

Transgender and Intersex Medical Advocacy Program (TIMAP)

You have unique
healthcare needs.
We're here to help.

A Boeing Total Rewards Partner

Teladoc Medical Experts get to know you and your challenges so you feel comfortable, safe and heard throughout your healthcare journey.

Our goal is to give you easy access to care and support any concerns you may have related to gender identity or transition, as well as advocacy for everyday preventive care and mental health care. Our specially trained providers and care teams will be your healthcare advocates.

Teladoc Health is available to Boeing employees, early retirees and their dependents who are enrolled in a U.S. Boeing-sponsored health care plan.

How the program works

① Build a relationship with a physician

Speak with a dedicated gender-affirming physician who understands the nuances of gender care and can assist with your embodiment goals

② Get every question answered

Teladoc Health physicians will answer all of your questions, help to coordinate care across doctors and proactively identify issues so you feel informed

③ Make confident medical decisions

Teladoc Health physicians will help you understand your diagnosis, treatment options and provide guidance on how to navigate barriers to recovery and preventive healthcare
