How to use Direct Mail

Maximize effectiveness and cost-efficiency by following these best practices for direct mail lead generation.

Direct Mail Best Practices

1. Determine your mailing list
2. Download art from your Producer Supply Portal
3. Personalize mailers with your contact information/ organization’s information
4. Add trackable phone numbers and/or website information
5. Provide printer or post office postage costs, or ensure your postal permit will cover mailing costs

Direct mail is considered to be more effective than other mass media options—especially for Medicare-eligible audiences. Even so, the most successful direct mail programs only deliver response rates of between 0.75% and 1.5%, so it’s important to do everything to maximize your success.

Tracking

- During the Annual Enrollment Period, mailboxes are full, and you don’t want your mailing to get lost in the clutter. Plan to be in front of your prospects at least every other week. Also consider adding additional media exposure and events to your marketing plan, so your piece is more likely to be recognized and read.
- Most consumers research plans first, then shop, then decide. You’ll want to be present and available at every one of these important stages.

Helpful Tips

- Create targeted, proven mailing lists. Data shows that consumers aged 65-75 are more likely to switch Medicare plans than older peers, so be sure that segment is included in your mailing list.
- Use segmented lists. If you’re trying to target low-income consumers, they will likely respond better to low-price messages, while higher-income prospects may respond better to value-added benefits or expansive network messages.

Partnerships

Building strong partnerships is important to hosting a successful event and building a book of business. Collaboration with local businesses, providers and community organizations can help boost event attendance. Reach out to your local Regional Sales Manager for more information.

- Health care providers: pharmacies, provider offices/clinics
- Community centers: senior centers, retirement communities, local fitness centers, faith-based organizations
- Local businesses: grocery stores, local radio stations, Chamber of Commerce, libraries

Schedule

- Choose date/time
- Avoid conflicts–holidays, community events, major sporting events–anything that might reduce attendance
- Give yourself time for promotional activities
- Book venue/event early and file with carrier in timely manner
- Prepare marketing materials
- Confirm venue and finalize logistics

For formal events, schedule up to three hours (which includes set up and breakdown); for informal events, you will set up for a predetermined time.

Venue

Selecting an easily accessible, comfortable and professional venue is best to encourage attendance.

- Senior and community centers
- Libraries
- Faith-based organizations
- Restaurants with private rooms
- Fitness centers
- Hotel conference room
- Retail stores

Questions for venue:

- Is the space available during the preferred date/time?
- How much will it cost?
- Are tables/chairs provided?
- Are there audio/video capabilities?
- What about parking?
- Are food and beverage available?

Event Marketing

Mail Campaign

Direct mail can be an effective way to promote your event. Postcards are easy and cost-efficient.

- Designs available on portal; add your logo and event information
- Order 30 to 60 days in advance of event to give time for responses and registration
- Flyers can also be mailed in an envelope

Paid Media

When you are trying to reach a large audience (rather than targeted by age and/or geography), you can pay for media placements for your event ads.

- Print ads are available on the supply portal
- Radio is also a cost-efficient medium
- Make sure ads run well in advance of event
- Registration/contact information should be clear

Local Marketing

Flyers are a great way to promote an event because they have enough space to carry additional information about what can be learned and how to register. You'll find flyer designs on the supply portal. Drop off flyers in high-traffic areas:

- Senior centers
- Local fitness centers
- Libraries
- Provider offices
- Local community centers
- Word of mouth—previous/current clients to invite a friend

Enrollment information

Times to Enroll

Enrollment Periods

- Annual Enrollment Period (AEP): **October 15 – December 7**
- Initial Enrollment Period (IEP): 7 months (your birthday month plus three months prior and after)
- Initial Coverage Election Period (ICEP)—IEP AND ICEP USUALLY COINCIDE
- General Enrollment Period Picking Up Part B: **January 1 – March 31, effective July 1**—penalty may apply
- Open Enrollment Period: annually January 1 through March 31 (beneficiaries can make one change to a MAPD or PDP and back to Original Medicare)
- Medicare Supplement enrollment occurs year-round

Special Enrollment Periods

- Change in circumstances
- Moving
- Group or other creditable coverage changes
- Your current plan exits (**AEP, and December 8 – last day of February**)
- Those on LIS and Medicaid now can change plans monthly

Medicare Supplement Plan Year

The plan year is the 12-month period during which your Medicare Supplement policy is effective. It is determined by the coverage start and end dates. For example, a Medicare Supplement policy that starts and (renews) on July 1 will continue for the 12-month period through June 30 of the following year.

Late Enrollment Penalty

If a beneficiary enrolls in a stand-alone PDP more than 63 consecutive days after his or her IEP, the beneficiary may be subject to a late enrollment penalty. The cost of the penalty depends on how long the beneficiary went without creditable prescription drug coverage. The penalty is calculated by multiplying 1% of the “national base beneficiary premium” times the number of full, uncovered months the beneficiary was eligible but didn’t join a PDP and went without other creditable prescription drug coverage. The final amount is rounded to the nearest \$0.10 and added to the beneficiary’s monthly premium. The national base beneficiary premium may increase each year, so the penalty amount may also increase each year. The penalty will not apply if the beneficiary has creditable coverage.

For 2026, CMS requires the National Producer Number (NPN) on Medicare Advantage and Prescription Drug Plan enrollment forms when an agent/broker assists with the application.

What you need to know

Beginning 10/1/25, agents and brokers who assist applicants in completing paper or online enrollment forms should enter their assigned producer number into the NPN field. Your NPN should automatically populate when logged into Blue Access for Producers. Enrollments may be rejected if the form indicates an agent/ broker assisted with the enrollment and no NPN is listed.
