**January 1, 2019 – December 31, 2019**

This booklet gives you a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the "Evidence of Coverage."

## Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 1-877-774-8592 (TTY: 711). We are open between 8:00 a.m. and 8:00 p.m., local time, 7 days a week. If you are calling from April 1 through September 30, alternate technologies (for example, voicemail) will be used on the weekends and holidays.

## Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor. Visit [www.getblueil.com/mapd](http://www.getblueil.com/mapd) or call 1-877-774-8592 to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

## Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2019.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care. **In addition, you will pay a higher co-pay for services received by non-contracted providers.**

<b>How will I determine my drug costs?</b>	<p>Our plan groups each medication into one of five “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug’s tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: Initial Coverage, Coverage Gap, and Catastrophic Coverage.</p>	<p>Our plan groups each medication into one of five “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. <b>Coverage Gap</b>	<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$3,820.</p> <p>After you enter the coverage gap, you pay 25% of the plan’s cost for covered brand name drugs and 37% of the plan’s cost for covered generic drugs until your costs total \$5,100, which is the end of the coverage gap. Not everyone will enter the coverage gap.</p> <p>Under this plan, you may pay even less for the brand and generic drugs on the formulary. Your cost varies by tier. You will need to use your formulary to locate your drug’s tier. See the chart that follows to find out how much it will cost you.</p>	<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”).
