GRANDFATHERED HEALTH PLAN DISCLOSURE

This group health plan believes this plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at

P.O. Box 660819
Dallas, TX 75266-0819

You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Changes in state or federal law or regulations or interpretations thereof may change the terms and conditions of coverage.

Except as amended by this Amendment, all terms, conditions, limitations, and exclusions of the Policy to which this Amendment is attached will remain in full force and effect.

GRANDFATHERED HEALTH PLAN DISCLOSURE

This group health plan believes this plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at

CERTIFICATE AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan (Plan) occurring on or after January 1, 2022.

Note: Blue Cross Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross Blue Shield Association is herein called BCBSIL.

The terms of this Amendment supersede the terms of the Certificate to which this Amendment is attached and becomes a part of the Certificate. Unless otherwise required by Federal or Illinois law, in the event of a conflict between the terms of this Amendment and the terms of the Certificate, the terms of this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only.

I. The BALANCE BILLING AND OTHER PROTECTIONS provision is hereby deleted from this Certificate.

II. The following provisions are hereby added to the Certificate:

Continuity of Care

If you are receiving covered services from a Participating Provider or Participating Facility who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), you may elect to continue coverage for covered services from that provider or facility at the in-network benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation,
A Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

3. You are scheduled to undergo nonelective surgery from the provider (including receipt of postoperative care from such provider or facility with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if you are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than ninety (90) days beyond the date the Plan notifies you of the provider's termination, or any longer period provided by state law. If you are in the second or third trimester of pregnancy when the provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for benefits under this provision, as explained in the Certificate.

Federal No Surprises Act Definitions

The definitions below apply only to this Amendment. To the extent the same terms are defined in both the Certificate and this Amendment, those terms will apply only to their use in the Certificate or this Amendment, respectively.

“Air Ambulance Services” means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

“Emergency Medical Condition” means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

“Emergency Services” means, for purposes of this Amendment only,

1. a medical screening examination performed in the emergency department of a hospital or an independent freestanding emergency department;
2. further medical examination or treatment you receive at a hospital, regardless of the department of the hospital, or an independent freestanding emergency department to evaluate and treat an Emergency Medical Condition until your condition is stabilized; and
3. Covered Services you receive from a Non-Participating Provider or Non-Participating Emergency Facility during the same visit after your Emergency Medical Condition has stabilized, or as part of outpatient observation or an inpatient or outpatient stay with respect to the same visit, unless:
 - a. your Non-Participating Provider or Non-Participating Emergency Facility determines you can travel by non-medical or non-emergency transport;
 - b. your Non-Participating Provider has provided you with a notice to consent form for balance billing of services; and
 - c. you have provided informed consent.

“Non-Participating Provider” means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan to which this Amendment is attached.

“Non-Participating Emergency Facility” means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan to which this Amendment is attached.

“Participating Provider” means, for purposes of this Amendment only, with respect to a covered service, a physician or other health care provider who has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached, regardless of whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Participating Facility” means, for purposes of this Amendment only, with respect to a covered service, a hospital or ambulatory surgical center that has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under

the Plan to which this Amendment is attached, regardless of whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Qualifying Payment Amount” means, for purposes of this Amendment only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

“Recognized Amount” means, for purposes of this Amendment only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

Federal No Surprises Act Surprise Billing Protections

1. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.

- Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
- Covered non-emergency services performed by a Non-Participating Provider at a Participating Facility (unless you give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

2. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the provider or facility.

3. Cost-Sharing

For Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, and for non-emergency services performed by Non-Participating Providers at a Participating Facility, the Recognized Amount is used to calculate your cost-sharing requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate your cost-sharing requirements, including deductibles, copayments, and coinsurance, will be the lesser of the

Qualifying Payment Amount or billed charges.

For Included Services, these cost-sharing requirements will be counted toward your Participating Provider deductible and/or out-of-pocket expense limit, if any.

4. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If you receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill you is your in-network cost-sharing amount. You cannot be balance billed for these Emergency Services unless you give written consent and give up your protections not to be balance billed for services you receive after you are in a stable condition.

When you receive covered non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill you is your Plan's in-network cost-sharing amounts. When you receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill you and may not ask you to give up your protections not to be balance billed. If you get other services at Participating Facilities, Non-Participating Providers can't balance bill you unless you give written consent and give up your protections.

If your Plan includes Air Ambulance Services as a covered service, and such services are provided by a Non- Participating Provider, the most the Non-Participating Provider may bill you is your in-network cost-sharing amount. You cannot be balance billed for these Air Ambulance Services.

NOTICE

The Group Health Plan believes this coverage is a "grandfathered health plan" under the Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Contract/Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on Benefits for any individual.

GRANDFATHERED HEALTH PLAN DISCLOSURE

The Group Health Plan believes this coverage is a “grandfathered health plan” under the Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Contract/Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on Benefits for any individual.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status may be directed to the Employer or Group Administrator.

If the Group Health Plan is subject to the Employee Retirement Income Security Act (ERISA), requests for additional information may be directed to the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans. For nonfederal governmental plans, inquiries may be directed to the U.S. Department of Health and Human Services at www.hhs.gov.

This Amendment is issued to and made a part of your Group Managed Health Care Certificate of healthcare benefits with Health Care Service Corporation, a Mutual Legal Reserve Company, the Blue Cross and Blue Shield Plan serving the state of Illinois herein called Blue Cross Blue Shield of Illinois. The Certificate to which this Amendment is attached, and becomes a part, is amended as stated below:

II. The following are added to the OUTPATIENT PRESCRIPTION DRUG PROGRAM BENEFIT SECTION of your Certificate:

MedsYourWay™

MedsYourWay™ (“MedsYourWay”) may lower your out-of-pocket costs for select Covered Drugs purchased at select in-network retail pharmacies. MedsYourWay is a program that automatically compares available drug discount card prices and prices under your benefit plan for select Covered Drugs and establishes your out-of-pocket cost to the lower price available. At the time you submit or pick up your Prescription, present your BCBSIL Identification Card to the pharmacist. This will identify you as a participant in MedsYourWay and allow you the lower price available for select Covered Drugs.

The amount you pay for your Prescription will be applied, if applicable, to your Deductible and out-of-pocket maximum. Available select Covered Drugs and drug discount card pricing through MedsYourWay may change occasionally.

Blue Cross and Blue Shield of Illinois, a
Division of Health Care Service Corporation,
a Mutual Legal Reserve Company, an Independent
Licensee of the Blue Cross and Blue Shield Association

Certain restrictions may apply and certain Covered Drugs or drug discount cards may not be available for the MedsYourWay program. You may experience a different out-of-pocket amount for select Covered Drugs depending upon which retail pharmacy is utilized. For additional information regarding MedsYourWay, please contact a Customer Service Representative at the toll-free telephone number on the back of your Identification Card. Participation in MedsYourWay is not mandatory and you may choose not to participate in the program at any time by contacting your Customer Service Representative at the toll-free telephone number on the back of your Identification Card.

Multi-Category Split-Fill Program

If this is Your first time using select medications in certain drug classes (e.g., medications for cancer, multiple sclerosis, lung disorders, etc.) or if You have not filled one of these medications within 120 days, you may only be able to receive a partial fill (14–15 day supply) of the medication for up to the first 3 months of therapy. This is to help see how the medication is working for You. If You receive a partial fill, Your Copayment Amount and/or Coinsurance Amount, after Your Deductible (if applicable), will be adjusted to align with the quantity of medication dispensed. If the medication is working for You and Your Physician wants You to continue on this medication, You may be eligible to receive up to a 30-day supply after completing up to 3 months of the partial supply.

Coverage for Specialty Drugs are limited to a 30-day supply. However, some Specialty Drugs have FDA approved dosing regimens exceeding the 30-day supply limits and may be allowed greater than a 30-day supply, if allowed by your plan benefits. For information about benefits for these drugs call the customer service toll-free telephone number located on your Identification Card. Early prescription refills of topical eye medication used to treat a chronic condition of the eye will be eligible for coverage after at least 75% of the predicted days of use, and the early refills requested do not exceed the total number of refills prescribed by the Physician or Optometrist. Benefits for prescription inhalants will not be restricted on the number of days before an inhaler refill may be obtained.

However, you may receive coverage for up to a 12-month supply for dispensed contraceptive drugs and products that are covered under this Benefit Section. For additional information about early refills, please see the Prescription Refills provision below.

IV. The following are added or replaced under EXCLUSIONS within the OUTPATIENT PRESCRIPTION DRUG PROGRAM BENEFIT SECTION of your Certificate:

However, some services may require a Prior Authorization before the start of services.

Types of Utilization Management:

- Prior Authorization;
- Predetermination; and

5. The provision for **PRIOR AUTHORIZATION REQUIREMENTS** under the **UTILIZATION MANAGEMENT REVIEW PROGRAM** section is amended to read as follows:

PRIOR AUTHORIZATION REQUIREMENTS

Failure to contact Blue Cross and Blue Shield as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, deductibles and out-of-pocket limit amounts. Providers may bill you for any reduction in payment resulting from failure to contact Blue Cross and Blue Shield or to comply with the determinations of Blue Cross and Blue Shield. We encourage you, your Provider, or an authorized representative, to call ahead. The pre-notification toll-free telephone number is on your Blue Cross and Blue Shield identification card. Please read the provisions below very carefully. The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Treatment are specified in the BLUE CROSS AND BLUE SHIELD BEHAVIORAL HEALTH UNIT section of this Certificate.

The procedures for notifying Blue Cross and Blue Shield are specified below in the UTILIZATION MANAGEMENT REVIEW PROCEDURE provision within this section of this Certificate.

6. The provision for **PRIOR AUTHORIZATION REQUIREMENTS under the UTILIZATION MANAGEMENT REVIEW PROGRAM** section, is amended to read as follows:

Predetermination is an optional Medical Necessity review by Blue Cross and Blue Shield of a medical procedure, treatment or test that has been recommended

by your Physician to determine if it meets approved Blue Cross and Blue Shield medical policy guidelines. A Predetermination review is not the same as Prior Authorization. Prior Authorization is a required process for the Provider to get approval from the plan before you are admitted to the hospital or for certain types of Covered Services. A Predetermination review can help you avoid unexpected out-of-pocket costs by finding out ahead of time if a recommended service will be covered by your health care plan. If a service requires Prior Authorization, a Predetermination review is not available.

Predetermination review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Please coordinate with your Provider to submit a written request for Predetermination.

Below are some examples (not an exhaustive list) of some common services for which a Predetermination review is recommended:

- Certain higher cost durable medical equipment;
- Surgeries that might be considered cosmetic; and
- Services and supplies that may be Experimental/Investigational under certain circumstances.

General Provisions Applicable to All Predeterminations

1. No Guarantee of Payment

A Predetermination is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Even if the service has been approved on Predetermination, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Predetermination process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Predetermination, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

POST SERVICE MEDICAL NECESSITY REVIEW

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical

Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be available when a Prior Authorization or Predetermination was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

relationship with any Provider. However, Blue Cross and Blue Shield has established the Utilization Management Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this Certificate.

12. GRANDFATHERED HEALTH PLAN DISCLOSURE

This health insurance issuer believes this coverage is a “grandfathered health plan” under the Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the policy may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime dollar limits on benefits for any individual. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to:

Blue Cross Blue Shield of Illinois

NOTICE

Please note that Blue Cross and Blue Shield of Illinois has contracts with many health care Providers that provide for Blue Cross and Blue Shield to receive, and keep for its own account, payments, discounts and/or allowances with respect to the bill for services you receive from those Providers.

Please refer to the provision entitled “Blue Cross and Blue Shield’s Separate Financial Arrangements with Providers” in the GENERAL PROVISIONS section of this booklet for a further explanation of these arrangements.

WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED

You should be aware that when you elect to utilize the services of a Non-Participating Provider for a Covered Service in non-emergency situations, (except for Mental Illness or Substance Use Disorder services provided in a Hospital emergency department) benefit payments to such Non-Participating Provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your policy’s fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the policy. **YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED IN THE POLICY AFTER THE PLAN HAS PAID ITS REQUIRED PORTION.** Non-Participating Providers may bill members for any amount up to the billed charge after the plan has paid its portion of the bill as provided in Section §562.3 of the Illinois Insurance Code. Participating Providers have agreed to accept discounted payments for services with no additional billing to the member other than Coinsurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll-free telephone number on your identification card.

GRANDFATHERED HEALTH CARE PLAN DISCLOSURE REQUIREMENT

This group health plan believes this coverage is a “grandfathered health plan” under the Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the policy may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime dollar limits on benefits for any individual.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your Employer or the plan administrator.

If your group health plan is subject to the Employee Retirement Income Security Act (ERISA), you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at X-XXX-XXX-XXXX or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans. For nonfederal governmental plans, inquiries may be directed to the U.S. Department of Health and Human Services at www.healthreform.gov.

In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of your Certificate, Blue Cross and Blue Shield will take into account the information submitted to Blue Cross and Blue Shield by your Provider(s), including any consultations with such Providers(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessary to the circumstances surrounding the hospitalization or other health care, it is determined that, the medical Covered Services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the Covered Services or supplies were not Medically Necessary, and you disagree with Blue Cross and Blue Shield's initial decision, your benefit program provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against Blue Cross and Blue Shield, either at law or in equity. ELIGIBILITY SECTION

This Certificate contains information about the health care benefit program for the persons in your Group who:

1. Meet the definition of an Eligible Person as specified in the Group Policy;
2. Have applied for this coverage; and
3. Have received a Blue Cross and Blue Shield identification card.

If you meet this description of an Eligible Person, you are entitled to the benefits of this program.

Replacement of Discontinued Group Coverage

When your Group initially purchases this coverage and such coverage is purchased as replacement of coverage under another carrier's group policy, those persons who are Totally Disabled on the effective date of this Policy and were covered under the prior group policy will be considered Eligible Persons under this Certificate.

Your Totally Disabled dependents will be considered eligible dependents under this Certificate if such dependents meet the description of an eligible family member as specified in the Eligibility Section of this Certificate.

Your dependent children who have reached the limiting age of this Certificate will be considered eligible dependents under this Certificate if they were covered under the prior group policy and, because of a disabling condition, are incapable of self-sustaining employment and dependent upon you or other care providers for lifetime care and supervision.

If you are Totally Disabled, you will be entitled to all of the benefits described in this Certificate. The benefits of this Certificate will be coordinated with the benefits under your prior group policy. Your prior group policy will be considered the primary coverage for all services rendered in connection with your disabling condition when no coverage is available under this Certificate whether due to absence of coverage in this Certificate or lack of required Creditable Coverage for a preexisting condition.

APPLYING FOR COVERAGE

You may apply for coverage for yourself and/or your eligible spouse, party to a Civil Union and/or dependents (see below) by submitting the application(s) for medical insurance form, along with any exhibits, appendices, addenda and/or other required information ("application(s)") to Blue Cross and Blue Shield.

You can get the application form from your Group Administrator. An application to add a newborn to Family Coverage is not necessary if an additional premium is not required. However, you must notify your Group Administrator within 31 days of the birth of a newborn child for coverage to continue beyond the 31 day period or you will have to wait until your Group's open enrollment period to enroll the child.

The application(s) for coverage may or may not be accepted. Please note, some employers only offer coverage to their employees, not to their employees' spouses, party to a Civil Union or dependents. In those circumstances, the references in this Certificate to an employee's family members are not applicable.

NOTIFICATION OF ELIGIBILITY CHANGES

It is the Eligible Person's responsibility to notify Blue Cross and Blue Shield of any change to an Eligible Person's name or address or other changes to eligibility. Such changes may result in coverage/benefit changes for you and your eligible family members.

MEDICARE ELIGIBLE COVERED PERSONS

If you meet the definition of an Eligible Person stated in the Eligibility Section above and you are eligible for Medicare and not affected by the "Medicare Secondary Payer" (MSP) laws as described below, the benefits described in this Certificate apply to you and to your spouse and covered dependent children (if he or she is also eligible for Medicare and not affected by the MSP laws). Your benefit payments under this Certificate will be determined according to the rules described in the Coordination of Benefits Section of this Certificate.

A series of federal laws collectively referred to as the "Medicare Secondary Payer" (MSP) laws regulate the manner in which certain employers may offer group health care coverage to Medicare eligible employees, spouses, and in some cases, dependent children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan ("GHP") coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease ("ESRD") during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of employees employed by the employer or whether the individual has "current employment status."
2. In the case of individuals age 65 or over, GHPs of employers that employ 20 or more employees if that individual or the individual's spouse (of any age) has "current employment status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more employees, the MSP rules apply even with respect to employers of fewer than 20 employees (unless the plan elects the small employer exception under the statute).
3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more employees, if the individual or a member of the individual's family has "current employee status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more employees, the MSP rules apply even with respect to employers of fewer than 100 employees.

PLEASE NOTE: SEE YOUR EMPLOYER OR GROUP ADMINISTRATOR SHOULD YOU HAVE ANY QUESTIONS REGARDING THE ESRD PRIMARY PERIOD OR OTHER PROVISIONS OF MSP LAWS AND THEIR APPLICATION TO YOU, YOUR SPOUSE OR ANY DEPENDENTS.

YOUR MSP RESPONSIBILITIES

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from Blue Cross and Blue Shield and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your Group Administrator promptly to ensure that your Claims are processed in accordance with applicable MSP laws.

You will receive an identification card from Blue Cross and Blue Shield. Your identification card contains your identification number. Do not let anyone who is not named in your coverage use your card to receive benefits. If you want additional cards or need to replace a lost card, contact customer service or go to www.bcbsil.com and get a temporary card online. Always carry your identification card with you.

INDIVIDUAL COVERAGE

If you have Individual Coverage, only your own health care expenses for Covered Services are covered, not the health care expenses of other members of your family.

FAMILY COVERAGE

If you have Family Coverage, your health care expenses for Covered Services and those of your enrolled spouse, party to a Civil Union and your (and/or your spouse's, party to a Civil Union's, Domestic Partner's) enrolled children who are under age 26 will be covered. All of the provisions of this Certificate that pertain to a spouse also apply to a party of a Civil Union unless specifically noted otherwise.

"Child(ren)" used hereafter in this Certificate, means a natural child(ren), a stepchild(ren), an adopted child(ren), a foster child(ren), a child(ren) for whom you are the legal guardian or a child(ren) for whom you have received a court order requiring that you are financially responsible for providing coverage under 26 years of age, a child(ren) who is in your custody under an interim court order prior to finalization of adoption or placement of adoption vesting temporary care, whichever comes first, a grandchild(ren), child(ren) for whom you are the legal guardian, under 26 years of age, regardless of presence or absence of a child's financial dependency, residency, student status, employment status, marital status, eligibility for other coverage or any combination of those factors.

In addition, enrolled unmarried children will be covered up to age 30 if they:

1. Live within the Network; and
2. Have served as an active or reserve member of any branch of the Armed Forces of the United States; and
3. Have received a release or discharge other than a dishonorable discharge.

If your child becomes ineligible, his/her coverage will end on the last day of the period for which premium has been accepted.

Any newborn children will be covered from the moment of birth. Please notify your Group Administrator within 31 days of the date of birth so that your membership records can be adjusted.

Any children who are under your legal guardianship or who are in your custody under an interim court order prior to the finalization of adoption or placement of adoption vesting temporary care, whichever comes first, and foster children will be covered. In addition, if you have children for whom you are required by court order to provide health coverage, those children will be covered.

Any children who are incapable of self-sustaining employment and are dependent upon you or other care providers for lifetime care and supervision because of a disabling condition occurring prior to reaching the limiting age will be covered regardless of age if they were covered prior to reaching the limiting age stated above.

This coverage does not include benefits for foster children or grandchildren (unless such children have been legally adopted or are under your legal guardianship).

CHANGING FROM INDIVIDUAL TO FAMILY COVERAGE OR ADDING DEPENDENTS TO FAMILY COVERAGE

You can change from Individual to Family Coverage or add dependents to your Family Coverage because of any of the following events:

1. Marriage.
2. Birth, adoption or placement for adoption of a child.
3. Becoming party to a Civil Union.
4. Obtaining legal guardianship of a child.
5. Loss of eligibility for other health coverage for you or your dependent if:
 - a. The other coverage was in effect when you were first eligible to enroll for this coverage;
 - b. The other coverage is not terminating for cause (such as failure to pay premiums or making a fraudulent claim); and
 - c. Where required, you stated in writing that coverage under another group health plan or other health insurance coverage was the reason for declining enrollment in this coverage.

This includes, but is not limited to, loss of coverage due to:

- a. Legal separation, divorce, dissolution from a Civil Union, cessation of dependent status, death of an employee, termination of employment, or reduction in the number of hours of employment;
 - b. In the case of HMO coverage, coverage is no longer provided because an individual no longer resides in the service area or the HMO no longer offers coverage in the HMO service area in which the individual resides;
 - c. Reaching a lifetime limit on all benefits in another group health plan;
 - d. Another group health plan no longer offering any benefits to the class of similarly situated individuals that includes you or your dependent;
 - e. When Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
 - f. When you or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.
- Termination of employer contributions towards your or your dependent's other coverage.
 - Exhaustion of COBRA continuation coverage or state continuation coverage.

When Coverage Begins

Your Family Coverage or the coverage for your additional dependents will be effective from the date of the event if you apply for this change within 31 days of any of the following events:

1. Marriage.
2. Birth, adoption or placement for adoption of a child.
3. Obtaining legal guardianship of a child.
4. Becoming party to a Civil Union.

However, an application to add a newborn to Family Coverage is not necessary if an additional premium is not required. Please notify your Group Administrator so that your membership records can be adjusted.

Your Family Coverage or the coverage for your additional dependents will be effective from the date you apply for coverage if you apply within 31 days of any of the following events:

1. Loss of eligibility for other coverage for you or your dependent, except for loss of coverage due to reaching a lifetime limit on all benefits.
2. Termination of employer contributions towards your or your dependent's other coverage.
3. Exhaustion of COBRA continuation coverage or state continuation coverage.

If coverage is lost in another group health plan because a lifetime limit on all benefits is reached under that coverage and you apply for Family Coverage or to add dependents within 31 days after a claim is denied due to reaching the lifetime limit, your Family Coverage or the coverage for your additional dependents will be effective from the date your claim was denied.

Your Family Coverage or the coverage for your additional dependents will be effective no later than the first of the month after the special enrollment request is received if you apply within 60 days of any of the following events:

1. Loss of eligibility for you or your dependents when Medicaid or CHIP coverage is terminated as a result of loss of eligibility; or
2. You or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.

You must request this special enrollment within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. Coverage will be effective no later than the first of the month after the special enrollment request is received.

LATE APPLICANTS

If you do not apply for Family Coverage or to add dependents within the required number of days of the event, you will have to wait until your Group's annual open enrollment period to make those changes. Such changes will be effective on a date that has been mutually agreed to by your Group and Blue Cross and Blue Shield.

CHANGING FROM FAMILY TO INDIVIDUAL COVERAGE

Should you wish to change from Family to Individual Coverage, you may do this at any time. Your Group Administrator will provide you with the application and tell you the date that the change will be effective.

Should you wish to change from Family to Individual Coverage, contact your Group Administrator.

TERMINATION OF COVERAGE

You will no longer be entitled to the benefits described in this Certificate if either of the events stated below should occur.

1. If you no longer meet the previously stated description of an Eligible Person.
2. If the entire coverage of your Group terminates.

Termination of the Group Policy automatically terminates your coverage under this Certificate. It is the responsibility of your Group to notify you of the termination of the Group Policy, but your coverage will automatically terminate as of the effective date of termination of the Group Policy regardless of whether such notice is given.

No benefits are available to you for services or supplies rendered after the date of termination of your coverage under this Certificate except as otherwise

specifically stated in the “Extension of Benefits in Case of Termination” provisions of this Certificate or as specified below when your entire Group’s coverage terminates. However, termination of the Group Policy and/or your coverage under this Certificate shall not affect any Claim for Covered Services rendered prior to the effective date of such termination.

Unless specifically mentioned elsewhere in this Certificate, if one of your dependents becomes ineligible, his or her coverage will end as of the date the event occurs which makes him or her ineligible (for example, date of marriage, date of divorce, date the limiting age is reached).

Upon the death of an Eligible Person, dependents under his or her family coverage will have the option to continue coverage for a period of 90 days subject to any other Certificate provisions relating to termination of such person’s coverage, provided such person makes payment for coverage.

Other options available for continuation of coverage are explained in the Continuation of Coverage After Termination Sections of this Certificate.

Termination of a Dependent’s Coverage

If one of your dependents no longer meets the description of an eligible family member as provided above under the heading “Family Coverage,” his/her coverage will end as of the date the event occurs which makes him/her ineligible (for example, date of divorce). Coverage for children will end on the last day of the calendar month in which they reach the limiting age as shown in this Certificate.

CONTINUITY OF CARE

If you are a covered person under the care of a Participating Provider who stops Participating in the Participating Provider network (for reasons other than termination of a contract in situations involving imminent harm to a patient or a final disciplinary action by State license board), and the Provider remains within the Network Service Area and your Provider agrees you may be able to continue receiving Covered Services with that Provider, at the Participating Provider benefit level, for the following:

1. An Ongoing Course of Treatment for a serious acute disease or condition requiring complex ongoing care that you are currently receiving (for example, you are currently receiving Chemotherapy, radiation therapy, or post operative visits for the serious acute disease or condition)
2. An Ongoing Course of Treatment for a Life Threatening Disease or condition and the likelihood of death is probable unless the course of the disease or the condition is interrupted
3. An Ongoing Course of Treatment for the second and third trimester of pregnancy through the postpartum period; or
4. An Ongoing Course of Treatment for a health condition of which a treating Provider attest that discounting care by the Participating Provider whose termination from the network would worsen the condition or interfere with anticipated outcomes.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than ninety (90) days from the date of the notice to the covered person of the Provider's disaffiliation from network, or if the covered person has entered the second or third trimester of pregnancy at the time of the Provider's disaffiliation, a period that includes the provision of postpartum care directly related to the delivery.

If you are a new covered person whose Provider is not Participating, but is within the Network Service Area, you are able to continue receiving Covered Services with that Provider at the Participating Provider benefit level to continue an Ongoing Course of Treatment as stated above, during a transition.

Continuity coverage for a new covered person shall continue until the treatment is complete but will not extend for more than ninety (90) days from the effective date of enrollment, or if the covered person has entered the second or third trimester of pregnancy at the time of the provider's disaffiliation, a period that includes the provision of postpartum directly related to the delivery.

Extension of Benefits In Case of Discontinuance

If you are Totally Disabled at the time your entire Group terminates, benefits will be provided for, and limited to, the Covered Services described in this Certificate, which are related to the disability. Benefits will be provided when no coverage is available under the succeeding carrier's policy whether due to the absence of coverage in the policy. Benefits will be provided for a period of no more than 12 months from the date of termination. It is your responsibility to notify Blue Cross and Blue Shield, and to provide, when requested by Blue Cross and Blue Shield, written documentation of such disability. This extension of benefits will not apply to the following benefit section(s) of this Certificate: Outpatient Prescription Drug Program Benefit Section, Vision Care Program, Hearing Care Program, and Dental Benefit Section.

UTILIZATION MANAGEMENT REVIEW PROGRAM

Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. Requirements for Medical Necessity may vary based upon member's plan benefits. Medical Necessity reviews may occur when a Provider requests an authorization prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. However, some services may require a Prior Authorization before the start of services.

Types of Utilization Management:

- Prior Authorization;
- Predetermination; and
- Post-Service Medical Necessity Reviews

Blue Cross and Blue Shield has established the Utilization Management Review Program to perform a review of the following Covered Services prior to benefits being available for such services being rendered:

- Inpatient admissions
- Skilled Nursing Facility services
- Services received in a Coordinated Home Care Program
- Private Duty Nursing Services
- Hospice Care Program Services

The Utilization Management Review Program is staffed primarily by registered nurses and other personnel with clinical backgrounds. The Physicians in our Medical Department are an essential part of the Utilization Management Review Program.

PRIOR AUTHORIZATION REQUIREMENTS

Prior Authorization is a requirement that you must obtain authorization from Blue Cross and Blue Shield before you receive a certain type of Covered Services designated by Blue Cross and Blue Shield in order to be eligible for maximum benefits. For inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on Blue Cross and Blue Shield's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of our service area, see the section entitled "THE BLUECARD® PROGRAM".

Failure to contact Blue Cross and Blue Shield as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, deductibles and out-of-pocket limit amounts. Providers may bill you for any reduction in payment resulting from failure to contact Blue Cross and Blue Shield or to comply with the determinations of Blue Cross and Blue Shield. We encourage you, your

Provider, or an authorized representative, to call ahead. The pre-notification toll-free telephone number is on your Blue Cross and Blue Shield identification card. Please read the provisions below very carefully. The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Treatment are specified in the BLUE CROSS AND BLUE SHIELD BEHAVIORAL HEALTH UNIT section of this Certificate.

You are encouraged to call ahead if the availability of payment under this Certificate is important to your decision to receive care. Please read the provisions below very carefully. Your Providers may call Blue Cross and Blue Shield for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied. Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate.

The reductions in benefits are specified below in the FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY provision within this section of this Certificate.

The procedures for notifying Blue Cross and Blue Shield are specified below in the UTILIZATION MANAGEMENT REVIEW PROCEDURE provision within this section of this Certificate.

The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Rehabilitation Treatment. - Elective Surgery

If an Inpatient Emergency Hospital Admission occurs after an Outpatient service, in order to receive maximum benefits under this Policy, an additional call must be made to Blue Cross and Blue Shield.

Blue Cross and Blue Shield will send a letter to you, your Physician and the Hospital or facility with a determination of your Prior Authorization review no later than fifteen (15) calendar days after Blue Cross and Blue Shield receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

For specific details about the Prior Authorization requirements for any of the above referenced Outpatient services, please call the customer service number on the back of your identification card. Blue Cross and Blue Shield reserves the right to no longer require Prior Authorization during your Benefit Period for any or all of the listed services. Updates to the list of services requiring Prior Authorization may be confirmed by calling the customer service number.

CASE MANAGEMENT

When you receive Covered Services in an emergency room or are hospitalized for a complex medical situation such as an organ transplant, accident or serious disease, you may be contacted by a case manager. Case managers are registered nurses (or other health care professionals) who have professional training and clinical experience. They may answer questions about your medical condition, help you understand what to expect when you are discharged from the Hospital to your home or to another care facility and help coordinate special care you may need.

In some cases, if your condition would require care in a Hospital or other health care facility, the case manager may provide an alternative treatment plan. If you and your Physician choose the alternative treatment plan, then alternative benefits may be provided as described in this Certificate.

Alternative benefits will be provided only so long as it has been determined that the alternative services are Medically Necessary and cost-effective. The case manager will continue to be available for the duration of your condition. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under this Certificate.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of this Certificate.

PREDETERMINATION REVIEW

Predetermination is an optional Medical Necessity review by Blue Cross and Blue Shield of a medical procedure, treatment or test that has been recommended by your Physician to determine if it meets approved Blue Cross and Blue Shield medical policy guidelines. A Predetermination review is not the same as Prior Authorization. Prior Authorization is a required process for the Provider to get approval from the plan before you are admitted to the hospital or for certain types of Covered Services. A Predetermination review can help you avoid unexpected out-of-pocket costs by finding out ahead of time if a recommended service will be covered by your health care plan. If a service requires Prior Authorization, a Predetermination review is not available.

Predetermination review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Please coordinate with your Provider to submit a written request for Predetermination.

Below are some examples (not an exhaustive list) of some common services for which a Predetermination review is recommended:

1. Certain higher cost durable medical equipment;
2. Surgeries that might be considered cosmetic; and
3. Services and supplies that may be Experimental/Investigational under certain circumstances

General Provisions Applicable to All Predeterminations

1. No Guarantee of Payment

A Predetermination is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Even if the service has been approved on Predetermination, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Predetermination process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Predetermination, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting

documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

POST SERVICE MEDICAL NECESSITY REVIEW

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be available when a Prior Authorization or Predetermination was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Certificate.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined based on generally accepted medical standards. Should it be determined that the Inpatient care or other health care services or supplies are not Medically Necessary, written notification of the decision will be provided to you, your Physician, and/or the

Hospital or other Provider, and will specify the dates or services that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage under this Certificate, see the section entitled, **“EXCLUSIONS—WHAT IS NOT COVERED.”**

Blue Cross and Blue Shield does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Physician. Blue Cross and Blue Shield’s determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization, Outpatient service or other health care service is Medically Necessary under this Certificate.

Blue Cross and Blue Shield will make the initial decision whether hospitalization, Outpatient service or other health care services or supplies were not Medically Necessary. In most instances, this decision is made by Blue Cross and Blue Shield after you have been hospitalized or have received other health care services or supplies and after a claim for payment has been submitted.

Remember that your Blue Cross and Blue Shield Certificate does not cover the cost of hospitalization or any health care services and supplies that are not Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve an Inpatient stay, Outpatient service or other health care service or supply does not of itself make such admission, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views an admission or other health care services or supplies as Medically Necessary, Blue Cross and Blue Shield will not pay for the admission, services or supplies if Blue Cross and Blue Shield and the Blue Cross and Blue Shield Physician decide they were not Medically Necessary.

UTILIZATION MANAGEMENT REVIEW PROCEDURE

When you contact Blue Cross and Blue Shield, you should be prepared to provide the following information:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital or facility where the admission has been scheduled and/or the location where the service has been scheduled;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service. Once contacted, Blue Cross and Blue Shield:
 1. Will review the medical information provided and may follow-up with the Provider;
 2. May determine that the services rendered or to be rendered are not Medically Necessary.

For specific details about the Prior Authorization requirement for the above referenced Outpatient services, please call the customer service number on the

back of your identification card. Blue Cross and Blue Shield reserves the right to no longer require Prior Authorization during your Benefit Period for any or all of the listed Outpatient services. The complete list of Covered Services requiring Prior Authorization review is subject to review and change by Blue Cross and Blue Shield. You are encouraged to call the customer service number on your Blue Cross and Blue Shield identification card to verify Prior Authorization requirements.

APPEAL PROCEDURE

If you or your Physician disagree with the determination of Blue Cross and Blue Shield prior to or while receiving services, you may appeal that decision by contacting Blue Cross and Blue Shield.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter from Blue Cross and Blue Shield, you may appeal that decision by having your Physician call the contact person indicated in the notification letter or by submitting a written request to:

Blue Cross and Blue Shield of Illinois
Claim Review Section
P.O. Box 2401
Chicago, Illinois 60690

You must exercise the right to this appeal as a precondition to taking any action against Blue Cross and Blue Shield, either at law or in equity.

Additional information about appeals procedures is set forth in the CLAIM APPEAL PROCEDURES provision of the **HOW TO FILE A CLAIM** section of this Certificate.

FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY

The final decision regarding your course of treatment is solely your responsibility and Blue Cross and Blue Shield will not interfere with your relationship with any Provider. However, Blue Cross and Blue Shield has established the Utilization Management Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this Certificate.

Should you fail to obtain Prior Authorization or notify Blue Cross and Blue Shield as required in the PRIOR AUTHORIZATION REVIEW provision within this section of this Certificate, you will then be responsible for the first \$1,000 or 50%, whichever is less, of the Hospital or facility charges for an eligible Inpatient stay, and/or the first or \$1,000 or 50%, whichever is less, of the charges for eligible Covered Services for Private Duty Nursing Service in addition to any deductibles, Copayments, Coinsurance and/or out-of-pocket amounts that are your responsibility under this Certificate. This amount shall not be eligible for later consideration as an unreimbursed expense under any

benefit section of this Certificate nor can it be applied to your out-of-pocket expense limit, if applicable under this Certificate.

Should you fail to preauthorize or notify Blue Cross and Blue Shield as required in the Outpatient Service Prior Authorization Review provision of this section prior to receiving Outpatient services (with the exception of Dialysis and breast MRIs), you will then be responsible for \$1,000 or 50%, whichever is less, of the charges, for eligible Covered Services in addition to any deductibles, Copayments and/or Coinsurance applicable to this Certificate. This amount shall not be eligible for later consideration as an unreimbursed expense under any Benefit Section of this Certificate not can it be applied to your out-of-pocket expense limit, if applicable to this Certificate.

IMPORTANT: If you decide to receive health care that is not a Covered Service, such as services that are determined through the Prior Authorization review process not to be Medically Necessary, then no reimbursement is available under this Certificate and you are responsible to pay the full amount billed by the Provider you chose. For additional details, please read the above MEDICALLY NECESSARY DETERMINATION provision within this section of this Certificate.

MEDICARE ELIGIBLE MEMBERS

The provisions of this Utilization Management Review Program section do not apply to you if you are Medicare eligible and have secondary coverage provided under this Certificate.

BEHAVIORAL HEALTH UNIT

The Behavioral Health Unit has been established to assist in the administration of Mental Illness and Substance Use Disorder Treatment benefits, including utilization management and case management programs. The Behavioral Health Unit is primarily staffed with Physicians, Psychologists, Clinical Professional Counselors, Clinical Social Workers, Marriage and Family Therapists and registered nurses.

PRIOR AUTHORIZATION REQUIREMENTS

Prior Authorization is a requirement that you must obtain authorization from Blue Cross and Blue Shield before you receive a certain type of Covered Services designated by Blue Cross and Blue Shield in order to be eligible for maximum benefits. For inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on Blue Cross and Blue Shield's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of our service area, see the section entitled "THE BLUECARD PROGRAM". Failure to contact Blue Cross and Blue Shield, as described in this section may result in a reduction of benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, deductibles and out-of-pocket amounts that are your responsibility under this Certificate. Providers may bill you for any reduction in payment as described in this benefit section, resulting from failure to contact Blue Cross and Blue Shield.

You, your Provider, or an authorized representative are encouraged to call ahead if the availability of payment under this Certificate is important to your decision to receive care. Blue Cross and Blue Shield may be reached twenty-four (24) hours a day, 7 days a week at the toll-free telephone number on your Blue Cross and Blue Shield identification card. Please read the provisions below very carefully. Your Providers may call Blue Cross and Blue Shield for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this benefit section.

The reductions in benefits are specified below in the FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY provision within this section of this Certificate.

The procedures for notifying Blue Cross and Blue Shield are specified below in the BEHAVIORAL HEALTH UNIT PROCEDURE provision within this section of this Certificate.

INPATIENT SERVICE PRIOR AUTHORIZATION REVIEW

Emergency Mental Illness or Substance Use Disorder Treatment Inpatient Hospital Admission Review

Emergency Mental Illness or Substance Use Disorder Treatment Inpatient Hospital Admission Review review is not a guarantee of

benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate.

In order to receive maximum benefits under this Certificate, you or someone on your behalf must notify Blue Cross and Blue Shield no later than two business days after the admission for the treatment of Mental Illness has occurred. Non-emergency services provided in a Hospital emergency department for Mental Illness or Substance Use Disorder are considered Emergency Mental Illness for the purposes of this provision and will be approved through Prior Authorization as described in this section. Your Participating Provider, and not you, is required, to obtain Prior Authorization for inpatient Hospital admissions, Residential Treatment Centers and Partial Hospitalization Treatment Programs for Substance Use Disorder Treatment.

For Non-Participating Providers, the Provider must notify Blue Cross and Blue Shield within two business days after the initiation of Hospital admissions, Residential Treatment Centers and Partial Hospitalization Treatment Programs for Substance Use Disorder Treatment, to the extent required by law. If your Provider does not notify Blue Cross and Blue Shield, then you or someone on your behalf must notify Blue Cross and Blue Shield within three business days of the initiation of Substance Use Disorder Treatment. If the call is made any later than the specified time period, you may not be eligible for maximum benefits.

Participating and Non-Participating Providers may obtain Prior Authorization of services for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied as described in this section. To determine if the Provider has completed the Prior Authorization requirements, you or someone on your behalf may call customer service at the toll-free number on your identification card.

Non-Emergency Mental Illness or Substance Use Disorder Treatment Preadmission Review

Non-Emergency Mental Illness or Substance Use Disorder Treatment Preadmission Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate.

In order to receive maximum benefits for Non-Emergency Mental Illness under this Certificate, you must obtain Prior Authorization for admissions for Mental Illness, Residential Treatment Centers and Partial Hospitalization Treatment Programs by calling Blue Cross and Blue Shield. Non-emergency services provided in a Hospital emergency department for Mental Illness or Substance Use Disorder are considered Emergency Mental Illness for the purposes of this provision and will be Prior Authorization as described above in **Emergency Mental Illness or Substance Use Disorder Treatment Inpatient Hospital Admission Review**.

Providers may obtain Prior Authorization for services for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this benefit section. behalf may call customer service at the toll-free number on your identification card. This call must be made at least one business day prior to admissions for Mental Illness, Residential Treatment Centers and Partial Hospitalization Treatment Programs. Blue Cross and Blue Shield will obtain information regarding the service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

Your Participating Provider, and not you, is required to obtain Prior Authorization for inpatient Hospital admissions, Residential Treatment Centers and Partial Hospitalization Treatment Programs for Substance Use Disorder Treatment.

For all other Non-Participating Providers, the Provider must notify Blue Cross and Blue Shield within two business days after the initiation of Hospitalization, Residential Treatment Centers and Partial Hospitalization Treatment Programs for Substance Use Disorder Treatment, to the extent required by law. If your Provider does not notify Blue Cross and Blue Shield, then you or someone on your behalf must notify Blue Cross and Blue Shield within three business days of the initiation of Substance Use Disorder Treatment.

Length of Stay/Service Review

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate.

Upon completion of an Emergency Mental Illness or Substance Use Disorder Treatment Inpatient Admission Review or a Non-Emergency Mental Illness or Substance Use Disorder Treatment Preadmission Review, Blue Cross and Blue Shield will send you a letter confirming that you or your representative called Blue Cross and Blue Shield. A letter authorizing a length of service or length of stay will be sent to you, your Behavioral Health Practitioner and/or the Hospital or facility.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the APPEAL PROCEDURE section.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

OUTPATIENT SERVICE PRIOR AUTHORIZATION REVIEW

Outpatient service Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate.

In order to receive maximum benefits under this Certificate for the following Outpatient services for the treatment of Mental Illness or Substance Use Disorder Treatment, you must, except as otherwise provided, obtain Prior Authorization for the following Outpatient service(s) by calling Blue Cross and Blue Shield:

- Applied behavioral analysis (ABA) services (Please see coverage details as described in the Autism Spectrum Disorder(s) provision under the SPECIAL CONDITIONS AND PAYMENTS section of this Certificate)
- Electroconvulsive therapy
- Intensive Outpatient Programs (Please note, if your Provider of Substance Use Disorder Treatment notifies Blue Cross and Blue Shield within two business days of the initiation of the service, you will not be required to Prior Authorization.)
- Repetitive Transcranial Magnetic Stimulation

Participating and Non-Participating Providers may Prior Authorization services for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this benefit section. This call must be made at least one business day prior to receiving the planned Outpatient service. Blue Cross and Blue Shield will obtain information regarding the Outpatient service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

MEDICALLY NECESSARY DETERMINATION

The decision that a Mental Illness or Substance Use Disorder admission or an Outpatient service is not Medically Necessary, as such term is defined in this Certificate, will be based on generally accepted medical standards. If Blue Cross and Blue Shield concurs that the Mental Illness or Substance Use Disorder admission or Outpatient service does not meet the criteria for Medically Necessary care, benefits for some days, services or the entire hospitalization will be denied. Blue Cross and Blue Shield will send a letter to you, your Behavioral Health Practitioner and the Hospital or facility with a determination of your Prior Authorization review no later than 15 calendar days after Blue Cross and Blue Shield receives the request for Prior Authorization review. The letter will specify the dates and/or services that are not considered Medically Necessary. In some instances, these letters will not be received prior to your scheduled date of admission or service. For further details regarding Medically Necessary care and other exclusions from

coverage under this Certificate, see the section entitled, **“EXCLUSIONS—WHAT IS NOT COVERED.”**

Blue Cross and Blue Shield does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Behavioral Health Practitioner. Blue Cross and Blue Shield’s determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization, Outpatient service or other health care service is Medically Necessary under this Certificate.

Blue Cross and Blue Shield will make the initial decision whether an Inpatient admission, Outpatient service or other behavioral health care service is not Medically Necessary. In most instances, this decision is made by Blue Cross and Blue Shield after you have been hospitalized or have received other behavioral health care services and after a claim for payment has been submitted.

Remember that your Blue Cross and Blue Shield Certificate does not cover the cost of hospitalization or any behavioral health care services that are not Medically Necessary. The fact that your Behavioral Health Practitioner or another health care Provider may prescribe, order, recommend or approve an Inpatient admission, Outpatient service or other behavioral health care service does not of itself make such admission or service Medically Necessary. Even if your Behavioral Health Practitioner prescribes, orders, recommends, approves, or views an admission or other behavioral health care services as Medically Necessary, Blue Cross and Blue Shield will not pay for the admission or services if Blue Cross and Blue Shield determines they were not Medically Necessary, except as otherwise described in the APPEAL PROCEDURE section.

BEHAVIORAL HEALTH UNIT PROCEDURE

When you contact the Behavioral Health Unit, you should be prepared to provide the following information:

1. The name of the attending and/or admitting Behavioral Health Practitioner;
2. The name of the Hospital or facility where the admission and/or service has been scheduled, when applicable;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service.

Once contacted, the Behavioral Health Unit:

1. Will review the medical information provided and follow-up with the Behavioral Health Practitioner;
2. May determine that the admission and/or services rendered or to be rendered are not Medically Necessary.

APPEAL PROCEDURE

If you or your Physician disagree with the determination of Blue Cross and Blue Shield prior to or while receiving services, that decision may be appealed by contacting Blue Cross and Blue Shield.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after Claim processing has taken place or upon receipt of the notification letter from Blue Cross and Blue Shield, you may appeal that decision by having your Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Blue Cross and Blue Shield of Illinois
Appeals Coordinator
Blue Cross and Blue Shield BH Program
P. O. Box 660240
Dallas, TX 75266-0240
Fax Number: 1-877-361-7656

You must exercise the right to this appeal as a precondition to taking any action against Blue Cross and Blue Shield, either at law or in equity.

Additional information about appeals procedures is set forth in the CLAIM APPEALS PROCEDURES provision of the **HOW TO FILE A CLAIM** section of this Certificate.

FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY

The final decision regarding your course of treatment is solely your responsibility and Blue Cross and Blue Shield will not interfere with your relationship with any Behavioral Health Practitioner. However, the behavioral health program has been established for the specific purpose of assisting you in maximizing your benefits provided under this Certificate.

Should you fail to obtain Prior Authorization or notify Blue Cross and Blue Shield as required in the INPATIENT SERVICE PRIOR AUTHORIZATION REVIEW provision within this section of this Certificate, you will then be responsible for the first \$1,000 or 50%, whichever is less, of the Hospital or facility charges for an eligible Inpatient stay in addition to any deductibles, Copayments Coinsurance and/or out-of-pocket amounts that are your responsibility under this Certificate. This amount shall not be eligible for later consideration as an unreimbursed expense under any benefit section of this Certificate nor can it be applied to your out-of-pocket expense limit, if applicable to this Certificate.

For Outpatient behavioral health services, there is no penalty to you for failure to notify Blue Cross and Blue Shield. For Substance Use Disorder Treatment, there is no penalty to you for failure to notify Blue Cross and Blue Shield for inpatient Hospital admissions, Residential Treatment Centers and Partial Hospitalization Treatment Programs.

IMPORTANT: If you decide to receive health care that is not a Covered Service, such as services that are determined through the Prior Authorization review process not to be Medically Necessary, then no reimbursement is available under this Certificate and you are responsible to pay the full amount billed by the Provider you chose. For additional details, please read the above MEDICALLY NECESSARY DETERMINATION provision within this section of this Certificate.

MEDICARE ELIGIBLE MEMBERS

The provisions of this section do not apply to you if you are Medicare eligible and have secondary coverage provided under this Certificate.

CASE MANAGEMENT

You may call the Behavioral Health Unit at the number shown on your identification card to access a case manager. They may answer questions about your behavioral condition, help you understand what to expect when you are discharged from a behavioral health facility to your home or to another care facility and help coordinate special care you may need. The behavioral health care management program is designed to help those with mental health and/or substance use concerns manage the unique challenges of those conditions. A case manager may reach out to you via phone or letter to offer assistance if you are experiencing behavioral health related concerns.

THE PARTICIPATING PROVIDER OPTION

Your employer has chosen Blue Cross and Blue Shield's Participating Provider Option for the administration of your Hospital and Physician and all other Covered Services. The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois website at www.bcbsil.com for a list of Participating Providers. While there may be changes in the directory, the selection of Participating Providers by Blue Cross and Blue Shield will continue to be based upon the range of services, geographic location and cost-effectiveness of care. Notice of changes in the network will be provided to your Group Administrator annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

YOUR BENEFIT PERIOD

Your Benefit Period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first Benefit Period begins on your Coverage Date, and ends on the first December 31st following that date.

YOUR DEDUCTIBLE

Each Benefit Period you must satisfy a \$3,000 deductible for Covered Services rendered by Participating Provider(s) and a separate \$5,000 deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Plan Provider(s). In other words, after you have Claims for Covered Services for more than the deductible amount in a Benefit Period, your benefits will begin. This deductible will be referred to as the program deductible.

Each time you are admitted to a Non-Participating Hospital or Non-Plan Hospital, you must satisfy a \$300 deductible. This deductible is in addition to your program deductible.

If you have Family Coverage and your family has satisfied the family deductible amount of \$6,000 for Covered Services rendered by Participating Provider(s) and a separate \$10,000 family deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Plan Provider(s), it will not be necessary for anyone else in your family to meet a benefit program deductible in that Benefit Period. That is, for the remainder of that Benefit Period only, no other family member(s) will be required to meet the benefit program deductible before receiving benefits. A family member may not apply

more than the individual deductible amount toward the family deductible amount.

The deductible amount may be adjusted based on the cost-of-living adjustment determined under the Internal Revenue Code and rounded to the nearest \$50.

When your Group initially purchased this coverage, if you were a member of the Group at that time you are entitled to a special credit toward your program deductible and out-of-pocket expense limit for the first Benefit Period. This special credit applies to eligible expenses incurred for Covered Services within the prior contract's Benefit Period, if not completed. Such expenses can be applied toward the program deductible and out-of-pocket expense limit for the first Benefit Period under this coverage. However, this is only true if your Group had "major medical" type coverage immediately prior to purchasing this coverage.

If a Covered Drug was paid for using any third-party payments, financial assistance, discount, product voucher, or other reduction in out-of-pocket expenses made by or on your behalf, that amount will be applied to your program deductible or out-of-pocket expense limit.

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your Certificate tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions of this Certificate. Please refer to the **DEFINITIONS**, **ELIGIBILITY** and **EXCLUSIONS** sections of this Certificate for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

The level of benefits paid for Hospital Covered Services is generally greater when received in a Plan Hospital or other Plan facility.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

INPATIENT CARE

The following are Covered Services when you receive them as an Inpatient in a Hospital.

Inpatient Covered Services

1. Bed, board and general nursing care when you are in:
 - a. A semi-private room
 - b. A private room
 - c. An intensive care unit
2. Ancillary services (such as operating rooms, drugs, surgical dressings and lab work)

Preadmission Testing

Benefits are provided for preoperative tests given to you as an Outpatient to prepare you for Surgery which you are scheduled to have as an Inpatient, provided that benefits would have been available to you had you received these tests as an Inpatient in a Hospital. Benefits will not be provided if you cancel or postpone the Surgery.

These tests are considered part of your Inpatient Hospital surgical stay.

Partial Hospitalization Treatment Program

Benefits are available for Partial Hospitalization Treatment Programs.

Benefits for Covered Services received in a Partial Hospitalization Treatment Program will be provided at the payment level specified for Inpatient treatment

of Mental Illness and Inpatient Substance Use Disorder Treatment in the SPECIAL CONDITIONS AND PAYMENT section of this Certificate.

Coordinated Home Care Program

Benefits will be provided for services under a Coordinated Home Care Program.

BENEFIT PAYMENT FOR INPATIENT HOSPITAL COVERED SERVICES

Participating Provider

When you receive Inpatient Covered Services from a Participating Provider or in a Plan Program of a Participating Provider, benefits will be provided at 80% of the Eligible Charge after you have met your program deductible, unless otherwise specified in this Certificate. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds. If a private room is Medically Necessary, benefits will be based on the Hospital's private room and board rate.

Non-Participating Provider

When you receive Inpatient Covered Services from a Non-Participating Provider or in a Plan Program of a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge, after you have met your program deductible and your Inpatient Hospital admission deductible, unless otherwise specified in this Certificate. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds. If a private room is Medically Necessary, benefits will be based on the Hospital's private room and board rate.

Non-Plan Provider

When you receive Inpatient Covered Services from a Non-Plan Provider, benefits will be provided at 50% of the Eligible Charge after you have met your program deductible and your Inpatient Hospital admission deductible.

Benefits for an Inpatient Hospital admission to a Non-Plan or Non-Participating Provider resulting from Emergency Accident Care or Emergency Medical Care will be provided at the same payment level which you would have received had you been in a Participating Hospital for that portion of your Inpatient Hospital stay during which your Medically Necessary condition is determined to be serious and therefore not permitting your safe transfer to a Participating Hospital or other Participating Provider.

Benefits for an Inpatient Hospital admission to a Non-Plan or Non-Participating Hospital resulting from Emergency Accident Care or Emergency Medical Care will be provided at the Non-Participating Hospital payment level or the Non-Plan Hospital payment level (depending on the type of Provider) for that portion of your Inpatient Hospital stay during which your Medically Necessary condition is determined as not being serious and therefore permitting your safe transfer to a Participating Hospital or other Participating Provider.

Services provided in a Hospital emergency department that are not Emergency Medical Care or Emergency Accident Care may be excluded from emergency coverage, although these services may be covered under another benefit, if applicable. A member may not apply more than the Individual out-of-pocket expense limit toward this amount.

For Non-Participating Providers

This out-of-pocket expense limit may be reached by:

1. The Non-Participating Provider program deductible
2. The Inpatient Hospital admission deductible(s)
3. The payments for Covered Services rendered by a Non-Participating Provider for which you are responsible after benefits have been provided

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Maximum Allowance when your out-of-pocket expense limit is reached:

100% of the Eligible Charge or Maximum Allowance. A member may not apply more than the Individual out-of-pocket expense limit toward this amount.

The out-of-pocket expense limit amount may be adjusted based on the cost-of-living adjustment determined under the Internal Revenue Code and rounded to the nearest \$50.

If a Covered Drug was paid for using any third-party payments, financial assistance, discount, product voucher, or other reduction in out-of-pocket expenses made by or on your behalf, that amount will be applied to your program deductible or out-of-pocket expense limit.

4. Shadow or companion services; or.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies to this Benefit Program when you or your covered dependent has health care coverage under more than one Benefit Program.

The order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this Benefit Program are determined before or after those of another Benefit Program. The benefits of this Benefit Program:

1. Shall not be reduced when, under the order of benefit determination rules, this Benefit Program determines its benefits before another Benefit Program; but
2. May be reduced when, under the order of benefits determination rules, another Benefit Program determines its benefits first. This reduction is described below in "When this Benefit Program is a Secondary Program."

In addition to the DEFINITIONS SECTION of this Certificate, the following definitions apply to this section:

ALLOWABLE EXPENSE.....means a Covered Service, when the Covered Service is covered at least in part by one or more Benefit Program covering the person for whom the claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under this definition unless your stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice, or as specifically defined in the Benefit Program.

When a Benefit Program provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

BENEFIT PROGRAM.....means any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

1. Individual or Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.
2. Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX of the Social Security Act).

Each contract or other arrangement under (i) or (ii) above is a separate benefit program. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Benefit Program.

CLAIM DETERMINATION PERIOD.....means a calendar year. However, it does not include any part of a year during which a person has no coverage

under this Benefit Program, or any part of a year before the date this COB provision or a similar provision takes effect.

PRIMARY PROGRAM or SECONDARY PROGRAM.....means the order of payment responsibility as determined by the order of benefit determination rules.

When this Benefit Program is the Primary Program, its benefits are determined before those of the other Benefit Program and without considering the other program's benefits.

When this Benefit Program is a Secondary Program, its benefits are determined after those of the other Benefit Program and may be reduced because of the other program's benefits.

When there are more than two Benefit Programs covering the person, this Benefit Program may be a Primary Program as to one or more other programs, and may be a Secondary Program as to a different program or programs.

ORDER OF BENEFIT DETERMINATION

When there is a basis for a Claim under this Benefit Program and another Benefit Program, this Benefit Program is a Secondary Program that has its benefits determined after those of the other program, unless:

1. The other Benefit Program has rules coordinating its benefits with those of this Benefit Program; and
2. Both those rules and this Benefit Program's rules, described below, require that this Benefit Program's benefits be determined before those of the other Benefit Program.

This Benefit Program determines its order of benefit payments using the first of the following rules that applies:

1. Non-Dependent or Dependent

The benefits of the Benefit Program that covers the person as an employee, member or subscriber (that is, other than a dependent) are determined before those of the Benefit Program that covers the person as dependent; except that, if the person is also a Medicare beneficiary, Medicare is:

- a. Secondary to the Benefit Program covering the person as a dependent; and
- b. Primary to the Benefit Program covering the person as other than a dependent, for example a retired employee.

2. Dependent Child if Parents not Separated or Divorced

Except as stated in rule 3 below, when this Benefit Program and another Benefit Program cover the same child as a dependent of different persons, (i.e., "Parent").

- a. The benefits of the program of the parent whose birthday (month and day) falls earlier in a calendar year are determined before those of the program of the parent whose birthday falls later in that year; but
- b. If both parents have the same birthday, the benefits of the Benefit Program that covered the parents longer are determined before those of the program which covered the other parent for a shorter period of time.

However, if the other Benefit Program does not have this birthday-type rule, but instead has a rule based upon gender of the parent, and if, as a result, the Benefit Programs do not agree on the order of benefits, the rule in the other Benefit Program will determine the order of benefits.

3. Dependent Child if Parents Separated or Divorced

If two or more Benefit Programs cover a person as a dependent child of divorced or separate parents, benefits for the child are determined in this order:

- a. First, the program of the parent with custody of the child;
- b. Then, the program of the spouse of the parent with the custody of the child; and
- c. Finally, the program of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. The program of the other parent shall be the Secondary Program. This does not apply with respect to any Claim Determination Period or Benefit Program year during which any benefits are actually paid or provided before the entity has that actual knowledge. It is the obligation of the person claiming benefits to notify Blue Cross and Blue Shield and, upon its request, to provide a copy of the court decree.

4. Dependent Child if Parents Share Joint Custody

If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Benefit Programs covering the child shall follow the order of benefit determination rules outlined in 2 above.

5. Young Adult as a Dependent

For a dependent child who has coverage under either or both parents' plans and also has his/her own coverage as a dependent under a spouse's plan, rule 8, "Length of Coverage" applies. In the event the dependent's child coverage under the spouse's plan began on the same date as the dependent's child coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule of rule 2 to the dependent's child parent or parents and the dependent's spouse.

6. Active or Inactive Employee

The benefits of a Benefit Program that covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Benefit Program that covers that person as a laid off or retired employee (or as that employee's dependent). If the other Benefit Program does not have this rule, and if, as a result, the Benefit Programs do not agree on the order of benefits, this rule shall not apply.

7. Continuation Coverage

If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Benefit Program, the following shall be the order of benefit determination:

- a. First, the benefits of a Benefit Program covering the person as an employee, member or subscriber (or as that person's dependent);
- b. Second, the benefits under the continuation coverage.

If the other Benefit Program does not contain the order of benefits determination described within this rule, and if, as a result, the programs do not agree on the order of benefits, this requirement shall be ignored.

8. Length of Coverage

If none of the rules in this section determines the order of benefits, the benefits of the Benefit Program that covered an employee, member or subscriber longer are determined before those of the Benefit Program that covered that person for the shorter term.

WHEN THIS BENEFIT PROGRAM IS A SECONDARY PROGRAM

In the event this Benefit Program is a Secondary Program as to one or more other Benefit Programs, the benefits of this Benefit Program may be reduced.

The benefits of this Benefit Program will be reduced when:

1. The benefits that would be payable for the Allowable Expenses under this Benefit Program in the absence of this COB provision; and
2. The benefits that would be payable for the Allowable Expenses under the other Benefit Programs, in the absence of provisions with a purpose like that of this COB provision, whether or not a claim is made;

exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Benefit Program will be reduced so that they and the benefits payable under the other Benefit Programs do not total more than those Allowable Expenses.

When the benefits of this Benefit Program are reduced as described, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Program.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts are needed to apply these COB rules. Blue Cross and Blue Shield has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Blue Cross and Blue Shield need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Benefit Program must give Blue Cross and Blue Shield any facts it needs to pay the Claim.

FACILITY OF PAYMENT

A payment made under another Benefit Program may include an amount that should have been paid under this Benefit Program. If it does, Blue Cross and Blue Shield may pay that amount to the organization that made the payment under the other Benefit Program. That amount will then be treated as though it were a benefit paid under this Benefit Program. Blue Cross and Blue Shield will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of payments made by Blue Cross and Blue Shield is more than it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid;
2. Insurance companies; or
3. Other organizations.

The “amount of payments made” includes the reasonable cash value of any benefits provided in the form of services.

CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws)

The purpose of this section of your Certificate is to explain the options available for continuing your coverage after termination, as it relates to Illinois state legislation. The provisions which apply to you will depend upon your status at the time of termination. The provisions described in Article A will apply if you are the Eligible Person (see definition) at the time of termination. The provisions described in Article B will apply if you are the spouse of a retired Eligible Person, or the party to a Civil Union with a retired Eligible Person and at least 55 years of age or the former spouse of an Eligible Person or the former party to a Civil Union with a retired Eligible Person who has died or from whom you have been divorced or from whom your Civil Union has been dissolved. The provisions described in Article C will apply if you are the dependent child of an Eligible Person who has died or if you have reached the limiting age under this Certificate and not eligible to continue coverage as provided under Article B.

Your continued coverage under this Certificate will be provided only as specified below. Therefore, after you have determined which Article applies to you, please read the provisions very carefully.

ARTICLE A: Continuation of coverage if you are the Eligible Person

If an Eligible Person's coverage under this Certificate should terminate because of termination of employment or membership or because of a reduction in hours below the minimum required for eligibility, an Eligible Person will be entitled to continue the Hospital, Surgical-Medical and/or Major Medical coverage provided under this Certificate for himself/herself and his/her eligible dependents (if he/she had Family Coverage on the date of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation of coverage will be available to you only if you have been continuously insured under the Group Policy (or for similar benefits under any group policy which it replaced) for at least 3 months prior to your termination date or reduction in hours below the minimum required for eligibility.
2. Continuation of coverage will not be available to you if: (a) you are covered by Medicare, except if you have been covered under a group Medicare supplement policy, or (b) you have coverage under any other health care program which provides group hospital, surgical or medical coverage and under which you were not covered immediately prior to such termination or reduction in hours below the minimum required for eligibility, or (c) you decide to become a member of Blue Cross and Blue Shield.
3. If you decide to continue your coverage under this Certificate, you must pay your Group on a monthly basis, in advance, the total charge required

by Blue Cross and Blue Shield for your continued coverage, including any portion of the charge previously paid by your Group. Payment of this charge must be made to Blue Cross and Blue Shield (by your Group) on a monthly basis, in advance, for the entire period of your continuation of coverage under this Certificate.

4. If you decide to become a member of Blue Cross and Blue Shield, you may not, at a later date, elect the continuation of coverage option under this Certificate. Upon termination of the continuation of coverage period as explained in paragraph 6 below, the provisions of this Certificate pertaining to “Extension of Benefits in Case of Termination” will apply.
5. Within 10 days of your termination of employment or membership or reduction in hours below the minimum required for eligibility, your Group will provide you with written notice of this option to continue your coverage. If you decide to continue your coverage, you must notify your Group, in writing, no later than 30 days after your coverage has terminated or reduction in hours below the minimum required for eligibility or 30 days after the date you received notice from your Group of this option to continue coverage. However, in no event will you be entitled to your continuation of coverage option more than 60 days after your termination or reduction in hours below the minimum required for eligibility.
6. Continuation of coverage under this Certificate will end on the date you become eligible for Medicare, become a member of Blue Cross and Blue Shield or become covered under another health care program (which you did not have on the date of your termination or reduction in hours below the minimum required for eligibility) which provides group hospital, surgical or medical coverage. However, your continuation of coverage under this Certificate will also end on the first to occur of the following:
 - a. The date twelve months after the date the Eligible Person’s coverage under this Certificate would have otherwise ended because of termination of employment or membership or reduction in hours below the minimum required for eligibility.
 - b. If you fail to make timely payment of required charges, coverage will terminate at the end of the period for which your charges were paid.
 - c. The date on which the Group Policy is terminated. However, if this Certificate is replaced by similar coverage under another group policy, the Eligible Person will have the right to become covered under the new coverage for the amount of time remaining in the continuation of coverage period. When your continuation of coverage period has expired, the provisions of this Certificate entitled EXTENSION OF BENEFITS IN CASE OF TERMINATION (when applicable) will apply to you.

ARTICLE B: Continuation of Coverage if you are the former spouse of an Eligible Person or spouse of a retired Eligible Person

If the coverage of the spouse of an Eligible Person should terminate because of the death of the Eligible Person, a divorce from the Eligible Person, dissolution

of a Civil Union from the Eligible Person or the retirement of an Eligible Person, the former spouse or retired Eligible Person's spouse if at least 55 years of age will be entitled to continue the coverage provided under this Certificate for himself/herself and his/her eligible dependents (if Family Coverage is in effect at the time of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the former spouse of an Eligible Person or spouse of a retired Eligible Person only if you provide the employer of the Eligible Person with written notice of the dissolution of marriage or Civil Union, the death or retirement of the Eligible Person within 30 days of such event.
2. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to Blue Cross and Blue Shield of the dissolution of your marriage or Civil Union to the Eligible Person, the death of the Eligible Person or the retirement of the Eligible Person as well as notice of your address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, Blue Cross and Blue Shield will advise you at your residence, by certified mail, return receipt requested, that your coverage and your covered dependents under this Certificate may be continued. Blue Cross and Blue Shield's notice to you will include the following:
 - a. A form for election to continue coverage under this Certificate.
 - b. Notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.
 - c. Instructions for returning the election form within 30 days after the date it is received from Blue Cross and Blue Shield.
3. In the event you fail to provide written notice to Blue Cross and Blue Shield within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a former spouse or spouse of a retired Eligible Person under this Certificate as a result of the dissolution of marriage or Civil Union, the death or the retirement of the Eligible Person. Your right to continuation of coverage will then be forfeited.
4. If Blue Cross and Blue Shield fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of Blue Cross and Blue Shield's notice was to be sent are terminated as to all Eligible Persons under this Certificate.
5. If you have not reached age 55 at the time your continued coverage begins, the monthly charge will be computed as follows:
 - a. An amount, if any, that would be charged to you if you were an Eligible Person, with Individual or Family Coverage, as the case may be, plus

- b. An amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from Blue Cross and Blue Shield as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

6. If you have reached age 55 at the time your continued coverage begins, the monthly charge will be computed for the first 2 years as described above. Beginning with the third year of continued coverage, an additional charge, not to exceed 20% of the total amounts specified in 5 above will be charged for the costs of administration.

7. Termination of Continuation of Coverage:

If you have not reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

- a. If you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
- b. On the date coverage would otherwise terminate under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.
- c. The date on which you remarry or enter another Civil Union.
- d. The date on which you become an insured employee under any other group health plan.
- e. The expiration of 2 years from the date your continued coverage under this Certificate began.

8. If you have reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

- a. If you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
- b. On the date coverage would otherwise terminate, except due to the retirement of the Eligible Person, under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death, retirement or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.
- c. The date on which you remarry or enter another Civil Union.

- d. The date on which you become an insured employee under any other group health plan.
 - e. The date upon which you reach the qualifying age or otherwise establish eligibility under Medicare.
9. If you exercise the right to continuation of coverage under this Certificate you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.
 10. Upon termination of your continuation of coverage, you may exercise the privilege to become a member of Blue Cross and Blue Shield as specified in the ELIGIBILITY SECTION of this Certificate.
 11. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

ARTICLE C: Continuation of Coverage if you are the dependent child of an Eligible Person

If the coverage of a dependent child should terminate because of the death of the Eligible Person and the dependent child is not eligible to continue coverage under ARTICLE B or the dependent child has reached the limiting age under this Certificate, the dependent child will be entitled to continue the coverage provided under this Certificate for himself/herself. However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the dependent child of an Eligible Person only if you, or a responsible adult acting on your behalf as the dependent child, provide the employer of the Eligible Person with written notice of the death of the Eligible Person within 30 days of the date the coverage terminates.
2. If continuation of coverage is desired because you have reached the limiting age under this Certificate, you must provide the employer of the Eligible Person with written notice of the attainment of the limiting age within 30 days of the date the coverage terminates.
3. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to Blue Cross and Blue Shield of the death of the Eligible Person or of the dependent child reaching the limiting age, as well as notice of the dependent child's address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, Blue Cross and Blue Shield will advise you at your residence, by certified mail, return receipt requested, that your coverage under this Certificate may be continued. Blue Cross and Blue Shield's notice to you will include the following:
 - a. A form for election to continue coverage under this Certificate.

- b. Notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.
 - c. Instructions for returning the election form within 30 days after the date it is received from Blue Cross and Blue Shield.
4. In the event you, or the responsible adult acting on your behalf as the dependent child, fail to provide written notice to Blue Cross and Blue Shield within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a dependent child of an Eligible Person under this Certificate as a result of the death of the Eligible Person or the dependent child attaining the limiting age. Your right to continuation of coverage will then be forfeited.
5. If Blue Cross and Blue Shield fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of Blue Cross and Blue Shield's notice was to be sent are terminated as to all Eligible Persons under this Certificate.
6. The monthly charge will be computed as follows:
- a. An amount, if any, that would be charged to you if you were an Eligible Person, plus
 - b. An amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from Blue Cross and Blue Shield as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

7. Continuation of Coverage shall end on the first to occur of the following:
- a. If you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
 - b. On the date coverage would otherwise terminate under this Certificate if you were still an eligible dependent child of the Eligible Person.
 - c. The date on which you become an insured employee, after the date of election, under any other group health plan.
 - d. The expiration of 2 years from the date your continued coverage under this Certificate began.
8. If you exercise the right to continuation of coverage under this Certificate, you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.

9. Upon termination of your continuation of coverage, you may exercise the privilege to become a member of Blue Cross and Blue Shield as specified in the ELIGIBILITY SECTION of this Certificate.
10. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

CONTINUATION OF COVERAGE FOR PARTIES TO A CIVIL UNION

The purpose of this section of your Certificate is to explain the options available for temporarily continuing your coverage after termination if you are covered under this Certificate as the party to a Civil Union with an Eligible Person or as the dependent child of a party to a Civil Union. Your continued coverage under this Certificate will be provided only as specified below. Please read the provisions very carefully.

Continuation of Coverage

If you are the party to a Civil Union or the dependent child of a party to a Civil Union and you lose coverage under this Certificate, you have the same options as the spouse or dependent child of an Eligible Person to continue your coverage. The options available to a spouse or to a dependent child are described in the CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) section and the CONTINUATION COVERAGE RIGHTS UNDER COBRA section, if applicable to your Group.

NOTE: Certain employers may not be required to offer COBRA continuation coverage. See your Group Administration if you have any questions about COBRA.

In addition to the events listed in the CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) section and the CONTINUATION RIGHTS UNDER COBRA section, if applicable, continuation of coverage is available to you and your dependent children in the event you lose coverage because your Civil Union partnership with the Eligible Person terminates. Your Civil Union will terminate if your partnership no longer meets the criteria described in the definition of “Civil Union” in the DEFINITIONS SECTION of this Certificate. You are entitled to continue coverage for the same period of time as a spouse or child who loses coverage due to divorce.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

This CONTINUATION COVERAGE RIGHTS UNDER COBRA section does not apply to your dependent who is a party to a Civil Union and their children.

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your employer or Group Administrator should you have any questions about COBRA.

Introduction

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his/her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his/her gross misconduct;
- The parent-employee becomes enrolled in Medicare benefits (under Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When Is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator

for procedures for this notice, including a description of any required information or documentation.

How Is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension Of 18-Month Period Of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension Of 18-Month Period Of Continuation Coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is

properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

HOW TO FILE A CLAIM

In order to obtain your benefits under this Certificate, it is necessary for a Claim to be filed with Blue Cross and Blue Shield. To file a Claim, usually all you will have to do is show your Blue Cross and Blue Shield identification card to your Hospital or Physician (or other Provider) when you receive services. They will file your Claim for you. Remember however, it is your responsibility to insure that the necessary Claim information has been provided to Blue Cross and Blue Shield.

Once Blue Cross and Blue Shield receives your Claim, it will be processed and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how much was paid. In some cases Blue Cross and Blue Shield will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on Blue Cross and Blue Shield's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Group Administrator or from your local Blue Cross and Blue Shield office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis (including appropriate codes), the date of service and a description of the service (including appropriate codes) and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

Blue Cross and Blue Shield of Illinois
P.O. Box 805107
Chicago, Illinois 60680-4112

In any case, Claims should be filed with Blue Cross and Blue Shield on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

Should you have any questions about filing Claims, ask your Group Administrator or call your local Blue Cross and Blue Shield office.

FILING OUTPATIENT PRESCRIPTION DRUG CLAIMS

In certain situations, you will have to file your own Claims in order to obtain benefits for Outpatient prescription drugs. This is primarily true when you did not receive an identification card, the Pharmacy was unable to transmit a Claim or you received benefits from a non-Participating Prescription Drug Provider. To do so, follow these instructions:

1. Complete a prescription drug Claim Form. These forms are available from your Group Administrator or from your local Blue Cross and Blue Shield office.
2. Attach copies of all Pharmacy receipts to be considered for benefits. These receipts must be itemized.
3. Mail the completed Claim Form with attachments to:

Prime Therapeutics
P.O. Box 25136
Lehigh Valley, PA 18002-5136

In any case, Claims should be filed with Blue Cross and Blue Shield on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

1. **Urgent Care Clinical Claim** is any pre-service Claim that requires Prior Authorization, as described in this Certificate, as a prerequisite for receiving benefits for medical care or treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that could be adequately managed without care or treatment.
2. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
3. **Post-Service Claim** is notification in a form acceptable to Blue Cross and Blue Shield that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim Charge, and any other information with Blue Cross and Blue Shield may request in connection with services rendered to you.

CLAIM APPEAL PROCEDURES

Claim Appeal Procedures—Definitions

An “Adverse Benefit Determination” means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit in response to a Claim, pre-service Claim or urgent care clinical Claim, including any such denial, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an Ongoing Course of Treatment had been approved by Blue Cross and Blue Shield and Blue Cross and Blue Shield reduces or terminates such treatment (other than by amendment or termination of the Group’s benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A rescission of coverage is also an Adverse Benefit Determination.

In addition, an Adverse Benefit Determination, also includes an “Adverse Determination.”

An “Adverse Determination” means:

1. A determination by Blue Cross and Blue Shield or its designee utilization review organization that, based upon the information provided, a request for a benefit under Blue Cross and Blue Shield’s health benefit plan upon application of any utilization review technique does not meet Blue Cross and Blue Shield’s requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and the requested benefit is therefore denied, reduced or terminated or payment is not provided or made, in whole or in part, for the benefit;

2. A Rescission of coverage determination. For additional information, see the definition of “RESCISSION” in the DEFINITIONS SECTION of this Certificate.

Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An expedited clinical appeal is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as a continued hospitalization. Before authorization of benefits for an Ongoing Course of Treatment is terminated or reduced, Blue Cross and Blue Shield will provide you with notice and an opportunity to appeal. For the Ongoing Course of Treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, Blue Cross and Blue Shield will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Blue Cross and Blue Shield will render a decision on the appeal within 24 hours after it receives the requested information, but in no event more than 48 hours after the appeal has been received by Blue Cross and Blue Shield.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a Claim, any determination of a request for Prior Authorization, or any other determination made by Blue Cross and Blue Shield in accordance with the benefits and procedures detailed in your health benefit plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. Under your health benefit plan, there is one level of internal appeal available to you. In some circumstances, a health care provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call Blue Cross and Blue Shield at the number on the back of your identification card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe Blue Cross and Blue Shield incorrectly denied all or part of your benefits, you may have your Claim reviewed. Blue Cross and Blue Shield will review its decision in accordance with the following procedure:

1. Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to Blue Cross and Blue Shield to request a Claim review. Blue Cross and Blue Shield will need to know the reasons why you do not agree with the Adverse Benefit Determination.

2. In support of your Claim review, you have the option of presenting evidence and testimony to Blue Cross and Blue Shield. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the Claim review process.
3. To contact Blue Cross and Blue Shield to request a Claim review or appeal an Adverse Benefit Determination, use the following contact information:

During the course of your internal appeal(s), Blue Cross and Blue Shield will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon or generated by Blue Cross and Blue Shield in connection with the appealed Claim, as well as any new or additional rationale for a denial at the internal appeals stage.

Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made in order to give you a reasonable opportunity to respond. Blue Cross and Blue Shield may extend the time period described in this Certificate for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or part on a medical judgement, the appeal will be conducted by individuals associated with Blue Cross and Blue Shield and/or external advisors, but who were not involved in making the initial denial of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and you must have received a final appealed decision from Blue Cross and Blue Shield (except in situations where you are not required to exhaust the appeals process).

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent, pre-service or post-service appeal Blue Cross and Blue Shield will notify the party filing the appeal within three business days of all the information needed to review the appeal.

Blue Cross and Blue Shield will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 15 business days after receipt of all required information. Blue Cross and Blue Shield will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 15 business days after we receive any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, Blue Cross and Blue Shield will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

INDEPENDENT EXTERNAL REVIEW

You or your authorized representative may make a request for a standard external review or expedited external review of an Adverse Determination or Final Adverse Determination by an independent review organization (IRO).

A **“Final Adverse Determination”** means an Adverse Determination involving a Covered Service that has been upheld by Blue Cross and Blue Shield or its designated utilization review organization, at the completion of Blue Cross and Blue Shield’s internal grievance process procedures.

Standard External Review

You or your authorized representative must submit a written request for a standard external independent review to the Director of the Illinois Department of Insurance (“IDOI”) within four months of receiving an Adverse Determination or Final Adverse Determination. Your request should be submitted to the IDOI at the following address:

Illinois Department of Insurance
Office of Consumer Health Insurance
External Review Unit
320 West Washington Street
Springfield, Illinois 62767
(877) 850-4740 Toll-free phone number

You may submit additional information or documentation to support your request for the health care services. Within one business day after the date of receipt of the request, the IDOI will send a copy of the request to Blue Cross and Blue Shield.

Preliminary Review: Within five business days of receipt of the request from the IDOI, Blue Cross and Blue Shield will complete a preliminary review of your request to determine whether:

1. You were a covered person at the time health care service was requested or provided;
2. The service that is the subject of the Adverse Determination or the Final Adverse Determination is a Covered Service under this Certificate, but Blue Cross and Blue Shield has determined that the health care service is not covered;
3. You have exhausted Blue Cross and Blue Shield's internal appeal process, unless you are not required to exhaust Blue Cross and Blue Shield's internal appeal process pursuant to the Illinois Health Carrier External Review Act; and
4. You have provided all the information and forms required to process an external review.

For appeals relating to a determination based on treatment being experimental or investigational, Blue Cross and Blue Shield will complete a preliminary review to determine whether the requested service or treatment that is the subject of the Adverse Determination or Final Adverse Determination is a Covered Service, except for Blue Cross and Blue Shield's determination that the service or treatment is experimental or investigational for a particular medical condition and is not explicitly listed as an excluded benefit. In addition, your health care provider has certified that one of the following situations is applicable:

1. Standard health care services or treatments have not been effective in improving your condition;
2. Standard health care services or treatments are not medically appropriate for you; or
3. There is no available standard health care services or treatment covered by Blue Cross and Blue Shield that is more beneficial than the recommended or requested service or treatment.

In addition, a) your health care provider has certified in writing that the health care service or treatment is likely to be more beneficial to you, in the opinion of your health care provider, than any available standard health care services or treatments, or b) your health care provider who is a licensed, board certified or board eligible physician qualified to practice in the area of medicine appropriate to treat your condition has certified in writing that scientifically valid studies using accepted protocols demonstrate that the health care service or treatment requested is likely to be more beneficial to you than any available standard health care services or treatments.

Notification: Within one business day after completion of the preliminary review, Blue Cross and Blue Shield shall notify the IDOI, you and your authorized representative, if applicable, in writing whether the request is complete and eligible for an external review. If the request is not complete or

not eligible for an external review, the IDOI, you and your authorized representative shall be notified by Blue Cross and Blue Shield in writing of what materials are required to make the request complete or the reason for its ineligibility. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, the IDOI's decision shall be in accordance with the terms of your benefit program (unless such terms are inconsistent with applicable laws) and shall be subject to all applicable laws.

Assignment of IRO: When the IDOI receives notice that your request is eligible for external review following the preliminary review, the IDOI will, within one business day after the receipt of the notice, a) assign an IRO on a random basis from those IROs approved by the IDOI; and (b) notify Blue Cross and Blue Shield, you and your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Within five business days after the date of receipt of the notice provided by the IDOI of assignment of an IRO, Blue Cross and Blue Shield shall provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may, within five business days following the date of receipt of the notice of assignment of an IRO, submit in writing to the assigned IRO additional information that the IRO shall consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after five business days. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within five business days, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. A failure by Blue Cross and Blue Shield or designated utilization review organization to provide the documents and information to the IRO within five business days shall not delay the conduct of the external review. Within one business day after making the decision to end the external review, the IRO shall notify Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

If you or your authorized representative submitted additional information to the IRO, the IRO shall forward the additional information to Blue Cross and Blue Shield within one business day of receipt from you or your authorized representative. Upon receipt of such information, Blue Cross and Blue Shield may reconsider the Adverse Determination or Final Adverse Determination. Such reconsideration shall not delay the external review. Blue Cross and Blue Shield may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, Blue Cross and Blue Shield shall notify the IDOI, the IRO, you, and if applicable, your authorized representative of its decision to reverse the determination.

IRO's Decision. In addition, to the documents and information provided by Blue Cross and Blue Shield and you, or if applicable, your authorized representative, the IRO shall also consider the following information if available and appropriate:

1. Your pertinent medical records;
2. Your health care provider's recommendation;
3. Consulting reports from appropriate health care providers and other documents submitted to Blue Cross and Blue Shield or its designee utilization review organization, you, your authorized representative or your treating provider;
4. The terms of coverage under the benefit programs;
5. The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
6. Any applicable clinical review criteria developed and used by Blue Cross and Blue Shield or its designated utilization review organization; and
7. The opinion of the IRO's clinical reviewer or reviewers after consideration of the items described above.

Within one business day after the receipt of notice of assignment to conduct an external review with respect to a denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, the IRO will select one or more clinical reviewers, as it determines is appropriate, to conduct the external review, which clinical reviews must meet the minimum qualifications set forth in the Illinois Health Carrier External Review Act, and neither you, your authorized representative, if applicable, nor Blue Cross and Blue Shield will choose or control the choice of the physicians or their health care professionals to be selected to conduct the external review.

Each clinical reviewer will provide written opinion to the IRO within 20 days after being selected by the IRO to conduct the external review on whether the recommended or requested health care services or treatment should be covered.

The IRO will make a decision within 20 days after the date it receives the opinion of each clinical reviewer, which will be determined by the recommendation for majority of the clinical reviewers.

Within five days after the date of receipt of the necessary information, but in no event more than 45 days after the date of receipt of request for an external review, the IRO will render its decision to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable, of its decision.

The written notice will include:

1. A general description of the reason for the request for external review;
2. The date the IRO received the assignment from the IDOI;
3. The time period during which the external review was conducted;
4. References to the evidence or documentation including the evidence-based standards, considered in reaching its decision or in the case of external reviews of Experimental/Investigational services or treatments, the written opinions of each clinical reviewer as to whether the recommended or requested health care service or treatment should be covered and the rationale for the reviewer's recommendation;
5. The date of its decisions;
6. The principal reason or reasons for its decision, including, what applicable, if any, evidence-based standards that were a basis for its decisions; and
7. The rationale for its decision.

Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review.

The IRO is not bound by any Claim determination reached prior to the submission of information to the IRO. The IDOI, you and your authorized representative, if applicable, and Blue Cross and Blue Shield will receive written notice from the IRO. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

Expedited External Review

If you have a medical condition where the timeframe for completion of (a) an expedited internal review of an appeal involving an Adverse Determination; (b) a Final Adverse Determination; or, (c) a standard external review as described above, would seriously jeopardize your life or health or your ability to regain maximum function, then you or your authorized representative may file a request for an expedited external review by an IRO not associated with Blue Cross and Blue Shield. In addition, if a Final Adverse Determination concerns an admission, availability of care, continued stay or health care service for which you received emergency services, but have not been discharged from a facility, then you or your authorized representative may request an expedited external review. You or your authorized representative may file the request immediately after a receipt of notice of a Final Adverse Determination or if Blue Cross and Blue Shield fails to provide a decision on a request for an expedited internal appeal within 48 hours.

You may also request an expedited external review if a Final Adverse Determination concerns a denial of coverage based on the determination that the treatment or service in question is considered Experimental/Investigational and your health care provider certifies in writing that the treatment or service would be significantly less effective if not started promptly.

Expedited external review will not be provided for retrospective adverse or final adverse determinations.

Your request for an expedited independent external review may be submitted to the IDOI either orally (by calling 877-850-4740) or in writing as set forth above for requests for standard external review.

Notification. Upon receipt of a request for an expedited external review, the IDOI shall immediately send a copy of the request to Blue Cross and Blue Shield. Blue Cross and Blue Shield shall immediately notify the IDOI, you and your authorized representative, if applicable, whether the expedited request is complete and eligible for an expedited external review. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI.

The IDOI may determine that a request is eligible for expedited external review and require that it be referred for an expedited external review. In making such determination, the IDOI's decision shall be in accordance with the terms of the benefit program (unless such terms are inconsistent with applicable law) and shall be subject to all applicable laws.

Assignment of IRO. If your request is eligible for expedited external review, the IDOI shall immediately assign an IRO on a random basis from the list of IROs approved by the IDOI; and immediately notify Blue Cross and Blue Shield of the name of the IRO.

Upon receipt from the IDOI of the name of the IRO assigned to conduct the external review, Blue Cross and Blue Shield or its designated utilization review organization shall immediately (but in no case more than 24 hours after receiving such notice) provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may submit additional information in writing to the assigned IRO within 24 hours or additional information may accompany the request for an expedited independent external review. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within 24 hours, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, the IRO shall notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

As expeditiously as your medical condition or circumstances requires (but in no event more than 72 hours after the date of receipt of the request for an expedited external review) the assigned IRO will render a decision whether or not to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative.

If the initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield and, if applicable, your authorized representative, including all the information outlined under the standard process above.

If the external review was a review of Experimental/Investigational treatments, each clinical reviewer shall provide an opinion orally or in writing to the assigned IRO as expeditiously as your medical condition or circumstances requires, but in no event more than five calendar days after being selected. Within 48 hours after the date it receives the opinion of each clinical reviewer, the IRO will make a decision and provide notice of the decision either orally or in writing to the IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable.

If the IRO’s initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield and, if applicable, your authorized representative.

The assigned IRO is not bound by and decisions or conclusions reached during Blue Cross and Blue Shield’s utilization review process or Blue Cross and Blue Shield’s internal grievance process. Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Benefits will not be provided for services or supplies not covered under the benefit program if the IRO determines that the health care services being appealed were medically appropriate.

An external review decision is binding on Blue Cross and Blue Shield. An external review decision is binding on you, except to the extent you have other remedies available under applicable federal or state law. GENERAL PROVISIONS

BLUE CROSS AND BLUE SHIELD'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

Blue Cross and Blue Shield hereby informs you that it has contracts with certain Providers ("Plan Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which Blue Cross and Blue Shield is a party, including all persons covered under this Certificate. Under certain circumstances described in its contracts with Plan Providers, Blue Cross and Blue Shield may:

1. Receive substantial payments from Plan Providers with respect to services rendered to you for which Blue Cross and Blue Shield was obligated to pay the Plan Provider, or
2. Pay Plan Providers substantially less than their Claim Charges for services, by discount or otherwise, or
3. Receive from Plan Providers other substantial allowances under Blue Cross and Blue Shield's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by Blue Cross and Blue Shield under this Certificate and the calculation of all required deductible and Coinsurance amounts payable by you under this Certificate shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Group has been advised that Blue Cross and Blue Shield may receive such payments, discounts and/or other allowances during the term of the Policy. Neither the Group nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Providers work, please consider the following example:

1. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is \$1,000. How is the \$1,000 bill paid?
2. You personally will have to pay the deductible and Coinsurance amounts set out in your Certificate.
3. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the \$1,000 Hospital bill would be reduced by 30% to \$700 for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.

4. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the \$1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of \$700, or \$140. You should note that your 20% Coinsurance is based on the full \$1,000 Hospital bill, after it is reduced by the applicable ADP.
5. After taking into account the deductible and Coinsurance amounts, Blue Cross and Blue Shield will satisfy its portion of the Hospital bill. In most cases, Blue Cross and Blue Shield has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money Blue Cross and Blue Shield would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is \$1,000, your deductible has already been satisfied, and your Coinsurance is \$140, then Blue Cross and Blue Shield has to satisfy the rest of the Hospital bill, or \$860. Assuming Blue Cross and Blue Shield has a contract with the Hospital, Blue Cross and Blue Shield will usually be able to satisfy the \$860 bill that remains after your Coinsurance and deductible, by paying less than \$860 to the Hospital, often substantially less than \$860. Blue Cross and Blue Shield receives, and keeps for its own account, the difference between the \$860 bill and whatever Blue Cross and Blue Shield ultimately pays under its contracts with Plan Providers, and neither you nor your Group are entitled to any part of these savings.

Other Blue Cross and Blue Shields' Separate Financial Arrangements with Providers

Out-of-Area Services

Blue Cross and Blue Shield of Illinois, a division of Health Care Service Corporation, herein called "the Plan" has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by Blue Cross and Blue Shield Association. Whenever you access healthcare services outside of the Plan's service area, the Claims for these services may be processed through one of these Inter-Plan Arrangements, which includes the BlueCard Program and may be processed through one of these Inter-Plan Arrangements, which includes the BlueCard Program and may include negotiated arrangements available between the Plan and other Blue Cross and Blue Shield Licensees.

When you receive care outside our service area, you will receive it from two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). Some Providers ("Non-Participating Providers") don't contract with the Host Blue. We explain how we pay both types of Providers below.

BlueCard® Program

Under the BlueCard[®] Program, when you receive Covered Services within the geographic area served by a Host Blue, we will remain responsible for what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

For inpatient facility services received in a Hospital, the Host Blue's Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

Whenever you receive Covered Services outside the Plan's service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

1. The billed covered charges for your Covered Services; or
2. The negotiated price that the Host Blue makes available to the Plan.

To help you understand how this calculation would work, please consider the following example:

1. Suppose you received Covered Services for an illness while you are on vacation outside of Illinois. You show your identification card to the Provider to let him/her know that you are covered by the Plan.
2. The Provider has negotiated with the Host Blue a price of \$80, even though the provider's standard charge for this service is \$100. In this example, the provider bills the Host Blue \$100.
3. The Host Blue, in turn, forwards the claim to the Plan and indicates that the negotiated price for the Covered Service is \$80. The Plan would then base the amount you must pay for the service — the amount applied to your deductible, if any, and your Coinsurance percentage — on the \$80 negotiated price, not the \$100 billed charge.
4. So, for example, if your Coinsurance is 20%, you would pay \$16 (20% of \$80), not \$20 (20% of \$100). You are not responsible for amounts over the negotiated price for a Covered Service.

PLEASE NOTE: The Coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your deductible and that there are no Copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this Certificate.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that

results in expected average savings for similar types of health care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, also take into account adjustments to correct for over or underestimation of past pricing of Claims, as noted above. However, such adjustments will not affect the price we use for your Claim because they will not be applied after a Claim has already been paid.

Non-Participating Health Care Providers Outside the Plan's Service Area

Liability Calculation

1. In General

When Covered Services are provided outside of the Plan's service area by Non-Participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the Certificate for Non-Participating Providers located inside our service area. You may be responsible for the difference between the amount that the Non-Participating Provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In some exception cases, the Plan may, but is not required to, negotiate a payment with such Non-Participating Provider on an exception basis. If a negotiated payment is not available, then the Plan may make a payment based on the lesser of:

- a. The amount calculated using the methodology described in the Certificate for non-participating Providers located inside our service area (and described in Section (a) above); or
- b. The following:
 - (i) For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or
 - (ii) For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment Blue

Cross and Blue Shield of Illinois will make for the Covered Services as set forth in this paragraph.

Special Cases: Value-Based Programs BlueCard Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing and/or Care Coordinator Fees that are a part of such an arrangement, except when Host Blue passes these fees to the Plan through average or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If the Plan has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the employer on your behalf, the Plan will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted for the BlueCard Program.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, the Plan will include any such surcharge, tax or other fee as part of the Claim Charge passed on to you.

Blue Cross Blue Shield Global Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and professional Providers, the network is not served by a Host Blue. As such when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the Service Center at 1-800-810-Blue (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

If the Plan has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the employer on your behalf, the Plan will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted for the BlueCard Program.

Inpatient Services

In most cases, if you contact the Service Center for assistance, Hospitals will not require you to pay for covered Inpatient services, except for your cost share amounts/deductibles, Coinsurance, etc. In such cases, the Hospital will submit your Claims to the Service Center to begin Claims processing. However if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must contact the Plan to obtain Prior Authorization for non-emergency Inpatient services.**

Outpatient Services

Outpatient Services are available for Emergency Care, Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form with the Provider's itemized bill(s) to the Service Center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from the Plan, the Service Center or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

BLUE CROSS AND BLUE SHIELD'S SEPARATE FINANCIAL ARRANGEMENTS REGARDING PRESCRIPTION DRUGS

Blue Cross and Blue Shield's Separate Financial Arrangements with Prescription Drug Providers

Blue Cross and Blue Shield hereby informs you that it has arrangements with prescription drug providers ("Participating Prescription Drug Providers") to provide prescription drug services to all persons entitled to prescription drug benefits under health policies and contracts to which Blue Cross and Blue Shield is a party, including all persons covered under this Certificate. Under its arrangements with Participating Prescription Drug Providers, Blue Cross and Blue Shield may receive from these providers discounts for prescription drugs dispensed to you. Actual discounts used to calculate your share of the cost of prescription drugs will vary. Some discounts are currently based on Average Wholesale Price ("AWP") which is determined by a third party and is subject to change.

You understand that Blue Cross and Blue Shield may receive such discounts. Neither the Group nor you are entitled to receive any portion of any discounts. The drug fees/discounts that Blue Cross and Blue Shield has negotiated with Prime Therapeutics LLC ("Prime") through the Pharmacy Benefit Management ("PBM") Agreement, will be used to

calculate your share of the cost of prescription drugs for both retail and home delivery/specialty drugs. Except for home delivery/specialty drugs, the PBM Agreement requires that the fees/discounts that Prime has negotiated with pharmacies (or other suppliers) are passed-through to the Plan (and ultimately to you as described above).

For the home delivery pharmacy and specialty pharmacy program partially owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the home delivery pharmacy and/or specialty pharmacy program. Blue Cross and Blue Shield pays a fee to Prime for pharmacy benefit services. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, Claims processing, customer service response, and home delivery processing.

"Weighted Paid Claim" refers to the methodology of counting Claims for purposes of determining Blue Cross and Blue Shield's fee payment to Prime. Each retail (including claims dispensed through PBM's specialty pharmacy program) paid claim is weighed in 34 day supply increments so a 1-34 days' supply is considered one weighted claim, a 35-68 days' supply is considered two weighted claims and the pattern continues up to 6 weighted claims for 171 or more days' supply. Blue Cross and Blue Shield pays Prime a Program Management Fee ("PMF") on a per weighted claim days' supply.

The amounts received by Prime from Blue Cross and Blue Shield, pharmacies, manufacturers or other third parties may be revised. Some of the amounts received by Prime may be charged each time a claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to Blue Cross and Blue Shield (as described above), administrative fees charge by Prime to pharmacies and administrative fees charged by Prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this Certificate. Additional information about these types of fees or the amount of these fees is available upon request. The maximum that Prime will receive from any pharmaceutical manufacturer for certain administrative fees will be five and a half percent, (5.5%) of the total sales for all rebatable products of such manufacturer dispensed during any given calendar year to members of Blue Cross and Blue Shield and other Blue Plan operating divisions.

Blue Cross and Blue Shield's Separate Financial Arrangements with Pharmacy Benefit Managers

Blue Cross and Blue Shield owns a significant portion of the equity of Prime Therapeutics LLC and informs you that Blue Cross and Blue Shield has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on Blue Cross and Blue Shield's behalf, Claim Payments and certain administrative services for your prescription drug benefits.

Pharmacy Benefit Managers and Blue Cross and Blue Shield may have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with Blue Cross and Blue Shield. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the Group nor you are entitled to receive any portion of any such rebates in excess of any amount that may be reflected in the premium.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of Blue Cross and Blue Shield, but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufacturers to cover the administrative costs of processing late payments). Blue Cross and Blue Shield may receive such rebates from Prime.

PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

Under this Certificate, Blue Cross and Blue Shield has the right to make any benefit payment either to you or directly to the Provider of the Covered Services, unless reasonable evidence of a properly executed and enforceable assignment of benefit payment has been received by Blue Cross and Blue Shield. For example, Blue Cross and Blue Shield may pay benefits to you if you receive Covered Services from a Non-Plan Provider. Blue Cross and Blue Shield is specifically authorized by you to determine to whom any benefit payment should be made.

Once Covered Services are rendered by a Provider, you have no right to request Blue Cross and Blue Shield not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, Blue Cross and Blue Shield will have no liability to you or any other person because of its rejection of such request.

Except for the assignment of benefit payment described above, neither this Certificate nor a Covered Person's claim for benefits under this Certificate is expressly non-assignable and non-transferable in whole or in part to any person or entity, including any Provider, at anytime before or after Covered Services are rendered to a Covered Person. Coverage under this Certificate is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

YOUR PROVIDER RELATIONSHIPS

The choice of a Provider is solely your choice and Blue Cross and Blue Shield will not interfere with your relationship with any Provider.

Blue Cross and Blue Shield does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. Blue Cross and Blue Shield is not in any event liable for any act or omission of any Provider or the agent or employee of

such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by Blue Cross and Blue Shield. Any contractual relationship between a Physician and a Plan Hospital or other Plan Provider shall not be construed to mean that Blue Cross and Blue Shield is providing professional service.

The use of an adjective such as Plan or Participating in modifying a Provider shall in no way be construed as a recommendation, referral or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use or non-designation of Plan, Participating or any similar modifier or the use of a term such as Non-Plan or Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

Each Provider provides Covered Services only to you and does not deal with or provide any services to your Group (other than as an individual Covered Person) or your Group's ERISA Health Benefit Program.
