

Preventive care is an important part of your wellness journey.

Want to live a longer, healthier life? An annual exam and other regular preventive checks are one of the best ways to increase your chances. They help you and your doctor stay on top of any health concerns and diagnose medical conditions early when they're easier to treat. If you're enrolled in a Boeing-sponsored health plan, preventive care is covered at 100% when you visit an in-network provider.¹

MARK'S JOURNEY TO WELLNESS STARTS HERE!

First, Mark needs to find an in-network primary care provider (PCP) so he can get his annual preventive checkup. He calls the phone number on his member card to speak with a Health Advocate.
