat rheumatoid arthritis, growth hormone deficiency and hepatitis C are prescribed, you will be required to obtain authorization from Blue Cross and Blue Shield in order to receive benefits. Medications included in this program are subject to change and other medications for other conditions may be added to the program. Although you may currently be on therapy, your Claim may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of the brand name medication.

Blue Cross and Blue Shield's prescription drug administrator will send a questionnaire to your Physician upon your or your Pharmacy's request. The questionnaire must be returned to the prescription drug administrator who will review the questionnaire and determine whether the reason for the prescription meets the criteria for Medically Necessary care. You and your Physician will be notified of the prescription drug administrator's determination. Although you are not required to obtain authorization prior to purchasing the medication, you are strongly encouraged to do so, to help you and your doctor factor your cost into your treatment decision. If criteria for medical necessity is not met, coverage will be denied and you will be responsible for the full charge incurred.

To find out more about prior authorization/step therapy requirements or to determine which drugs or drug classes require prior authorization or step therapy, you should refer to the *Drug List* by accessing Blue Cross and Blue Shield's website at [www.bcbsil.com](http://www.bcbsil.com) or call the customer service toll-free number on your identification card. Please see the "Drug List" provision for more information about changes to the programs.

### **Controlled Substances Limitation**

If it is determined that you may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized safety or treatment guidelines, any coverage for additional drugs may be subject to review to assess whether Medically Necessary, appropriateness and coverage restrictions, which may include but not limited to limiting coverage to services provided by a certain Provider and/or Pharmacy for the prescribing and dispensing of the controlled substance medication and/or limiting coverage to certain quantities. For the purpose of this provision, controlled substance medications are medications classified or restricted by state or federal laws. Additional Coinsurance Amount and/or Copayment Amount and any deductible may apply.

### **Day Supply**

In order to be eligible for coverage under this Policy, the prescribed day supply must be Medically Necessary and must not exceed the maximum day supply limitation described in this Benefit section. Benefits under this benefit section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation. Coverage for Specialty Drugs are limited to a 30-day supply. However, some Specialty Drugs have FDA approved dosing regimens exceeding the 30-day supply limits and may be allowed greater than a 30 day-supply, if allowed by your plan benefits. For information on these drugs, call the customer service toll-free number located on your identification card. However, early prescription refills of topical eye medication used to treat a chronic condition of the eye will be eligible for coverage after at least 75% of the predicted days of use and the early refills requested do not exceed the total number of refills prescribed by the prescribing Physician or Optometrist. Benefits for prescription inhalants will not be restricted on the number of days before an inhaler refill may be obtained. However, you may receive coverage for up to a 12-month supply for dispensed contraceptive drugs and products that are covered under this benefit section. For additional information about early refills, please see the "Prescription Refills" provision below.

### **Multi-Category Split Fill Program**

If this is your first time using select medications in certain drug classes (e.g., medications for cancer multiple sclerosis, lung disorders etc.) or if you have not filled one of these medications within 120 days, you may only be able to receive a partial fill (14–15-day supply) of the medication for up to the first 3 months of therapy. This is to help see how the medication is working for you. If you receive a partial fill, your Copayments and/or Coinsurance after your deductible will be adjusted to align with the quantity of medication dispensed. If the medication is working for you and your Physician wants you to continue on this medication, you may be eligible to receive up to a 30-day supply after completing up to 3 months of the partial supply.

For a list of drugs that are included in this program, please visit the <https://www.bcbsil.com/rx-drugs/pharmacy/programs-hmo-members> website.

### **Dispensing Limits**

If a Prescription Order is written for a certain quantity of medication to be taken in a time period directed by your Physician, Dentist, Optometrist or Podiatrist, coverage will only be provided for a clinically appropriate pre-determined maximum quantity of medication for the specified amount of time. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

The maximum quantity of a given prescription drug means the number of units to be dispensed and is determined based on pertinent medical information and clinical efficacy and safety. Quantities of some drugs are restricted regardless of the quantity ordered by your Physician, Dentist, Optometrist or Podiatrist. To determine if a specific drug is subject to this limitation, you can refer to the *Drug List* by accessing Blue Cross and Blue Shield's website at [www.bcbsil.com](http://www.bcbsil.com) or call the customer service toll-free number on your identification card.

If you require a Prescription Order in excess of the dispensing limit established by Blue Cross and Blue Shield, ask your Physician, Dentist, Optometrist or Podiatrist to submit a request for clinical review on your behalf. The request will be approved or denied after evaluation of the submitted clinical information. Blue Cross and Blue Shield has the right to determine dispensing limits and they may change from time to time. Payment for benefits covered under this benefit section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

### **Prescription Refills**

You are entitled to synchronize your Prescription Order refills for one or more chronic conditions. Synchronization means the coordination of medication refills for two or more medications that you may be taking for one or more chronic conditions such that medications are refilled on the same schedule for a given period of time, if the following conditions are met:

1. The prescription drugs are covered under this Policy or have received an exception approval as described under the "*Drug List*" provision above;
2. The prescription drugs are maintenance medications and have refill quantities available to be refilled at the time of synchronization;
3. The medications are not Schedule II, III, or IV controlled substances as defined in the Illinois Controlled Substances Act;
4. All utilization management criteria (as described under the "Prior Authorization/Step Therapy Requirement" Provision above) for prescription drugs have been met;
5. The prescription drugs can be safely split into short-fill periods to achieve synchronization; and
6. The prescription drugs do not have special handling or sourcing needs that require a single, designated Pharmacy to fill or refill the Prescription Order.

When necessary to permit synchronization, Blue Cross and Blue Shield will prorate the Copayment Amount or Coinsurance Amount, on a daily basis, due for Covered Drugs based on the proportion of days the reduced Prescription Order covers to the regular day supply as shown on the Schedule Page of this Policy.

### **MedsYourWay™**

MedsYourWay™ ("MedsYourWay") may lower your out-of-pocket costs for select Covered Drugs purchased at select in-network retail Pharmacies. MedsYourWay is a program that automatically compares available drug discount card prices and prices under your benefit plan for select Covered Drugs and establishes your out-of-pocket cost to the lower price available. At the time you submit or pick up your Prescription, present your BCBSIL Identification Card to the pharmacist. This will identify you as a participant in MedsYourWay and allow you the lower price available for select Covered Drugs.

The amount you pay for your Prescription will be applied, if applicable, to your Deductible and out-of-pocket maximum. Available select Covered Drugs and drug discount card pricing through MedsYourWay may change occasionally but your cost with available select covered drugs through MedsYourWay will never be higher than the listed cost share on the schedule for the specific tier the drug is listed under. Certain restrictions may apply and certain Covered Drugs or drug discount cards may not be available for the MedsYourWay program. You may experience a different out-of-pocket amount for select Covered Drugs depending upon which retail pharmacy is utilized. For additional information regarding MedsYourWay, please contact a Customer Service Representative at the toll-free telephone number on the back of your Identification Card. Participation in MedsYourWay is not mandatory and you may choose not to participate in the program at any time by contacting your Customer Service Representative at the toll-free telephone number on the back of your Identification Card.

## **PREADMISSION CERTIFICATION AND CONCURRENT REVIEW**

Preadmission Certification and Concurrent Review are two programs that have been established to ensure that you receive the most appropriate and cost-effective health care.

### **PREADMISSION CERTIFICATION**

Preadmission Certification applies when you need to be admitted to a Hospital as an Inpatient in other than an emergency situation. Prior to your admission, your Primary Care Physician or Woman's Principal Health Care Provider must obtain approval of your admission from your Participating IPA/Participating Medical Group with which he/she is affiliated or employed. The Participating IPA/Participating Medical Group may recommend other courses of treatment that could help you avoid an Inpatient stay. It is your responsibility to cooperate with any recommendations made by the Participating IPA/Participating Medical Group.

### **CONCURRENT REVIEW**

Once you have been admitted to a Hospital as an Inpatient, your length of stay will be reviewed by the Participating IPA/Participating Medical Group. The purpose of that review is to ensure that your length of stay is appropriate given your diagnosis and the treatment that you are receiving. This is known as Concurrent Review.

If your Hospital stay is longer than the usual length of stay for your type of condition, your Participating IPA/Participating Medical Group will contact your Primary Care Physician or Woman's Principal Health Care Provider to determine whether there is a Medically Necessary reason for you to remain in the Hospital. Should it be determined that your continued stay in the Hospital is not Medically Necessary, you will be informed of that decision, in writing, and of the date that your benefits for that stay will end.

## EXCLUSIONS — WHAT IS NOT COVERED

## COORDINATION OF BENEFITS

Coordination of Benefits (COB) applies to this Benefit Program when you or your covered dependent has health care coverage under more than one Benefit Program. COB does not apply to the Outpatient Prescription Drug Program Benefits.

The order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this Benefit Program are determined before or after those of another Benefit Program. The benefits of this Benefit Program:

1. Shall not be reduced when, under the order of benefit determination rules, this Benefit Program determines its benefits before another Benefit Program; but
2. May be reduced when, under the order of benefits determination rules, another Benefit Program determines its benefits first. This reduction is described below in "When this Benefit Program is a Secondary Program."

In addition to the *Definitions Section* of this Policy, the following definitions apply to this section:

**Allowable Expense** – means a Covered Service, when the Covered Service is covered at least in part by one or more Benefit Program covering the person for whom the Claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under this definition unless your stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice or as specifically defined in the Benefit Program or if it is the only room available.

When a Benefit Program provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

**Benefit Program** – means any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

1. Individual or group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.
2. Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX of the Social Security Act).

Each contract or other arrangement under (i) or (ii) above is a separate benefit program. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Benefit Program.

**Claim Determination Period** – means a calendar year. However, it does not include any part of a year during which a person has no coverage under this Benefit Program, or any part of a year before the date this "COB" provision or a similar provision takes effect.

**Primary Program or Secondary Program** – means the order of payment responsibility as determined by the order of benefit determination rules.

When this Benefit Program is the Primary Program, its benefits are determined before those of the other Benefit Program and without considering the other program's benefits.

When this Benefit Program is a Secondary Program, its benefits are determined after those of the other Benefit Program and may be reduced because of the other program's benefits.

When there are more than two Benefit Programs covering the person, this Benefit Program may be a Primary Program as to one or more other programs and may be a Secondary Program as to a different program or programs.

### ORDER OF BENEFIT DETERMINATION

When there is a basis for a Claim under this Benefit Program and another Benefit Program, this Benefit Program is a Secondary Program that has its benefits determined after those of the other program, unless:

1. The other Benefit Program has rules coordinating its benefits with those of this Benefit Program; and
2. Both those rules and this Benefit Program's rules, described below, require that this Benefit Program's benefits be determined before those of the other Benefit Program.

This Benefit Program determines its order of benefit payments using the first of the following rules that applies:

**1. Non-Dependent or Dependent**

The benefits of the Benefit Program that covers the person as an employee, member or subscriber (that is, other than a dependent) are determined before those of the Benefit Program that covers the person as dependent, except that, if the person is also a Medicare beneficiary, Medicare is:

- a. Secondary to the Benefit Program covering the person as a dependent; and
- b. Primary to the Benefit Program covering the person as other than a dependent, for example a retired employee.

**2. Dependent Child if Parents not Separated or Divorced**

Except as stated in rule 3 below, when this Benefit Program and another Benefit Program cover the same child as a dependent of different persons, (i.e., "parent"):

- a. The benefits of the program of the parent whose birthday (month and day) falls earlier in a calendar year are determined before those of the program of the parent whose birthday falls later in that year; but
- b. If both parents have the same birthday, the benefits of the Benefit Program that covered the parent longer are determined before those of the Benefit Program that covered the other parent for a shorter period of time.

However, if the other Benefit Program does not have this birthday-type rule, but instead has a rule based upon gender of the parent, and if, as a result, the Benefit Programs do not agree on the order of benefits, the rule in the other Benefit Program will determine the order of benefits.

**3. Dependent Child if Parents Separated or Divorced**

If two or more Benefit Programs cover a person as a dependent child of divorced or separate parents, benefits for the child are determined in this order:

- a. First, the program of the parent with custody of the child;
- b. Then, the program of the spouse of the parent with custody of the child; and
- c. Finally, the program of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. The program of the other parent shall be the Secondary Program. This does not apply with respect to any Claim Determination Period or Benefit Program year during which any benefits are actually paid or provided before the entity has that actual knowledge. It is the obligation of the person Claiming benefits to notify the Blue Cross and Blue Shield and, upon its request, to provide a copy of the court decree.

**4. Dependent Child if Parents Share Joint Custody**

If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Benefit Programs covering the child shall follow the order of benefit determination rules outlined in 2 above.

**5. Young Adults as a Dependent**

For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, rule 8, "Length of Coverage" applies. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule of rule 2 to the dependent child's parent or parents and the dependent's spouse.

**6. Active or Inactive Employee**

The benefits of neither a Benefit Program that covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Benefit Program that covers that person as a

laid-off or retired employee (or as that employee's dependent). If the other Benefit Program does not have this rule, and if, as a result, the Benefit Programs do not agree on the order of benefits, this rule shall not apply.

## 7. Continuation Coverage

If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Benefit Program, the following shall be the order of benefit determination:

- a. First, the benefits of a Benefit Program covering the person as an employee, member or subscriber (or as that person's dependent);
- b. Second, the benefits under the continuation coverage.

If the other Benefit Program does not contain the order of benefits determination described within this section, and if, as a result, the programs do not agree on the order of benefits, this requirement shall be ignored.

## 8. Length of Coverage

If none of the rules in this section determines the order of benefits, the benefits of the Benefit Program that covered an employee, member or subscriber longer are determined before those of the Benefit Program that covered that person for the shorter term.

### **WHEN THIS BENEFIT PROGRAM IS A SECONDARY PROGRAM**

In the event this Benefit Program is a Secondary Program as to one or more other Benefit Programs, the benefits of this Benefit Program may be reduced.

The benefits of this Benefit Program will be reduced when:

1. The benefits that would be payable for the Allowable Expenses under this Benefit Program in the absence of this "COB" provision; and
2. The benefits that would be payable for the Allowable Expenses under the other Benefit programs, in the absence of provisions with a purpose like that of this COB provision, whether or not a Claim is made;

exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Benefit Program will be reduced so that they and the benefits payable under the other Benefit Programs do not total more than those Allowable Expenses.

When the benefits of this Benefit Program are reduced as described, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Program.

### **RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION**

Certain facts are needed to apply these COB rules. Blue Cross and Blue Shield has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Blue Cross and Blue Shield need not tell, or get the consent of, any person to do this. Each person Claiming benefits under this Benefit Program must give Blue Cross and Blue Shield any facts it needs to pay the Claim.

### **FACILITY OF PAYMENT**

A payment made under another Benefit Program may include an amount that should have been paid under this Benefit Program. If it does, Blue Cross and Blue Shield may pay that amount to the organization that made the payment under the other Benefit Program. That amount will then be treated as though it were a benefit paid under this Benefit Program. Blue Cross and Blue Shield will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

### **RIGHT OF RECOVERY**

If the amount of payments made by Blue Cross and Blue Shield is more than it should have paid under this "COB" provision, it may recover the excess from one or more of:

1. The persons it has paid;
2. Insurance companies; or
3. Other organizations.

The foregoing notwithstanding, you will only be responsible for any applicable Copayments, deductibles or Coinsurance as described in this Policy.

The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

**PLEASE NOTE, YOU MAY BE ENTITLED TO RECEIVE ADDITIONAL BENEFITS**

The amount by which your benefits under this Benefit Program have been reduced is called your "savings." Savings can be used to pay for services that are not covered under this Benefit Program provided that the services are covered under another Benefit Program and were not completely paid for under that Benefit Program. Savings can only be used to pay for services rendered in the same calendar year in which the Claim that earned the savings is actually processed.

Please notify Blue Cross and Blue Shield, by calling customer service, if there are expenses incurred during this calendar year which may entitle you to these additional benefits.

## HOW TO FILE A CLAIM

When you receive care from your Primary Care Physician or from another Provider who is affiliated with your Participating IPA/Participating Medical Group, or from your Woman's Principal Health Care Provider, a Claim for benefits does not have to be filed with Blue Cross and Blue Shield. All you have to do is show your Blue Cross and Blue Shield identification card to your Provider. However, to receive benefits for care from another Physician or Provider, you must be referred to that Provider by your Primary Care Physician or Woman's Principal Health Care Provider.

When you receive care from Providers outside of your Participating IPA/Participating Medical Group (i.e. emergency care, medical supplies), usually all you have to do to receive your benefits under this Policy is to, again, show your Blue Cross and Blue Shield identification card to the Provider. Any Claim filing required will be done by the Provider.

There may be situations when you have to file a Claim yourself (for example, if a Provider will not file one for you). To do so, send the following to Blue Cross and Blue Shield:

1. An itemized bill from the Hospital, Physician or other Provider (including the Provider's name and address, the patient's name, the diagnosis (including appropriate codes), the date of service, a description of the service (including appropriate codes) and the Claim Charge);
2. The eligible person's name and Blue Cross and Blue Shield identification number;
3. The patient's name, age and sex; and
4. Any additional relevant information.

Mail all of that information to:

Blue Cross and Blue Shield  
300 East Randolph Street  
Chicago, Illinois 60601-5099

In any case, it is your responsibility to make sure that the necessary Claim information has been provided to Blue Cross and Blue Shield. Claims must be filed no later than December 31st of the calendar year following the year in which the Covered Service was rendered. For the purposes of this filing time limit, Covered Services rendered in December will be considered to have been rendered in the next calendar year.

If you have any questions about a Claim, call customer service at 1-800-892-2803.

### FILING OUTPATIENT PRESCRIPTION DRUG PROGRAM CLAIMS

In certain situations, you will have to file your own Claims in order to obtain benefits under the Outpatient Prescription Drug Program. This is primarily true when you did not receive an identification card, the Pharmacy was unable to transmit a Claim or you received benefits from a Non-Participating Prescription Drug Provider. To do so, follow these instructions:

1. Complete an Outpatient Prescription Drug Program Claim Form. These forms are available from Blue Cross and Blue Shield.
2. Attach copies of all Pharmacy receipts to be considered for benefits. These receipts must be itemized.
3. Mail the completed Claim Form with attachments to:

Prime Therapeutics  
P. O. Box 25136  
Lehigh Valley, PA 18002-5136

In any case, Claims must be filed no later than one year after the date a service is received. Claims not filed within one year from the date a service is received, will not be eligible for payment.

### INTERNAL CLAIMS DETERMINATIONS AND APPEALS PROCESS INITIAL CLAIMS DETERMINATIONS

Blue Cross and Blue Shield will usually process all Claims according to the terms of the benefit program within 30 days of receipt of all information required to process a Claim. In the event that Blue Cross and Blue Shield does not process a Claim within this 30-day period, you or the valid assignee shall be entitled to interest at the rate of 9% per year, from the 30th day after the receipt of all Claim information until the date payment is actually made. However, interest payment will not be made if the amount is \$1.00 or less. Blue Cross and Blue Shield will usually notify you, your valid assignee, or your authorized representative when all information required to process a Claim in accordance with the terms of the benefit program within

30 days of the Claim's receipt has not been received. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provision in the *Other Things You Should Know* section of this Policy.)

### **If a Claim Is Denied or Not Paid in Full**

If the Claim for benefit is denied in whole or in part, you or your authorized representative shall be notified in writing of the following:

1. The reasons for determination;
2. A reference to the benefit plan provisions on which the denial is based, or the contractual, administrative or protocol for the determination;
3. A description of additional information which may be necessary to perfect the Claim and an explanation of why such material is necessary;
4. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
5. An explanation of Blue Cross and Blue Shield's internal review/appeals and external review processes (and how to initiate a review/appeal or external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on internal review/appeal. Specifically, this explanation will include:
  - a. An explanation that if your case qualified for external review, an Independent Review Organization will review your case (including any data you'd like to add);
  - b. An explanation that you may ask for an external review with an Independent Review Organization (IRO) not associated with Blue Cross and Blue Shield if your appeal was denied based on any of the reasons below. You may also ask for external review if Blue Cross and Blue Shield failed to give you a timely decision (see d. below), and your Claim was denied for one of these reasons:
    - i. A decision about the medical need for or the Experimental status of a recommended treatment
    - ii. Your health care coverage was rescinded. For additional information, see the definition of Rescission in the *Definitions Section* of this Policy.

To ask for an external review, complete the Request for External Review form that will be provided to you and available at [insurance.illinois.gov/external-review](http://insurance.illinois.gov/external-review) and submit it to the Department of Insurance at the address shown below for external reviews;

- c. An explanation that you may ask for an expedited (urgent) external review if:
    - i. Failure to get treatment in the time needed to complete an expedited appeal or an external review would seriously harm your life, health or ability to regain maximum function;
    - ii. Blue Cross and Blue Shield failed to give you a decision within 48 hours of your request for an expedited appeal; or
    - iii. The request for treatment is Experimental or Investigational and your health care Provider states in writing that the treatment would be much less effective if not promptly started;
  - d. If the written notice is for a Final Adverse Determination, the notice will include an explanation that you may ask for an expedited (urgent) external review if the Final Adverse Determination concerns an admission, availability of care, continued stay, or health care service for which the Enrollee received Emergency Services, but has not been discharged from a facility;
  - e. Decisions on standard appeals are considered timely if Blue Cross and Blue Shield sends you a written decision for appeals that need medical review within 15 business days after we receive any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you've already received the service. Decisions on expedited appeals are considered timely if Blue Cross and Blue Shield sends you a written decision with 48 hours of your request for an expedited appeal.
6. In certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other

benefit information may be available (upon request) in such non-English language(s);

7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by Blue Cross and Blue Shield;
8. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claim for benefits;
9. Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
10. An explanation of the scientific or clinical judgment relied on in the determination as applied to Claimant's medical circumstances, if the denial was based on medical necessity, Experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
11. In the case of a denial of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such Claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the Claimant within three days of oral notification; and

## INQUIRIES AND COMPLAINTS

An "Inquiry" is a general request for information regarding Claims, benefits, or membership. A "Complaint" is an expression of dissatisfaction by you either orally or in writing.

Blue Cross and Blue Shield has a team available to assist you with Inquiries and Complaints. Issues may include, but are not limited to, the following:

1. Claims; and
2. Quality of care.

When your Complaint relates to dissatisfaction with a Claim denial (or partial denial), then you have the right to a Claim review/appeal as described in the **CLAIM APPEAL PROCEDURES**.

To pursue an Inquiry or a Complaint, you may contact customer service at the number on the back of your identification card, or you may write to:

Blue Cross and Blue Shield of Illinois

Chicago, Illinois 60601

When you contact customer service to pursue an Inquiry or Complaint, you will receive a written acknowledgement of your call or correspondence. You will receive a written response to your Inquiry or Complaint within 30 days of receipt by customer service. Sometimes the acknowledgement and the response will be combined. If Blue Cross and Blue Shield needs more information, you will be contacted. If a response to your Inquiry or Complaint will be delayed due to the need for additional information, you will be contacted. If an Inquiry or Complaint is not resolved to your satisfaction, you may appeal to Blue Cross and Blue Shield.

**Timing of Required Notices and Extensions**

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

1. **Urgent Care Clinical Claim** is any pre-service Claim for benefits for Medical Care or treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life or health of the Claimant or the ability of the Claimant to regain maximum function or, in the opinion of a Physician with knowledge of the Claimant's medical condition, would subject the Claimant to severe pain that cannot be adequately managed without the care or treatment.
2. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining Medical Care.
3. **Post-Service Claim** is notification in a form acceptable to Blue Cross and Blue Shield that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim Charge, and any other information which Blue Cross and Blue Shield may request in connection with services rendered to you.

### CLAIM APPEAL PROCEDURES

#### Claim Appeal Procedures - Definitions

An "Adverse Benefit Determination" means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate. If an Ongoing Course of Treatment had been approved by Blue Cross and Blue Shield and Blue Cross and Blue Shield reduces or terminates such treatment (other than by amendment or termination of the benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium. Please refer to the provision entitled "Rescission of Coverage" in the *Eligibility and Premium Information* section of this Policy for additional information.

In addition, an Adverse Benefit Determination, also includes an "Adverse Determination." An "Adverse Determination" means:

1. a determination by Blue Cross and Blue Shield or its designated utilization review organization that, based upon the information provided, a request for a benefit under Blue Cross and Blue Shield's health benefit plan upon application of any utilization review technique does not meet Blue Cross and Blue Shield's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or it is determined to be Experimental or Investigational and the requested benefit is therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part, for the benefit; or
2. the denial, reduction, or termination of or failure to provide or make payment, in whole or in part, for a benefit based on a determination by Blue Cross and Blue Shield or its designee utilization review organization that a preexisting

condition was present before the effective date of coverage; or

3. a Rescission of coverage. Please refer to the provision entitled "Rescission of Coverage" in the *Eligibility and Premium Information* section of this Policy for additional information.

### **Expedited Clinical Appeals**

If your situation meets the definition of an expedited Clinical Appeal, you may be entitled to an appeal on an expedited basis. An expedited Clinical Appeal is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care Provider, that if a decision is denied, may significantly increase the risk to your health, as well as continued Hospitalization. Before authorization of benefits for an Ongoing Course of Treatment is terminated or reduced, Blue Cross and Blue Shield will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the Ongoing Course of Treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent Clinical Appeal, Blue Cross and Blue Shield will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Blue Cross and Blue Shield will render a decision on the appeal within 24 hours after it receives the requested information, but in no event more than 48 hours after the appeal has been received by Blue Cross and Blue Shield.

### **How to Appeal an Adverse Benefit Determination**

You have the right to seek and obtain a review of any determination of a Claim, any determination of a request for preauthorization, or any other determination made by Blue Cross and Blue Shield in accordance with the benefits and procedures detailed in your health benefit plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care Provider may appeal on his/her own behalf. Under your Health Benefit Plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call Blue Cross and Blue Shield at the number on the back of your identification card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe Blue Cross and Blue Shield incorrectly denied all or part of your benefits, you may have your Claim reviewed. Blue Cross and Blue Shield will review its decision in accordance with the following procedure:

1. Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to Blue Cross and Blue Shield to request a Claim review. Blue Cross and Blue Shield will need to know the reasons why you do not agree with the Adverse Benefit Determination.
2. In support of your Claim review, you have the option of presenting evidence and testimony to Blue Cross and Blue Shield. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the Claim review process.

Blue Shield may extend the time period described in this Policy for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal will be conducted by individuals associated with Blue Cross and Blue Shield and/or by external advisors, but who were not involved in making the initial denial of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the Claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by Blue Cross and Blue Shield.

### **Timing of Non-Urgent Appeal Determinations**

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, Blue Cross and Blue Shield will notify the party filing the appeal within three business days of all the information needed to review the appeal.

Blue Cross and Blue Shield will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 15 business days after receipt of all required information. #### **INDEPENDENT EXTERNAL REVIEW**

You or your authorized representative may make a request for a standard external review or expedited external review of an Adverse Determination or Final Adverse Determination by an independent review organization (IRO).

A “**Final Adverse Determination**” means an Adverse Determination involving a Covered Service that has been upheld by Blue Cross and Blue Shield or its designated utilization review organization, at the completion of Blue Cross and Blue Shield’s internal grievance process procedures.

### 1. **Standard External Review**

You or your authorized representative must submit a written request for a standard external independent review to the Illinois Department of Insurance (“IDOI”) within 4 months of receiving an Adverse Determination or Final Adverse Determination. Your request should be submitted to the Illinois Department of Insurance at the following address:

Illinois Department of Insurance  
Office of Consumer Health Insurance  
320 West Washington Street 4th Floor  
Springfield, Illinois 62767  
(877) 850-4740 Toll-free phone  
(217) 557-8495 Fax number  
DOI.externalreview@illinois.gov Email address  
<https://mc.insurance.illinois.gov/messagecenter.nsf>

You may submit additional information or documentation to support your request for the health care services. Within one business day after the date of receipt of the request, the IDOI will send a copy of the request to Blue Cross and Blue Shield.

### 2. **Preliminary Review.**

Within five business days of receipt of the request from the IDOI, Blue Cross and Blue Shield will complete a preliminary review of your request to determine whether:

- a. You were an Enrollee at the time health care service was requested or provided;
- b. The service that is the subject of the Adverse Determination or the Final Adverse Determination is a Covered Service under this benefit program, but Blue Cross and Blue Shield has determined that the health care service is not covered;
- c. You have exhausted Blue Cross and Blue Shield’s internal appeal process, unless you are not required to exhaust Blue Cross and Blue Shield’s internal appeal process pursuant to the Illinois Health Carrier External Review Act; and
- d. You have provided all the information and forms required to process an external review.

For appeals relating to a determination based on treatment being Experimental or Investigational, Blue Cross and Blue Shield will complete a preliminary review to determine whether the requested service or treatment that is the subject of the Adverse Determination or Final Adverse Determination is a Covered Service, except for Blue Cross and Blue Shield’s determination that the service or treatment is Experimental or Investigational for a particular medical condition and is not explicitly listed as an excluded benefit. In addition, your health care Provider has certified that one of the following situations is applicable:

- a. Standard health care services or treatments have not been effective in improving your condition;
- b. Standard health care services or treatments are not medically appropriate for you; or
- c. There is no available standard health care services or treatment covered by Blue Cross and Blue Shield that is more beneficial than the recommended or requested service or treatment.
- d. In addition, a) your health care Provider has certified in writing that the health care service or treatment is likely to be more beneficial to you, in the opinion of your health care Provider, than any available standard health care services or treatments; or b) your health care Provider, who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat your condition has certified in writing that scientifically valid studies using accepted protocols demonstrate that the health care service or treatment requested is likely to be more beneficial to you than any available standard health care services or treatments.

3. **Notification.** Within one business day after completion of the preliminary review, Blue Cross and Blue Shield shall notify the IDOI, you and your authorized representative, if applicable, in writing whether the request is complete and eligible for an external review. If the request is not complete or not eligible for an external review, the IDOI, you and

your authorized representative shall be notified by Blue Cross and Blue Shield in writing of what materials are required to make the request complete or the reason for its ineligibility. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, the IDOI's decision shall be in accordance with the terms of your benefit program (unless such terms are inconsistent with applicable laws) and shall be subject to all applicable laws.

4. **Assignment of IRO.** When the IDOI receives notice that your request is eligible for external review following the preliminary review, the IDOI will, within one business day after the receipt of the notice, a) assign an IRO on a random basis from those IROs approved by the IDOI; and (b) notify Blue Cross and Blue Shield, you and your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Within five business days after the date of receipt of the notice provided by the IDOI of assignment of an IRO, Blue Cross and Blue Shield shall provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may, within five business days following the date of receipt of the notice of assignment of an IRO, submit in writing to the assigned IRO additional information that the IRO shall consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after five business days. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within five business days, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. A failure by Blue Cross and Blue Shield or designated utilization review organization to provide the documents and information to the IRO within five business days shall not delay the conduct of the external review. Within one business day after making the decision to end the external review, the IRO shall notify Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

If you or your authorized representative submitted additional information to the IRO, the IRO shall forward the additional information to Blue Cross and Blue Shield within one business day of receipt from you or your authorized representative. Upon receipt of such information, Blue Cross and Blue Shield may reconsider the Adverse Determination or Final Adverse Determination. Such reconsideration shall not delay the external review. Blue Cross and Blue Shield may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, Blue Cross and Blue Shield shall notify the IDOI, the IRO, you, and if applicable, your authorized representative of its decision to reverse the determination.

5. **IRO's Decision.** In addition to the documents and information provided by Blue Cross and Blue Shield and you, or if applicable, your authorized representative, the IRO shall also consider the following information if available and appropriate:

- a. Your pertinent medical records;
- b. Your health care Provider's recommendation;
- c. Consulting reports from appropriate health care Providers and other documents submitted to Blue Cross and Blue Shield or its designated utilization review organization, you, your authorized representative or your treating Provider;
- d. The terms of coverage under the benefit program;
- e. The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
- f. Any applicable clinical review criteria developed and used by Blue Cross and Blue Shield or its designated utilization review organization; and
- g. The opinion of the IRO's clinical reviewer or reviewers after consideration of the items described above.

Within one business day after the receipt of notice of assignment to conduct an external review with respect to a denial of coverage based on a determination that the health care service or treatment recommended or requested is Experimental or Investigational, the IRO will select one or more clinical reviewers, as it determines is appropriate, to conduct the external review, which clinical reviewers must meet the minimum qualifications set forth in the Illinois

Health Carrier External Review Act, and neither you, your authorized representative, if applicable, nor Blue Cross and Blue Shield will choose or control the choice of the Physicians or other health care professionals to be selected to conduct the external review. Each clinical reviewer will provide a written opinion to the IRO within 20 days after being selected by the IRO to conduct the external review on whether the recommended or requested health care service or treatment should be covered.

The IRO will make a decision within 20 days after the date it receives the opinion of each clinical reviewer, which will be determined by the recommendation of a majority of the clinical reviewers.

Within five days after the date of receipt of the necessary information, but in no event more than 45 days after the date of receipt of request for an external review, the IRO will render its decision to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable, of its decision.

With respect to Experimental or Investigational services or treatments, the IRO will make a decision within 20 days after the date it receives the opinion of each clinical reviewer, which will be determined by the recommendation of a majority of the clinical reviewers.

The written notice will include:

1. A general description of the reason for the request for external review;
2. The date the IRO received the assignment from the IDOI;
3. The time period during which the external review was conducted;
4. References to the evidence or documentation including the evidence-based standards, considered in reaching its decision or, in the case of external reviews of Experimental or Investigational services or treatments, the written opinion of each clinical reviewer as to whether the recommended or requested health care service or treatment should be covered and the rationale for the reviewer's recommendation;
5. The date of its decisions;
6. The principal reason or reasons for its decision, including what applicable, if any, evidence-based standards that were a basis for its decision; and
7. The rationale for its decision.

Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review.

The IRO is not bound by any Claim determinations reached prior to the submission of information to the IRO. The IDOI, you, your authorized representative, if applicable, and Blue Cross and Blue Shield will receive written notice from the IRO. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

**1. Expedited External Review**

If you have a medical condition where the timeframe for completion of (a) an expedited internal review of an appeal involving an Adverse Determination; (b) a Final Adverse Determination; or, (c) a standard external review as described above, would seriously jeopardize your life or health or your ability to regain maximum function, then you or your authorized representative may file a request for an expedited external review by an IRO not associated with Blue Cross and Blue Shield. In addition, if a Final Adverse Determination concerns an admission, availability of care, continued stay or health care service for which you received Emergency Services, but have not been discharged from a facility, then you or your authorized representative may request an expedited external review. You or your authorized representative may file the request immediately after a receipt of notice of a Final Adverse Determination if Blue Cross and Blue Shield fails to provide a decision on a request for an expedited internal appeal within 48 hours.

**Medically Necessary Determination**

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be based on generally accepted medical standards. Should the BCBSIL Physician concur that the Inpatient care or other health care services or supplies are not Medically Necessary, written notification of the decision, and your right to request an external review, will be provided to you, your authorized representative, if any, your Physician, and/or the Hospital or other Provider, within 24 hours, and will specify the dates that are not in Benefit. For further details regarding Medically Necessary care and other exclusions from coverage under this Policy, refer to section entitled, *“Exclusions and Limitations.”*

Note: If benefits for Mental Illness or Substance Use Disorders are denied on the grounds that they are not Medically Necessary, you may request an expedited external review.

You may also request an expedited external review if a Final Adverse Determination concerns a denial of coverage based on the determination that the treatment or service in question is considered Experimental or Investigational and your health care Provider certifies in writing that the treatment or service would be significantly less effective if not started promptly.

Expedited external review will not be provided for retrospective adverse or final adverse determinations.

Your request for an expedited independent external review may be submitted to the IDOI either orally (by calling 877- 850-4740) or in writing as set forth above for requests for standard external review.

- 2. Notification.** Upon receipt of a request for an expedited external review, the IDOI shall immediately send a copy of the request to Blue Cross and Blue Shield. Blue Cross and Blue Shield shall immediately notify the IDOI, you and your authorized representative, if applicable, whether the expedited request is complete and eligible for an expedited external review. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for expedited external review and require that it be referred for an expedited external review. In making such determination, the IDOI's decision shall be in accordance with the terms of the benefit program (unless such terms are inconsistent with applicable law) and shall be subject to all applicable laws.

3. **Assignment of IRO.** If your request is eligible for expedited external review, the IDOI shall immediately assign an IRO on a random basis from the list of IROs approved by the IDOI; and immediately notify Blue Cross and Blue Shield of the name of the IRO.

Upon receipt from the IDOI of the name of the IRO assigned to conduct the external review, Blue Cross and Blue Shield or its designated utilization review organization shall immediately, (but in no case more than 24 hours after receiving such notice) provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination within 24 hours or additional information may accompany the request for an expedited independent external review. In addition, you or your authorized representative may submit additional information in writing to the assigned IRO within 24 hours or additional information may accompany the request for an expedited independent external review. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within 24 hours, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, the IRO shall notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

As expeditiously as your medical condition or circumstances requires (but in no event more than 72 hours after the date of receipt of the request for an expedited external review), the assigned IRO will render a decision whether or not to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative. If the initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield and, if applicable, your authorized representative, including all the information outlined under the standard process above.

If the external review was a review of Experimental or Investigational treatments, each clinical reviewer shall provide an opinion orally or in writing to the assigned IRO as expeditiously as your medical condition or circumstances requires, but in no event more than five calendar days after being selected. Within 48 hours after the date it receives the opinion of each clinical reviewer, the IRO will make a decision and provide notice of the decision either orally or in writing to the IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable.

If the IRO's initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield and, if applicable, your authorized representative.

The assigned IRO is not bound by any decisions or conclusions reached during Blue Cross and Blue Shield's utilization review process or Blue Cross and Blue Shield's internal appeal process. Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

An external review decision is binding on Blue Cross and Blue Shield. An external review decision is binding on you, except to the extent you have other remedies available under applicable federal or state law. You and your authorized representative may not file a subsequent request for external review involving the same Adverse Determination or Final Adverse Determination for which you have already received an external review decision.

## OTHER THINGS YOU SHOULD KNOW

### THIRD PARTY RECOVERY

**Blue Cross and Blue Shield is assigned the right to recover for a sickness or injury from a third party, or his/her insurer, only to the extent of the benefits paid by Blue Cross and Blue Shield for such sickness or injury.**

You are required to furnish any information or assistance or provide any documents that Blue Cross and Blue Shield may reasonably require in order to obtain its rights under this provision. This provision applies whether or not the third party admits liability.

### BLUE CROSS AND BLUE SHIELD'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

Blue Cross and Blue Shield has contracts with certain Providers and other suppliers of goods and services for the provision of and/or payment for health care goods and services to all persons entitled to health care benefits under individual and group policies or contracts to which Blue Cross and Blue Shield is a party.

Under certain circumstances described in its contracts with such Providers and suppliers, Blue Cross and Blue Shield may:

1. Receive substantial payments from Providers or suppliers with respect to goods, supplies and services furnished to all such persons for which Blue Cross and Blue Shield was obligated to pay the Provider or supplier;
2. Pay Providers or suppliers substantially less than their Claim Charges for goods or services, by discount or otherwise; or
3. Receive from Providers or suppliers other substantial allowances under Blue Cross and Blue Shield's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by Blue Cross and Blue Shield under this Policy and the calculation of all required deductible and Coinsurance amounts payable by you under this Policy shall be based on the Provider's Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Blue Cross and Blue Shield may receive such payments, discounts and/or other allowances during the term of this Policy. You are not entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Providers work, please consider the following example:

1. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is \$1,000. How is the \$1,000 bill paid?
2. You personally will have to pay the deductible and Coinsurance amounts set out in your Policy.
3. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Provider's Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the \$1,000 Hospital bill would be reduced by 30% to \$700 for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.
4. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the \$1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of \$700, or \$140. You should note that your 20% Coinsurance is based on the full \$1,000 Hospital bill, after it is reduced by the applicable ADP.
5. After taking into account the deductible and Coinsurance amounts, Blue Cross and Blue Shield will satisfy its portion of the Hospital bill. In most cases, Blue Cross and Blue Shield has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money Blue Cross and Blue Shield would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is \$1,000, your deductible has already been satisfied, and your Coinsurance is \$140, then Blue Cross and Blue Shield has to satisfy the rest of the Hospital bill, or \$860. Blue Cross and Blue Shield will usually be able to satisfy the \$860 bill that remains after your Coinsurance and deductible, by paying less than \$860 to the Hospital, often substantially less than \$860. Blue Cross and Blue Shield receives, and keeps for its own account, the difference between the \$860 bill and whatever Blue Cross and Blue Shield ultimately pays under its contracts with Providers, and you are not entitled to any part of these savings.

Blue Cross and Blue Shield may receive such payments, discounts, and/or other allowances during the term of this Policy.

You are not entitled to receive any portion of any such payments, discounts, and/or other allowances. Any Copayments and/or deductibles payable by you are pre-determined fixed amounts, based upon the selected benefit plan, which are not impacted by any discounts or contractual allowances which Blue Cross and Blue Shield may receive from a Provider.

## **OTHER BLUE CROSS AND BLUE SHIELD PLANS' SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS**

### **Out-of-Area Services**

Blue Cross and Blue Shield has a variety of relationships with other Blue Cross and/or Blue Shield Plans under their Licensed Controlled Affiliates ("Licensees") referred to generally as "Inter-Plan Arrangements".

These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association ("Association"). Whenever you obtain health care services outside of Blue Cross and Blue Shield's service area and your Participating IPA's/Participating Medical Group's service area (collectively referred to in this section as "the service area"), the Claims for these services may be processed through one of these Inter-Plan Arrangements.

When you receive care outside the service area, you will receive it from one of two kinds of healthcare Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("Non-Participating Providers") do not contract with the Host Blue. Blue Cross and Blue Shield of Illinois' payment practices in both instances are described below.

Blue Cross and Blue Shield of Illinois covers only limited health care services received outside of the service area. As used in this section, *Other Things You Should Know*, "Out-of-Area Covered Health Care Services" include emergency care, urgent care and follow-up care obtained outside the geographic area of the Blue Cross and Blue Shield's service area. Any other services will not be covered when processing through any Inter-Plan Arrangements, unless authorized by your Primary Care Physician ("PCP") or Women's Principal Health Care Provider ("WPHCP").

### **BlueCard® Program**

Under BlueCard Program, when you obtain Out-of-Area Covered Health Care Services, as defined above, from a health care Provider participating with a Host Blue, Blue Cross and Blue Shield will remain responsible for fulfilling Blue Cross and Blue Shield contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

The BlueCard Program enables you to obtain Out-of-Area Covered Health Care Services, as defined above, from a health care Provider participating with a Host Blue, where available. The participating Provider will automatically file a Claim for the Out-of-Area Covered Health Care Services provided to you, so there are no Claim forms for you to fill out. You will be responsible for the Copayment or Coinsurance amount, as stated in this Policy.

### **Emergency Care Services:**

If you experience a medical emergency while traveling outside of your Participating IPA's/Participating Medical Group's service area, go to the nearest emergency facility, urgent care facility, or other health care Provider.

Whenever you receive Out-of-Area Covered Health Care Services outside of the service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services, if not a flat dollar Copayment, is calculated based on the lower of:

1. The billed charges for your Covered Services, or
2. The negotiated price that the Host Blue makes available to Blue Cross and Blue Shield of Illinois.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your health care Provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Blue Cross and Blue Shield uses for your Claim because they will not be applied retroactively to Claims already paid.

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to your liability calculation. If applicable, Blue Cross and Blue Shield of Illinois will include any such surcharge, tax or other fee as part of the Claim Charge passed on to you. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any Covered Service according to applicable law.

### **Non-Participating Health Care Providers Outside the Service Area Liability Calculation**

1. In General:

Except for emergency care and urgent care, services received from a Non-Participating Provider outside of the service area will not be covered.

For emergency care and urgent care services received from Non-Participating Providers outside of your Participating IPA's/Participating Medical Group's service area, but within Blue Cross and Blue Shield's service area, please refer to the *Emergency Care Benefits* section of this Policy.

For emergency care and urgent care services that are provided outside of Blue Cross and Blue Shield's service area by a Non-Participating Provider, the amount(s) you pay for such services will be calculated using the methodology described in the *Emergency Care Benefits* section for Non-Participating Providers located inside the service area. Federal or state law, as applicable, will govern payments for out-of-network Emergency Services.

2. Exceptions:

In some exception cases, the Plan may, but is not required to negotiate a payment with such Non-Participating health care Provider on an exception basis. If a negotiated payment is not available, then the Plan may make a payment based on the lesser of:

- a. The amount calculated using the methodology described in this Policy for Non-Participating Providers located inside our service area (described above); or
- b. The following:
  - i. For professional Providers make a payment based on publicly available Provider reimbursement data for the same or similar professional services, adjusted for geographical differences where applicable, or
  - ii. For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the Non-Participating Provider bills and the payment Blue Cross and Blue Shield of Illinois will make for the Covered Services as set forth in this section.

### **Blue Cross Blue Shield Global Core**

If you are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands, you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, will arrange a Physician appointment or Hospitalization, if necessary.

1. **Inpatient Services**

In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient services, except for your deductible, Copayment and/or Coinsurance amount, if applicable. In such cases, the Hospital will submit your Claims to the service center to begin Claim processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services.

## 2. Outpatient Services

Physicians, urgent care centers and other Outpatient Providers located outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

### Submitting a BlueCard Worldwide Claim

When you pay for Covered Services outside the BlueCard service area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International Claim form and send the Claim form and the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from Blue Cross and Blue Shield of Illinois, the service center or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If you need assistance with your Claim submission, you should call service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

### BLUE CROSS AND BLUE SHIELD'S SEPARATE FINANCIAL ARRANGEMENTS REGARDING PRESCRIPTION DRUGS

#### Blue Cross and Blue Shield's Separate Financial Arrangements with Prescription Drug Providers

Blue Cross and Blue Shield hereby informs you that it has arrangements with Prescription Drug Providers ("Participating Prescription Drug Providers") to provide prescription drug services to all persons entitled to prescription drug benefits under health policies and contracts to which Blue Cross and Blue Shield is a party, including all persons covered under this Policy. Under its arrangements with Participating Prescription Drug Providers, Blue Cross and Blue Shield may receive from these Providers discounts for prescription drugs dispensed to you. You are not entitled to receive any portion of any such payments, discounts and/or other allowances.

Coinsurance amounts payable by you under this Policy will be calculated on the basis of the Provider's Eligible Charge or the agreed upon cost between the Participating Prescription Drug Provider and Blue Cross and Blue Shield for a prescription drug, whichever is lower.

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Participating Prescription Drug Providers work, please consider the following example:

1. Assume you have a prescription dispensed and the normal, full amount of the prescription drug is \$100. How is the \$100 paid?
2. You personally will have to pay the Coinsurance amount set out in this Policy.
3. However, for purposes of calculating your Coinsurance amount, the full amount of the prescription drug would be reduced by the discount. In our example, if the applicable discount were 20%, the \$100 prescription drug bill would be reduced by 20% to \$80 for purposes of calculating your Coinsurance amount.
4. In our example, if your Coinsurance obligation is 25%, you personally will have to pay 25% of \$80, or \$20. You should note that your 25% Coinsurance is based upon the discounted amount of the prescription and not the full \$100 bill.

For the home delivery Pharmacy and specialty Pharmacy program partially owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the home delivery Pharmacy and/or specialty Pharmacy program. The Plan pays a fee to Prime for Pharmacy benefit services. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, Claims processing, customer service response, and home deliver processing.

"Weighted paid Claim" refers to the methodology of counting Claims for purposes of determining the Blue Cross and Blue Shield's fee payment to Prime. Each retail (including Claims dispensed through PBM's specialty Pharmacy program) paid Claim will be weighted according to the days' supply dispensed. A paid Claim is weighted in 34-day supply increments so a 1-34 days' supply is considered 1 weighted Claim, a 35-68 days' supply is considered 2 weighted Claims and the pattern continues up to 6 weighted Claims for 171 or more days' supply. The Plan pays Prime a Program Management Fee ("PMF") on a per weighted Claim days' supply.

The amounts received by Prime from the Plan, pharmacies, manufactures or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a Claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to the Plan (as described above), administrative fees charge by Prime to pharmacies

and administrative fees charged by prime to pharmaceutical manufactures. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this Policy.

Additional information about these types of fees or the amount of these fees is available upon request. The maximum that Prime will receive from any pharmaceutical manufacture for certain administrative fees will be 5.5% of the total sales for all rebatable products of such manufacture dispensed during any given calendar year to members of the Plan and other Blue Plan operating divisions.

### **Blue Cross and Blue Shield's Separate Financial Arrangements with Pharmacy Benefit Managers**

Blue Cross and Blue Shield owns a significant portion of the equity of Prime Therapeutics LLC and informs you that Blue Cross and Blue Shield has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on Blue Cross and Blue Shield's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with Blue Cross and Blue Shield. You are not entitled to receive any portion of such rebates except to the extent they may be as they are figured into the pricing of the product.

### **PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS**

All benefit payments may be made by Blue Cross and Blue Shield directly to any Provider furnishing the Covered Services for which such payment is due, and Blue Cross and Blue Shield is authorized by you to make such payments directly to such Providers. However, Blue Cross and Blue Shield reserves the right to pay any benefits that are payable under the terms of this Policy directly to you, unless reasonable evidence of a properly executed and enforceable Assignment of Benefit Payment has been received by Blue Cross and Blue Shield sufficiently in advance of Blue Cross and Blue Shield's benefit payment. Blue Cross and Blue Shield reserves the right to require submission of a copy of the Assignment of Benefit Payment.

You will not receive any notices regarding Covered Services received from your Primary Care Physician (or other Providers who are part of your Participating IPA/Participating Medical Group) because Claims do not have to be filed for those services.

Once Covered Services are rendered by a Provider, you have no right to request that Blue Cross and Blue Shield not pay the Claim submitted by such Provider and no such request will be given effect. In addition, Blue Cross and Blue Shield will have no liability to you or any other person because of its rejection of such request.

Except for the assignment of benefit payment described above, neither this Policy nor an Enrollee's Claim for payment of benefits under this Policy is assignable in whole or in part to any person or entity at any time, and coverage under this Policy is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage.

### **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS**

This section is based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. Unless otherwise required by federal or Illinois law, if there is a conflict between the terms of this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section and the terms in the rest of this Certificate, the terms of this section will apply. However, definitions set forth in the **FEDERAL NO SURPRISES ACT DEFINITIONS** provision of this section are for purposes of this section only.

#### **1. PCP Selection**

The Plan requires the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family Members.

Until you make this designation, Blue Cross and Blue Shield of Illinois designates one for you. For information on how to select a PCP and for a list of the participating PCPs, contact BCBSIL at [www.bcbsil.com](http://www.bcbsil.com) or customer service at the toll-free number on the back of your identification card.

For Dependent children, you may designate any Participating Provider who specializes in pediatric care as their Primary Care Physician (PCP).

## 2. OB/GYN Care

You are not required to obtain a referral or authorization from your Primary Care Physician (PCP) or Women's Principal Health Care Provider (WPHCP) before obtaining Covered Services from any Participating Provider specializing in obstetrics or gynecology. However, before obtaining Covered obstetrical or gynecological care, the Provider must comply with certain policies and procedures required by your Plan, including Prior Authorization and referral policies. For a list of Participating Providers who specialize in obstetrics or gynecology, visit [www.bcbsil.com](http://www.bcbsil.com) or contact customer service at the toll-free number on the back of your identification card.

## 3. Continuity of Care

If you are under the care of a Participating Provider as defined in this Certificate who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), you may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

- a. You are undergoing a course of treatment for a serious and complex condition;
- b. You are undergoing institutional or inpatient care;
- c. You are scheduled to undergo nonelective Surgery from the Provider (including receipt of postoperative care from such Provider with respect to such Surgery);
- d. You are pregnant or undergoing a course of treatment for your pregnancy; or
- e. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if you are currently receiving Chemotherapy, Radiation Therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized Medical Care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies you of the Provider's termination, or any longer period provided by state law. If you are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the **CLAIM APPEAL PROCEDURES** provision in the **HOW TO FILE A CLAIM** section of this Certificate.

## 4. Federal No Surprises Act Definitions

The definitions below apply only to this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section. To the extent the same terms are also defined in the **DEFINITIONS** section of this Certificate, those terms will apply only to their use in the Certificate or this **FEDERAL BALANCE BILLING AND OTHER PROTECTIONS** section, respectively.

**"Air Ambulance Services"** means, for purposes of this section only, medical transport by helicopter or airplane for patients.

**"Emergency Medical Condition"** means, for purposes of this section only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

**“Emergency Services”** means, for purposes of this section only,

1. a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;

3. Covered Services you receive from a Non-Participating Provider during the same visit after your Emergency Medical Condition has stabilized unless:
  - a. Your Non-Participating Provider determines you can travel by non-medical or non-emergency transport;
  - b. Your Non-Participating Provider has provided you with a notice to consent form for balance billing of services; and
  - c. You have provided informed consent.

**“Non-Participating Provider”** means, for purposes of this section only, with respect to a covered item or service, a Physician or other health care Provider who does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan.

**“Non-Participating Emergency Facility”** means, for purposes of this section only, with respect to a covered item or service, an emergency department of a Hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan.

**“Participating Provider”** means, for purposes of this section only, with respect to a Covered Service, a Physician or other health care Provider who has a contractual relationship with BCBSIL setting a rate (above which the Provider cannot bill the member) for furnishing such item or service under the Plan, regardless of whether the Provider is considered a preferred or in-network Provider for purposes of in-network or out-of-network benefits under the Plan.

**“Participating Facility”** means, for purposes of this section only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSIL setting a rate (above which the Provider cannot bill the member) for furnishing such item or service under the Plan, regardless of whether the Provider is considered a preferred or in-network Provider for purposes of in-network or out-of-network benefits under the Plan.

## **5. Federal No Surprises Act Surprise Billing Protections**

The Federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.

- a. Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
- b. Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless you give written consent and give up balance billing protections).

c. Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

### **Claim Payments**

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

### **Cost-Sharing**

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward your Participating Provider Deductible and/or Out-of-Pocket Limit, if any.

## **7. Federal No Surprises Act Prohibition of Balance Billing**

You are protected from balance billing on Included Services as set forth below.

If you receive Emergency Services from a Non-Participating Provider or Non-Participating Emergency Facility, the most the Non-Participating Provider or Non-Participating Emergency Facility may bill you is your in-network cost-share. You cannot be balance billed for these Emergency Services unless you give written consent and give up your protections not to be balanced billed for services you receive after you are in a stable condition.

When you receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill you is your Plan's in-network cost-share requirements. When you receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill you and may not ask you to give up your protections not to be balance billed. If you get other services at Participating Facilities, Non-Participating Providers can't balance bill you unless you give written consent and give up your protections.

If your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill you is your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

### **OUT-OF-POCKET EXPENSE LIMITATION**

If, during any calendar year, you have paid Copayments, deductibles and/or any Coinsurance amount for Covered Services under this Policy the total amount of which equals the amount shown on your Schedule Page, your benefits for any additional Covered Services that you may receive during that calendar year, including any Copayment, deductible and/or Coinsurance amounts, will be reimbursed by Blue Cross and Blue Shield. Should the federal government adjust the deductible and/or out-of-pocket expense limit amount(s) for high deductible health plans, the deductible and/or the out-of-pocket expense limit amount(s) in this Policy will be adjusted accordingly.

In the event your Physician or the Hospital requires you to pay any additional Copayments, deductible and/or Coinsurance amounts after you have met the above provision, upon receipt of properly authenticated documentation, Blue Cross and Blue Shield will reimburse to you, the amount of those Copayments, deductibles and/or Coinsurance amounts.

Blue Cross and Blue Shield is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. 2. Abatement. Blue Cross and Blue Shield may from time to time determine to abate (all or some of) the premium due under this Policy for particular period(s).
3. Any abatement of premium by Blue Cross and Blue Shield represents a determination by Blue Cross and Blue Shield not to collect premium for the applicable period(s) and does not effect a reduction in the rates under this Policy. An abatement for one period shall not constitute a precedent or create an expectation or right as to any abatement in any future periods.
4. Blue Cross and Blue Shield makes no representation or warranty that any rebate or abatement owed or provided is exempt from any federal, state or local taxes (including any related notice, withholding or reporting requirements). It will be the obligation of each participant or former participant (if applicable) owed or provided a rebate or an abatement to determine the applicability of and comply with any applicable federal, state or local laws or regulations.

1. An Ongoing Course of Treatment for a serious acute disease or condition requiring complex ongoing care that you are currently receiving (for example, you are currently receiving, such as Chemotherapy, Radiation Therapy, or post-operative visits for a serious acute disease or condition);
2. An Ongoing Course of Treatment for a Life-Threatening Disease Or Condition and the likelihood of death is probable unless the course of the disease or condition is interrupted);
3. An Ongoing Course of Treatment for the second and third trimester of pregnancy through the postpartum period; or

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than ninety (90) days beyond the date from the date of the notice to the Enrollee of the Provider's termination from the network plan, or if the Enrollee has entered the second or third trimester of pregnancy at the time of the Provider's disaffiliation, a period that includes the provision of post-partum care directly related to the delivery.

If you are a new HMO Enrollee and you are receiving care for a condition that requires an Ongoing Course of Treatment or if you have entered into the second or third trimester of pregnancy, and your Physician does not belong to the Blue Cross and Blue Shield network, but is within Blue Cross and Blue Shield's service area, you may request the option of transition of care benefits. Blue Cross and Blue Shield may authorize transition of care benefits for a period up to 90 days from the effective date of enrollment. Authorization of benefits is dependent on the Physician's agreement to contractual requirements and submission of a detailed treatment plan. A written notice of Blue Cross and Blue Shield's determination will be sent to you within 15 business days of receipt of your request.

You have the right to appeal any decision made for a request for benefits under this provision as explained in the "Claim Appeal Procedures" provision in the *How To File A Claim* section of this Policy.
