Save Time and Money

with the HMO 90-Day Supply Prescription Drug Program

You can get up to a 90-day supply of long-term (or maintenance) medicine through a network of retail or home delivery service pharmacies.

Visit **bcbsil.com** or **myprime.com** to find an in-network retail or home delivery service pharmacy convenient for you. Log into Blue Access for MembersSM and click on Pharmacy.

HMO 90-Day Supply Prescription Drug Program

To Purchase Your Long-Term Medicine at a “90-day” Retail Pharmacy

1. Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines.
2. Take your prescription or have your doctor submit electronically to an in-network retail pharmacy.

To Purchase Your Long-Term Medicine Through a Home Delivery Service Pharmacy

1. Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines.
2. If you need to start your medicine right away, ask for a prescription for a one-month supply to take to a retail pharmacy.
3. You can order online, through a mobile device or over the phone. Some pharmacies also offer a form you can send through the mail. You can find contact information for the home delivery pharmacy at **myprime.com**. To print a new prescription order form, log into BAMSM, click on **Forms & Documents** under the My Account tab and select the mail order form.
4. If mailing your order, send your prescription, completed order form and payment to the home delivery service pharmacy.
5. Keep in mind that medicines can take up to 5 business days (or more) to deliver after the home delivery service pharmacy receives and verifies your order.

You can also ask your doctor to fax or send your prescription electronically to the home delivery service pharmacy. Be sure to complete and submit any order forms to avoid a delay in processing your order.

If you have questions about the HMO 90-day supply program, call the pharmacy program number on your ID card.
