

Dear Member:

Blue Cross Community Health Plans is offered by Blue Cross and Blue Shield of Illinois. We are monitoring COVID-19 and what it means for our members.

What you need to know:

- The Novel Coronavirus 2019 (also known as COVID-19) is a new virus with some of the same symptoms as a common cold or the flu. According to the Centers for Disease Control and Prevention (CDC), older adults and people with chronic illnesses are at higher risk for more serious COVID-19 symptoms.
- Symptoms include fever, cough or shortness of breath. If you develop symptoms, call your doctor or the facility you are planning to go to before going. Calling in advance will allow your health care provider to quickly direct you to the right health facility. This will also protect you and help prevent the spread of the virus and other infections. To find a network provider, you can look in the Provider Directory, visit our website, contact Member Services or contact your care coordinator.
- If you are diagnosed with COVID-19, contact your doctor or Care Coordinator for assistance with your healthcare needs

We are here to help:

- If you need support with getting food, housing, medication, transportation, the Blue Cross Community Care Coordination team is available. Please call **1-877-860-2837 (TDD 711)**. The call is free.
- For health-related questions call the 24/7 Nurseline at **1-888-343-2697 (TDD 711)**. The call is free.
- At this time, we've lifted restrictions on early refills of prescription drugs.
- Your doctor's visit, along with other tests and services (like hospitalization and ER services), are covered as they have always been.
- You can use your 90-day supply fill benefits at select retail pharmacies or using at home delivery. To find a network pharmacy, you can look in the Pharmacy Directory, visit our website, contact Member Services or contact your care coordinator.

- We want to help you stay informed and get the care and coverage you need. Read the latest updates at <https://www.bcbsil.com/covid-19.html>
