

**2022 Commercial Outpatient Medical Surgical Prior Authorization Code List
PROCEDURES REQUIRING PRIOR AUTHORIZATION
EXCEPT AS OTHERWISE NOTED IN THE UPDATES COLUMN, THESE PRIOR AUTHORIZATION REQUIREMENTS ARE EFFECTIVE
ON JANUARY 1, 2022**

PRESS "CTRL" AND "F" KEYS AT THE SAME TIME TO BRING UP THE SEARCH BOX. ENTER A PROCEDURE CODE OR DESCRIPTION OF THE SERVICE.

This list includes Current Procedural Terminology (CPT®) and/or Healthcare Common Procedure Coding System (HCPCS) codes related to services/categories for which prior authorization may be required as of January 1, 2021, for some of our **commercial non-HMO members**, such as those listed below:

- PPO
- Blue Choice Preferred PPO^(SM)
- Blue Choice PPO^(SM)
- Blue Options(SM)/Blue Choice Options^(SM)
- Blue High Performance Network^(SM) [Blue HPN^(SM)]

This is not an exhaustive listing of all codes. Codes may change, and this list may be updated throughout the year. The presence of codes on this list does not necessarily indicate coverage under the member benefits contract. Member contracts differ in their benefits. **Always check eligibility and benefits first** through the Availity® Provider Portal (availity.com) or your preferred web vendor portal to confirm coverage and other important details, including prior authorization or pre-notification requirements and vendors, if applicable. For some services/members, prior authorization may be required through Blue Cross and Blue Shield of Illinois (BCBSIL). For other services/members, BCBSIL has contracted with AIM Specialty Health^(SM) (AIM) for utilization management and related services.

Services performed without prior authorization, if required, will be denied for payment and providers may not seek reimbursement from BCBSIL members. Obtaining prior authorization is not a substitute for checking eligibility and benefits.

Use the table below to review a procedure code: 1) Category or Service; 2) Description of CPT or HCPCS code; 3) Medical Policy Information, indicating if prior authorization may be required through BCBSIL or vendor (AIM); and 4) Updates to prior authorization requirements to a code (e.g., when BCBSIL or vendor adds or ends end prior authorization requirement, or if prior authorization requirement was added or removed prior to code list posting date).

PRESS "CTRL" AND "F" KEYS AT THE SAME TIME TO BRING UP THE SEARCH BOX. ENTER A PROCEDURE CODE OR DESCRIPTION OF THE SERVICE.

Please note that checking eligibility and benefits and/or the fact that a service has been prior authorized is not a guarantee of payment. Benefits will be determined once a claim is received and will be based upon, among other things, the member's eligibility and the terms of the member's certificate of coverage applicable on the date services were rendered. If you have questions, contact the number on the member's ID card.

Availity is a trademark of Availity, LLC, a separate company that operates a health information network to provide electronic information exchange services to medical professionals. Availity provides administrative services to BCBSIL. AIM Specialty Health (AIM) is an independent company that has contracted with BCBSIL to provide utilization management services for members with coverage through BCBSIL. BCBSIL makes no endorsement, representations or warranties regarding any products or services offered by third party vendors such as Availity or AIM. If you have any questions about the products or services offered by such vendors, you should contact the vendor(s) directly
