HMO 90-Day Supply Prescription Drug Program

The 90-day supply benefit program can save you both time and money. With this program, you can get up to a 90-day supply of long-term (or maintenance) medicine through a network of contracting extended supply retail and mail service pharmacies. Your particular benefit plan and medicine will determine the amount you pay.

Visit bcbsil.com to find a contracting extended supply retail or mail service pharmacy convenient for you. Log into Blue Access for Members℠ (BAM) and click on My Coverage tab, Prescription Drugs on the left and Prime Therapeutics in the center. Then select Find a Pharmacy on the left.

To Purchase Your Long-Term Medicine at an Extended Supply Retail Pharmacy

1. Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines.
2. Take your prescription to a contracting extended supply retail pharmacy.

To Purchase Your Long-Term Medicine Through a Mail Service Pharmacy

1. Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines.
2. If you need to start your medicine right away, ask for a prescription for a one-month supply to take to a retail pharmacy.
3. To print a new prescription order form for the contracting mail service pharmacy you have chosen, go to bcbsil.com/member/rx_drug_hmo.html and scroll down to the 90-Day Supply Program section.
4. Mail your prescription, completed order form and payment to the mail service pharmacy. Or, call the contracting mail service pharmacy you have chosen.
5. Medicines take about 10 business days to deliver after the mail service pharmacy receives and verifies your order.

Or, you can ask your doctor to fax or e-prescribe your order to the mail service pharmacy. Be sure you have completed a new prescription order form to avoid a delay in processing your order.

If you have questions about the HMO 90-day supply program, call the pharmacy program number on the back of your ID card.

The relationship between Blue Cross and Blue Shield of Illinois (BCBSIL) and contracting pharmacies is that of independent contractors, contracted through a related company, Prime Therapeutics LLC. Prime Therapeutics also administers the pharmacy benefit program. BCBSIL, as well as several other independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics.

A Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association
