An Eligibility and Benefits Inquiry should be completed for each Blue Cross and Blue Shield of Illinois (BCBSIL) patient prior to every scheduled appointment. Eligibility and benefit quotes include important information regarding the patient’s benefits, such as membership verification, coverage status, applicable copayment, coinsurance and deductible amounts. Additionally, the benefit quote may include information on applicable benefit prior authorization requirements.

Checking eligibility and/or benefit information is not a guarantee of payment. Benefits will be determined once a claim is received and will be based upon, among other things, the member’s eligibility, any claims received during the interim period and the terms of the member’s certificate of coverage applicable on the date services were rendered.
