

BlueCross BlueShield of Illinois

MID-MARKET 51-150 EMPLOYEES

## 2023 Mid-Market Group Plans

**Blue Cross and Blue Shield of Illinois (BCBSIL) offers health care plans with the choice, flexibility and affordable options that growing companies want.**

Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association

# 2023 Mid-Market Group Plans

The 2023 Blue Cross and Blue Shield of Illinois Mid-Market Group Portfolio is available from July 1, 2023, through June 30, 2024. Check out what's in store this year to help employers reduce health care costs and improve the lives of their employees! And learn what we're doing to make it easier for members to stay healthy throughout the year.

## Here are the highlights of our 2023 Mid-Market Group portfolio:

### Member and Employers Save Big with Member Rewards

Our Member Rewards program, administered by Sapphire Digital – part of Zelis, uses Provider Finder® to help members:

- Compare health care costs and quality
- Estimate out-of-pocket-costs
- Make treatment decisions with their doctors

When members choose low-cost, reward-eligible options for procedures and services, they may earn cash rewards and save on their – and their employers' – health care costs.

### More Programs Available to Help Members Take Control of Their Health

This year, we're empowering members to take control of their health through programs that can help them save money and prevent certain types of health conditions. We're also helping employers reduce health care costs by giving employees access to these programs, which can reduce doctor visits and hospitalizations:

- **Livongo®** is a personalized diabetes management program that helps members understand their blood sugar, develop healthy habits and improve glycemic control.
- **Wondr Health™** is a digital weight-management program that teaches members science-based skills that help members lose weight, sleep better, manage stress and more.
- **Hinge Health** is a digital musculoskeletal program for Wellbeing Management and Health Advocacy Solutions led by physical therapists and health coaches at no extra cost to the member and done in the comfort of the member's own home.

### Behavioral Health

Mental health is an important part of our approach to our commitment to our members. Compassionate case managers, utilization management, specialty programs and member and provider support are all part of the mental health benefits that come standard with every group plan. Members can use **Blue Access for Members<sup>SM</sup> (BAM<sup>SM</sup>)** to easily access private, online programs to help keep their mental health on track through:

- An online assessment supports and helps members pinpoint helpful programs.
- Quick, easy online lessons give members access to proven therapy-based techniques.
- Expert coaches guide and inspire members to reach their goals.
- Personal results, programs and messages are always private.

### Wellbeing Management

Wellbeing Management delivers member-centered care management. A care team, led by a health advisor, addresses the mental, physical and emotional aspects of health issues for the most costly and complex member cases. Members can interact with their health advisor through email, secure messaging, phone and/or text. Automated touch points triggered by missed appointments, tests and prescription refills help engage members. Personalized reminders emphasize the importance of annual visits, preventive screenings and immunizations, while educational messages encourage members with chronic conditions, such as diabetes and asthma, to take actions to improve their health.

### Reduce Your Premiums by Bundling Ancillary Programs

Competitive benefits are essential for employers to attract and retain a talented workforce. Offering ancillary benefits alongside medical coverage can help employers protect their employees' physical and financial wellbeing while providing them with peace of mind.

Talk with your BCBSIL representative to find out how you can boost your groups' medical benefits with any of these ancillary options:

- BlueCare Dental<sup>SM</sup>
- Life Insurance
- Short- and/or Long-Term Disability
- Accident and Critical Illness
- Vision

### Promote Wellness Year-Round with Well onTarget®

Well onTarget is a complete wellness solution that includes innovative tools that support members' lifelong journey of healthy living. Well onTarget is designed to:

- Enhance employee engagement
- Reduce costs
- Promote good health

Well onTarget offers cost-effective and low-risk solutions to help employers increase productivity, encourage employee engagement and enhance a culture of wellness in the workplace.

### Employee Assistance Program

Mid-Market and Blue Balance Funded plans will include the Employee Assistance Program (EAP). Through the EAP, members will have access to:

- Clinical therapy sessions.
- Family, legal and financial counseling.
- Online guidance resources available at [guidanceresources.com](https://www.guidanceresources.com) using Web ID **BCBCSILEAP** or by calling **800-890-1213**.

General Notes:  
NA = Not Applicable; DC = Deductible and Coinsurance; NC = No Charge; In = In-Network; Out and OON = Out-of-Network  
Prescription Drug Benefits:  
All plans include prescription drug benefits. Drug Lists and Pharmacy Networks vary by plan type.  
HMO plans are on the Performance Annual Drug List and the Advantage Pharmacy Network.  
All non-HMO plans utilize the Performance Drug List and the Preferred Pharmacy Network.  
Members utilizing Preferred Network Pharmacies may pay a lower copay or coinsurance amount for covered retail prescriptions. Non-Preferred Pharmacies are still in-network, but the members' cost share is likely to be higher.  
Members using out-of-network pharmacies (CVS is an out-of-network pharmacy on all non-HMO plans) will pay for their prescription and file for reimbursement which will be at 50% of the cost after the applicable copayment is applied.  
Both drug lists include clinical programs such as Prior Authorization, Step Therapy, and Member Pay the Difference.  
All HSA compatible HDHPs include the HSA Preventive Drug program. The HSA Preventive Drug program includes categories of prescription drugs that are often used for preventive purposes. Members can obtain drugs on this list at no member cost share.  
Aggregate versus Embedded HSA methodology is indicated in the Deductible Type column. In an Aggregate HSA plan, members who cover dependents must meet the family deductible and out-of-pocket amounts. In an Embedded HSA plan, no more than the individual deductible and out-of-pocket amount will be required from any one member of the family.

Footnotes:  
1. The value shown is a copay. Deductible and coinsurance do not apply.  
2. The value shown is a per occurrence deductible. Annual deductible and coinsurance will apply after the per occurrence deductible.  
3. Virtual Visits powered by MDLIVE® is a specific service accessed through Blue Access for Members<sup>SM</sup>, providing virtual care 24/7 by board certified physicians for a limited scope of medical services such as ear infection, allergies, flu, etc.  
4. Urgent Care is covered at the Office Visit copay amount.

HMO plans are on the Performance Annual Drug List and the Advantage Pharmacy Network.  
All non-HMO plans utilize the Performance Drug List and the Preferred Pharmacy Network.  
Members utilizing Preferred Network Pharmacies may pay a lower copay or coinsurance amount for covered retail prescriptions. Non-Preferred Pharmacies are still in-network, but the members' cost share is likely to be higher.  
Members using out-of-network pharmacies (CVS is an out-of-network pharmacy on all non-HMO plans) will pay for their prescription and file for reimbursement which will be at 50% of the cost after the applicable copayment is applied.  
Both drug lists include clinical programs such as Prior Authorization, Step Therapy, and Member Pay the Difference.  
All HSA compatible HDHPs include the HSA Preventive Drug program. The HSA Preventive Drug program includes categories of prescription drugs that are often used for preventive purposes. Members can obtain drugs on this list at no member cost share.  
Aggregate versus Embedded HSA methodology is indicated in the Deductible Type column. In an Aggregate HSA plan, members who cover dependents must meet the family deductible and out-of-pocket amounts. In an Embedded HSA plan, no more than the individual deductible and out-of-pocket amount will be required from any one member of the family.

Footnotes:  
1. The value shown is a copay. Deductible and coinsurance do not apply.  
2. The value shown is a per occurrence deductible. Annual deductible and coinsurance will apply after the per occurrence deductible.  
3. Virtual Visits powered by MDLIVE® is a specific service accessed through Blue Access for Members<sup>SM</sup>, providing virtual care 24/7 by board certified physicians for a limited scope of medical services such as ear infection, allergies, flu, etc.  
4. Urgent Care is covered at the Office Visit copay amount.

Blue Choice Options (Blue Choice OPT): A tiered network offering that utilizes benefit design to encourage members to use a network of more cost-efficient providers, while still allowing access to the broad PPO network.

Tier 1 refers to the benefit level when using the Blue Choice OPT PPO<sup>SM</sup> network, Tier 2 refers to the benefit level when using the PPO network.

General Notes:

NA = Not Applicable; DC = Deductible and Coinsurance; NC = No Charge; In = In-Network; Out and OON = Out-of-Network

Prescription Drug Benefits:

All plans include prescription drug benefits. Drug Lists and Pharmacy Networks vary by plan type.

HMO plans are on the Performance Annual Drug List and the Advantage Pharmacy Network.

All non-HMO plans utilize the Performance Drug List and the Preferred Pharmacy Network.

Members utilizing Preferred Network Pharmacies may pay a lower copay or coinsurance amount for covered retail prescriptions. Non-Preferred Pharmacies are still in-network, but the members' cost share is likely to be higher.

Members using out-of-network pharmacies (CVS is an out-of-network pharmacy on all non-HMO plans) will pay for their prescription and file for reimbursement which will be at 50% of the cost after the applicable copayment is applied.

Both drug lists include clinical programs such as Prior Authorization, Step Therapy, and Member Pay the Difference.

All HSA compatible HDHPs include the HSA Preventive Drug program. The HSA Preventive Drug program includes categories of prescription drugs that are often used for preventive purposes. Members can obtain drugs on this list at no member cost share.

Aggregate versus Embedded HSA methodology is indicated in the Deductible Type column. In an Aggregate HSA plan, members who cover dependents must meet the family deductible and out-of-pocket amounts. In an Embedded HSA plan, no more than the individual deductible and out-of-pocket amount will be required from any one member of the family.

Footnotes:

- The value shown is a copay. Deductible and coinsurance do not apply.
- The value shown in a per occurrence deductible. Annual deductible and coinsurance will apply after the per occurrence deductible.
- Virtual Visits powered by MDLIVE® is a specific service accessed through Blue Access for Members<sup>SM</sup>, providing virtual care 24/7 by board certified physicians for a limited scope of medical services such as ear infection, allergies, flu, etc.
- Urgent Care is covered at the Office Visit copay amount.

# Network Offerings Comparison

Plan Name	BluePrint PPO	Blue Choice Select PPO	Blue Choice OPT	Blue Advantage HMO

Provider Finder	Yes	Yes	Yes	Yes, displays PCP and Medical Group only for IL HMOs
Member Liability Estimator	Yes	Yes	Yes	No

\*BCS not available in Sangamon County until December 1, 2023.

# Blue Choice Options

## Understanding and Using the Benefits

With a Blue Cross Blue Shield of Illinois PPO benefit plan, visiting doctors and hospitals in the PPO network saves money. But did you know that with the Blue Choice Options benefit plan, members can save even more money by using a doctor or hospital that participates in the Blue Choice Options (Blue Choice OPT<sup>SM</sup>) PPO network?

### What Is a Blue Choice Options Plan?

The Blue Choice Options benefit plan is designed in three tiers. Members **save** the most when they use doctors and hospitals in tier 1 – the Blue Choice Options PPO network. Members **pay** the most when they visit those in tier 3 (out-of-network providers). Remember to determine which network the doctor or hospital is in to know the coverage level.

### Why Using a Blue Choice Options PPO Network Provider Saves Money

The Blue Choice Options PPO network (tier 1) has a variety of doctors and hospitals statewide. These doctors and hospitals, which all meet BCBSIL's quality criteria, have agreed to offer the care and services needed for a lower cost. In addition, with the Blue Choice Options benefit plan, members also get the highest level of benefits when visiting the doctors and hospitals in the Blue Choice Options PPO network. Members still have the option of choosing a doctor from the larger, statewide PPO network (tier 2), but will pay higher out-of-pocket costs than with the Blue Choice Options PPO network.

Tier 1	Tier 2	Tier 3
Pay the least out-of-pocket expenses by using a participating provider in the Blue Choice Options PPO network.	Pay additional out-of-pocket costs by choosing a participating provider in the larger, statewide PPO network.	Pay the highest out-of-pocket costs by selecting an out-of-network provider and may be required to pay those fees up front.

### Compare Costs

The example shows how costs and savings vary by tier. Even though a specific plan design may be different, it may make sense to use a doctor or hospital in tier 1, the statewide Blue Choice Options PPO network, or tier 2, the BCBSIL larger, statewide PPO network.

	Tier 1: Statewide Blue Choice Options PPO Network	Tier 2: Larger Statewide PPO Network	Tier 3: Out-of-Network*
Doctor Visit	Cost is \$200 You pay \$20	Cost is \$200 You pay \$30	Cost is \$200 You pay \$200
Specialist Visit	Cost is \$200 You pay \$30	Cost is \$200 You pay \$50	Cost is \$200 You pay \$200
2-Day Inpatient Hospital Stay	Cost is \$5,000 You pay \$1,400	Cost is \$5,000 You pay \$2,900	Cost is \$5,000 You pay \$5,000

\*Applied to member's deductible. Once deductible is met, pays at percentage designated by plan. Benefit information is based on a \$1,000 deductible and 90% coinsurance for tier 1, a \$2,000 deductible and 70% coinsurance for tier 2, and a \$8,000 deductible and 50% coinsurance for OON. These examples are stand-alone and do not track the member's out-of-pocket max.

### Finding a Tier 1 or Tier 2 Provider

To find a participating Blue Choice Options PPO provider, visit [bcbsil.com](https://bcbsil.com) and select **Find Care**. Follow the prompts. Then, select **Blue Choice Options** from the network drop-down list or provider type. You can narrow search by specialty, patient ratings and more. You may also narrow your search to Tier 1 Providers only or All Tier Providers.
