

# Preventive Care Services: Contraception

## Preventive Care Coverage at No Cost to You

Effective Jan. 1, 2023

Your health plan may provide certain contraceptive coverage as a benefit of membership, at no cost to you when you use a pharmacy or doctor in your health plan's network. There is no copay, deductible or coinsurance, even if your deductible or out-of-pocket maximum has not been met. Some examples of contraceptive drugs and products that may be covered under your plan are on this list. They will be reviewed from time-to-time and are subject to change. Coverage for contraceptives can vary depending on the type of plan you are enrolled in, as well as your prescription drug list. If you are using a contraceptive not listed under the Contraceptive Product Coverage, then copays, coinsurance or deductible may apply. Check your drug list or call the number listed on your member ID card to find out what products are covered at no cost share under your plan.

A prescription may be required for coverage without cost-sharing under the pharmacy benefits for non-grandfathered plans. If your contraception product is not listed, check your prescription drug list or ask your doctor about therapeutic alternatives. Your doctor can also submit a copay waiver or coverage exception from BCBSIL (unless you have a benefit exclusion) for contraceptive products not covered on your prescription drug list. Your doctor can call the number on your member ID card to ask for a review. If you meet the conditions as outlined under the Affordable Care Act, you may have \$0 member cost-sharing (no deductible, copay or coinsurance). BCBSIL will let you, and your doctor, know the coverage decision after receiving your request. If the request is denied, BCBSIL will let you and your doctor know why it was denied and offer you a covered alternative drug (if applicable).

Affordable Care Act regulations provide for an exemption from the requirement to cover contraceptive services for certain group health plans established or maintained by organizations that qualify as religious employers. Also, federal regulatory agencies have established an accommodation for religious affiliated eligible organizations, in which case separate payment may be available for certain contraceptive services. For more information about the religious employer exemption or eligible organization accommodation, please contact us at the phone number on your member ID card.
