NOTICE

Please note that Blue Cross and Blue Shield of Illinois has contracts with many health care Providers that provide for Blue Cross and Blue Shield to receive, and keep for its own account, payments, discounts and/or allowances with respect to the bill for services you receive from those Providers.

Please refer to the provision entitled "Blue Cross and Blue Shield's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this Policy for a further explanation of these arrangements

The use of a metallic name, such as Platinum, Gold, Silver or Bronze, or other statements with respect to a health benefit plan's actuarial value, is not an indicator of the actual amount of expenses that a particular person will be responsible to pay out of his/her own pocket. A person's out of pocket expenses will vary depending on many factors, such as the particular health care services, health care providers and particular benefit plan chosen. Please note that metallic names reflect only an approximation of the actuarial value of a particular benefit plan.

Changes in state or federal law or regulations or interpretations thereof may change the terms and conditions of coverage.

WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED

You should be aware that when you elect to utilize the services of a Non-Participating Provider for a Covered Service in non-emergency situations, benefit payments to such Non-Participating Provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your Policy's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the Policy. YOU CAN EXPECT TO PAY MORE THAN THE APPLICABLE COPYAMENT AND COINSURANCE AMOUNTS DEFINED IN THE POLICY AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Non-Participating Providers may bill members for any amount up to the billed charge after the plan has paid its portion of the bill. Participating Providers have agreed to accept discounted payments for services with no additional billing to the member other than applicable Copayments, Coinsurance and Deductible amounts. You may obtain further information about the participating status of Providers and information on out-of-pocket expenses by calling the toll-free telephone number on your identification card.

RESCISSIONS

Any act, practice, or omission that constitutes fraud, or any intentional misrepresentation made by or on behalf of anyone seeking coverage under this Policy, may result in the cancellation of your coverage (and/or your dependent(s) coverage) retroactive to the Coverage Date (a "Rescission"), subject to 30 days prior notification. A "Rescission" does not include other types of coverage cancellations, such as a cancellation of coverage due to a failure to pay timely premiums towards coverage or cancellations attributable to routine eligibility and enrollment updates. Any intentional fraudulent misstatements or omissions, or intentional misrepresentation of a material fact on your Application, or any act or practice that constitutes fraud may result in a Rescission of your coverage (and/or your dependent(s) coverage) retroactive to the Coverage Date, subject to prior notification. You have the right to appeal this Rescission and an independent third party may review the decision. In the event of a Rescission, Blue Cross and Blue Shield may deduct from the premium refund any amounts made in Claim Payments during this period and you may be liable for any Claim Payment amount greater than the total amount of premiums paid during the period for which Rescission is effected.

In the event your age has been misstated on your Application, all premiums due and amounts payable under this Policy shall be calculated as if the Policy had been purchased at the correct age.

At any time when Blue Cross and Blue Shield is entitled to rescind coverage already in force, Blue Cross and Blue Shield may at its option make an offer to reform the policy already in force or is otherwise permitted to make retroactive changes to this Policy and/or a change in the rating

YOUR BLUE CROSS AND BLUE SHIELD ID CARD

You will receive a Blue Cross and Blue Shield identification card. This card will tell you your Blue Cross and Blue Shield identification number and will be very important to you in obtaining your benefits.

YOUR SCHEDULE PAGE

A Schedule Page has been inserted into and is part of this Policy. The Schedule Page contains specific information about your coverage including, but not limited to:

- Whether you have Individual Coverage or Family Coverage;
- The amount of your Deductible(s) and/or Copayment(s); and
- The Hospital and Physician benefit payment levels.

INDIVIDUAL COVERAGE

If you have Individual Coverage, only your own health care expenses are covered, not the health care expenses of other members of your family.

FAMILY COVERAGE

If you have Family Coverage, your health care expenses and those of your enrolled spouse and your (or your spouse's) enrolled children who are under age 26 will be covered. All provisions of this Policy that pertain to a spouse also apply to a party of a Civil Union unless specifically noted otherwise. A Domestic Partner and his/her children who are under age 26 are also eligible dependents. Coverage for children will end on the last day of the calendar month in which their 26th birthday falls. All of the provisions of this Policy that pertain to a spouse also apply to a Domestic Partner unless specifically noted otherwise.

Hereafter, "child" or "children" means a natural child, a stepchild, a child(ren) of your Domestic Partner, an adopted child (including a child involved in a suit for adoption,) a foster child, a child for whom you are the legal guardian or a child for whom you have received a court order requiring that you are financially responsible for providing coverage under 26 years of age, regardless of presence or absence of a child's financial dependency, residency, student status, employment status, marital status, eligibility for other coverage, or any combination of these factors.

In addition, enrolled unmarried children will be covered up to age 30 if they:

- live within the state of Illinois; and
- have served as an active or reserve member of any branch of the Armed Forces of the United States; and
- have received a release or discharge other than a dishonorable discharge.

Under Family Coverage, any newborn children will be covered from the moment of birth, as long as you notify Blue Cross and Blue Shield within 60 days of the birth.

Any children who are dependent upon you or other care providers for support and maintenance because of a disabling condition will be covered regardless of age if they were covered prior to reaching the limiting age stated above.

For purposes of this section, dependent on other care providers means requiring a Community Integrated Living arrangement, group home, supervised apartment, or other residential services licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Department of Public Health, or the Department of Public Aid.

Blue Cross and Blue Shield may inquire 60 days prior to the dependent reaching the limiting age, or at any reasonable time thereafter, whether the dependent is in fact a disabled and dependent person. If required, you must provide proof within 60 days of the inquiry that the dependent is a disabled and dependent person. If you do not provide proof within the 60 days, coverage will automatically terminate on the last day of the month for which premium has been paid.

Any children who are under your legal guardianship, in your custody under an interim court order prior to finalization of adoption or placed with you as a foster child will be eligible for coverage.

This coverage does not include benefits for grandchildren (unless such children are under your legal guardianship).

A Tobacco User may be subject to a premium of up to 1.5 times the rate applicable to those who are not Tobacco User, to the extent permitted by applicable law.

Applying for Coverage

You may apply for coverage in a Qualified Health Plan (QHP) through the Exchange for yourself and/or your eligible dependents (see below) by submitting the Application(s) for individual medical insurance form, along with any exhibits, appendices, addenda and/or other required information ("Application(s)") to Blue Cross and Blue Shield and the Exchange, as appropriate. The Application(s) for coverage may or may not be accepted.

No eligibility rules or variations in premium will be imposed based on your health status, medical condition, claims experience, receipt of healthcare, medical history, genetic information, evidence of insurability, disability, or any other health status related factor. You will not be discriminated against for coverage under this Policy on the basis of race, color, national origin, disability, age, sex, gender identity, marital status or sexual orientation. You may enroll in or change a QHP for yourself and/or your eligible dependents during one of the following enrollment periods. Your and/or your eligible dependents' effective date will be determined by Blue Cross and Blue Shield and the Exchange, as appropriate, depending upon the date your Application is received, payment of the initial premiums no later than the day before the effective date

of coverage (unless any Advance Premium Tax Credit is greater than the initial premium), and other determining factors.

WHO IS NOT ELIGIBLE

Eligibility for this coverage will be determined by the Exchange in accordance with applicable law. For questions regarding eligibility, refer to *www.healthcare.gov*.

PAYMENT OF PREMIUMS

The required premiums are determined and established by Blue Cross and Blue Shield based on many factors, such as the age, place of residence, tobacco use and the number of eligible dependents covered under this Policy.

a. Premiums are due and payable on the due date.
b. The initial premium for Individual Coverage is based on your age at the time your coverage begins and the initial premium for Family Coverage is based on your age, your spouse's age and any eligible dependent children at the time coverage is applied for, as permitted by law.
c. Blue Cross and Blue Shield may establish a new premium for any of the benefits of this Policy on any of the following dates or occurrences:
    1. whenever the benefits of this Policy are increased, which may occur whenever required by law or whenever Blue Cross and Blue Shield gives notice of an increase in benefits;
    2. whenever the number of persons covered under this Policy is changed;
    3. whenever you move your residence from one geographical rating area to another.
    4. whenever there a change in you or your eligible dependent's Tobacco Use.

       For the purposes of this Payment of Premium section, Tobacco Use means use of tobacco on average four or more times per week within no longer than the past 6 months. This includes all tobacco products, except that Tobacco Use does not include religious or ceremonial use of tobacco.
d. If the ages upon which the premium is based have been misstated, an amount which will provide Blue Cross and Blue Shield with the correct premium from your Coverage Date shall be due and payable upon billing or receipt from Blue Cross and Blue Shield.

e. In the event you are not receiving an Advance Premium Tax Credit, a grace period of 31 days, or such other grace period, if any, permitted by applicable law or regulatory guidance will be granted for the payment of each premium falling due after the first premium, during which grace period the Policy shall continue in force, however, Claim Payments for Covered Services received during the grace period may be pended until full premium payment is made, and during the grace period your providers and pharmacies may require you to pay for your health care and prescription drug expenses in full. After the grace period , coverage under this Policy will automatically terminate on the last day of the coverage period for which premiums have been paid, unless coverage is extended as described below.

   If you pay your premium in full during the grace period, then you may submit a Claim to Blue Cross and Blue Shield for any expenses that you paid to your providers and pharmacies during the grace period. See the HOW TO FILE A CLAIM section for additional information.

   If you fail to pay premiums to Blue Cross and Blue Shield and/or the Exchange within the grace period, this Policy will automatically terminate. During such grace period this Policy will continue in force, subject to the right of Blue Cross and Blue Shield to terminate this Policy in accordance with the TERMINATION OF COVERAGE provision of this Policy. If coverage is terminated for non-payment of premium, any Claims received and paid for during the grace period will be billed to you.

f. In the event you are receiving an Advance Premium Tax Credit, you have a three-month grace period, or such other grace period, if any, permitted by applicable law or regulatory guidance for paying the full premiums falling due after the first premium. If full premium is not paid for you and your covered family members within one month of the premium due date, Claim Payments for Covered Services received during the second and third month's grace period under this Policy will be pended until full premium payment is made. If full payment of the premium is not made within the grace period, then coverage under this Policy will automatically terminate on the last day of the first month of the grace period. The time periods during which your claims will be pended are subject to change as permitted by applicable law, regulation or guidance.

   During the grace period in the event you are receiving an Advance Premium Tax Credit, Blue Cross and Blue Shield will:

   - Pay all appropriate claims for services rendered during the first month of the grace period and may pend claims for services rendered in the second and third months of the grace period, if any;
   - Notify the Department of Health and Human Services of such non-payment; and,
   - Notify Providers of the possibility of denied claims during the second and third months of your grace period, if any.

The grace periods and time periods during which your claims will be pended are subject to change as permitted by applicable law or regulatory guidance.

The Affordable Care Act (ACA) requires that covered entities providing health insurance ("health insurer") pay an annual fee to the federal government (the "Health Insurer Fee"). The amount of this fee for a calendar year will be determined by the federal government and currently involves a formula

based in part on a health insurer's net premiums from the preceding calendar year. In addition, ACA and/or other applicable laws may provide for the establishment of temporary transitional reinsurance program(s) that may be funded by reinsurance contributions or other amounts (collectively, the "Reinsurance Fees or Amounts") from health insurance issuers and/or self-funded group health plans. Federal and/or state governments may provide information as to how the Reinsurance Fees or Amounts are calculated. Your premium will be adjusted to reflect the effects of the Health Insurer Fees and the Reinsurance Fees or Amounts, if any.

Blue Cross and Blue Shield does not accept payments of premium directly from third parties except for Permitted Premium Payments. **Blue Cross and Blue Shield does not accept Prohibited Third Party Premium Payments.**

REINSTATEMENT

If any premium is not paid within the time granted you for payment, a subsequent acceptance of premium by Blue Cross and Blue Shield and/or the Exchange or by any agent duly authorized by Blue Cross and Blue Shield or by the Exchange to accept such premium, without requiring an Application for reinstatement in connection with the premium payment, shall reinstate the Policy. However, if Blue Cross and Blue Shield and/or the Exchange or such agent requires an Application for reinstatement and issues a conditional receipt for the premium given, the Policy will be reinstated upon approval of such Application by Blue Cross and Blue Shield and/or the Exchange or, lacking such approval, upon the 45th day following the date of such conditional receipt unless Blue Cross and Blue Shield and/or the Exchange has previously notified you in writing of its disapproval of such Application.

The reinstated Policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such illness as may begin more than 10 days after such date. In all other respects you will have the same rights as you had under the Policy immediately before the due date of the defaulted premium, subject to any provisions endorsed and attached hereto in connection with reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement.

During the term of this Policy, if you are activated for military service and become eligible for a federal government-sponsored program as a result of that activation, you (and your covered dependents if you have Family Coverage) may not be denied reinstatement of this Policy after your discharge unless the discharge is under less than honorable conditions or you are no longer an Illinois resident.

TERMINATION OF COVERAGE

Blue Cross and Blue Shield will not terminate coverage for any member based solely on the member's health status or health care needs.

If Blue Cross and Blue Shield terminates this Policy for any reason, Blue Cross and Blue Shield will provide you and the Exchange with a notice of termination of coverage that includes the termination effective date and reason for termination at least 30 days prior to the last day of coverage, or such other notice, if any, permitted by applicable law or regulatory guidance except as otherwise provided in this Policy.

You and your eligible family members' coverage will be terminated due to the following events and will end on the dates specified below:

1. You terminate your coverage under this Policy, including as a result of your obtaining other minimum essential coverage, with reasonable, appropriate notice to the Exchange and Blue Cross and Blue Shield. For the purposes of this section, reasonable notice is defined as 14 days from the requested effective date of termination.

   The last day of coverage will be:

   - The termination date specified by you, if you provide reasonable notice;
   - 14 days after the termination is requested by you, if you do not provide reasonable notice; or
   - On a date determined by Blue Cross and Blue Shield, if Blue Cross and Blue Shield is able to effectuate termination in fewer than 14 days and you request an earlier termination effective date.

2. When you are no longer eligible for QHP coverage through the Exchange. The last day of coverage is the last day of the month following the month in which the notice is sent by the Exchange unless you request an earlier termination effective date.
3. When Blue Cross and Blue Shield does not receive the full amount of the premium payment on time or when there is a bank draft failure of premiums for your and/or your eligible family members' coverage, and

   - In the event you are receiving an Advance Premium Tax Credit, the grace period (described above) for individuals receiving an Advance Premium Tax Credit (described above) has been exhausted. The last day of coverage will be the last day of the first month of the grace period. Blue Cross and Blue Shield will pay all appropriate claims for services rendered to you and/or your eligible dependents during the first month of the grace period and may pend claims for services rendered to you and/or your eligible dependents in the second and third months of the grace period. Or,
   - in the event you are not receiving an Advance Premium Tax Credit, after the 31-day grace period (described above) has been exhausted, the last day of coverage will be the last day of the coverage period for which premiums have been paid, unless coverage is extended as described below. Also, if coverage is terminated, any Claims received and paid for during the grace period will be billed to you.

   Blue Cross and Blue Shield applies its termination policy for non-payment of premium uniformly to enrollees in similar circumstances.

4. Your coverage has been rescinded.
5. This QHP terminates or is decertified.

6. You change from this QHP to another during an annual open enrollment period or special enrollment period. The last day of coverage in this QHP is the day before the effective date of coverage in your new QHP

The above termination events, claim pend dates and coverage termination dates are subject to change as permitted by applicable law, or regulatory guidance.

Cancellation of your coverage under this Policy terminates the coverage of all your dependents under this Policy.

Benefits will not be provided for any services or supplies received after the date coverage terminates under this Policy, unless specifically stated otherwise in this Policy. However, termination of your coverage will not affect your benefits for any services or supplies that you received prior to your termination date.

EXTENSION OF BENEFITS IN CASE OF TERMINATION

If you are an Inpatient at the time your coverage under this Policy is terminated, benefits will be provided for, and limited to, the Covered Services which are provided by and regularly charged for by a Hospital, Skilled Nursing Facility, Substance Use Disorder Treatment Facility, Residential Treatment Center, Partial Hospitalization Treatment Program or Coordinated Home Care Program. Benefits will be provided until you are discharged or until you reach any maximum benefit amount which may apply, whichever occurs first. No other benefits will be provided after your coverage under this Policy is terminated.

EXTENSION OF BENEFITS FOR DEPENDENT STUDENTS DUE TO A MEDICAL LEAVE OF ABSENCE

Coverage will continue under the Policy for a dependent who is unable to maintain full-time student status as a result of a medically necessary leave of absence or any other change in enrollment, provided that:

- The dependent is enrolled under this Policy on the basis of being a student at a post-secondary educational institution; and
- The dependent was covered immediately before the first day of the medically necessary leave of absence or other change in enrollment; and
- The dependent child's treating Physician provides to Blue Cross and Blue Shield a written certification stating that the child is suffering from a serious illness or injury and that the leave of absence or other change in enrollment is medically necessary.

Coverage for such a dependent may be continued under the Policy until the date that is the earlier of:

- One year after the first day of the medically necessary leave of absence or other change in enrollment; or
- The date on which such coverage would otherwise terminate under the terms of the Policy.

The first day of the medically necessary leave of absence will be documented as the date indicated by the Physician in the written certification on which the medical leave or other enrollment change is to begin.

CONTINUITY OF CARE

If you are under the care of a Participating Provider who stops participating in the PPO network (for reasons other than misconduct, breach of contract, loss of license or other similar reason), you may be able to continue receiving Covered Services with that Provider, at the in-network benefit level, for the following:

- An ongoing course of treatment for a serious acute disease or condition requiring complex ongoing care that you are currently receiving (for example, you are currently receiving Chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition);
- An ongoing course of treatment for a life-threatening disease or condition and the likelihood of death is probable unless the course of the disease or condition is interrupted);
- An ongoing course of treatment for the second and third trimester of pregnancy through the postpartum period; or
- An ongoing course of treatment for a health condition of which a treating Provider attests that discontinuing care by the Participating Provider who is terminating from the network would worsen the condition or interfere with anticipated outcomes.

Continuity coverage described in this provision shall continue until the treatment is complete (or postpartum) but will not extend for more than ninety (90) days beyond the date the Provider's termination takes effect.

You have the right to appeal any decision made for a request for benefits under this provision as explained in the CLAIM APPEAL PROCEDURES provision in the HOW TO FILE A CLAIM section of this Policy.

CHILD-ONLY COVERAGE

Eligible children that have not attained age 21 may enroll as the enrollee under this health care plan. In such event, this health care plan is considered child-only coverage and the following restrictions apply:

- The parent or legal guardian is not covered and is not eligible for benefits under this health care plan.
- **If a child covered under this plan acquires a new eligible child of his/her own, the new eligible child may be enrolled in his/her own plan coverage if application for coverage is made within 30 days.**
- If a child is under the age of 18, his/her parent, legal guardian, or other responsible party must submit the Application for child-only insurance form, along with any exhibits, appendices, addenda and/or other required information to the Plan and the Exchange, as appropriate. For any child under 18 covered under this health care plan, any obligations set forth in this Plan, any exhibits, appendices, addenda and/or other required information will be the obligations of the parent, legal guardian, or other responsible party applying for coverage on the child's behalf. Application for child-only coverage will not be accepted for an adult child

that has attained age 21 as of the beginning of the plan year. Adult children (at least 18 years of age but no older than 20 years of age) who are applying as the enrollee under this plan must apply for their own individual plan and must sign or authorize the Application(s).

BENEFIT INFORMATION

You have chosen a Blue Cross and Blue Shield benefit program for the administration of your Hospital and Physician benefits and all other Covered Services that provides you access to independently contracted Providers participating in the Blue Choice Preferred PPO℠ network. This program of health care benefits is designed to provide you with economic incentives for receiving Covered Services from designated, Participating Providers.

As a participant in this benefit program, a directory of Providers participating in the Blue Choice Preferred PPO℠ network will be available to you. You can visit the Blue Cross and Blue Shield of Illinois website at *www.bcbsil.com* for a list of independently contracted Participating Hospitals. While there may be changes in the directory from time to time, selection of Providers by Blue Cross and Blue Shield will continue to be based upon the range of services, geographic location and cost-effectiveness of care. Notice of changes in the network will be provided to you annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under this benefit program will be greater when you receive services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms described below.

BENEFIT PERIOD

The Benefit Period is the period beginning on the Coverage Date and ending on the Termination Date.

YOUR DEDUCTIBLES

Each calendar year you must satisfy the Deductible amount(s) specified on the Schedule Page of this Policy for Covered Services. In other words, after you have claims for Covered Services for more than the Deductible amount in a calendar year, your benefits will begin. This deductible will be referred to as the calendar year deductible.

Each time you are admitted to a Hospital, you must satisfy the Inpatient deductible amount (if applicable) specified on the Schedule Page of this Policy. This deductible is in addition to your calendar year deductible. This deductible will be referred to as the Inpatient Hospital deductible.

Each time you receive Covered Services for Outpatient Surgery in a Hospital, you must satisfy the Outpatient Surgical deducible amount (if applicable) specified on the Schedule Page of this Policy. This deducible is in addition to your calendar year deductible.

If you have Family Coverage and your family has satisfied the family deductible amount specified on the Schedule Page of this Policy, it will not be necessary for anyone else in your family to meet a calendar year deductible in the benefit period. That is, for the remainder of that benefit period, no other family members will be required to meet the calendar year deductible before receiving benefits.

These deductible amounts are subject to change or increase as permitted by applicable law.

In any case, should two (2) or more members of your family ever receive Covered Services as a result of injuries received in the same accident; only one calendar year deductible will be applied against those Covered Services.

PREAUTHORIZATION REQUIREMENTS

Preauthorization is a requirement that you must obtain authorization from Blue Cross and Blue Shield before you receive certain types of Covered Services designated by Blue Cross and Blue Shield.

Failure to contact Blue Cross and Blue Shield or to comply with the determinations of Blue Cross and Blue Shield will result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles and out-of-pocket limit amounts. Providers may bill you for any reduction in payment resulting from failure to contact Blue Cross and Blue Shield or to comply with the determinations of Blue Cross and Blue Shield. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Blue Cross and Blue Shield identification card. Please read the provisions below very carefully.

The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Rehabilitation Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Rehabilitation Treatment are specified in the BLUE CROSS AND BLUE SHIELD MENTAL HEALTH UNIT section of this Policy.

FAILURE TO NOTIFY FOR INPATIENT SERVICES

The final decision regarding your course of treatment is solely your responsibility and Blue Cross and Blue Shield will not interfere with your relationship with any Provider. However, Blue Cross and Blue Shield has established preauthorization requirements for the specific purpose of assisting you while you determine the course of treatment which will maximize your benefits provided under this Policy.

Should you fail to notify Blue Cross and Blue Shield as required in the Inpatient Service Preauthorization Review provision of this section for Inpatient Covered Services received from a Participating Provider, you will then be responsible for the first $1,000 or 50%, whichever is less, of the Hospital or facility charges for an eligible stay or the first $1,000 or 50%, whichever is less, of the charges for eligible Covered Services in addition to any Deductibles, Copayments and/or Coinsurance applicable to this Policy. For Inpatient Covered Services received from a Non-Participating Provider, you will be responsible for the first $500 should you fail to notify Blue Cross and Blue Shield in addition to any Deductibles, Copayments and/or Coinsurance applicable to this Policy. This amount shall not be eligible for later consideration as an unreimbursed expense under any benefit section of this Policy nor can it be applied to your out-of-pocket expense limit, if applicable to this Policy.

Please call the number on the back of your ID for additional information prior to scheduling of the planned Outpatient service. In the event that a prior authorization has not been obtained, the member will incur a penalty (see "Failure to Notify" section below).

If an Inpatient Emergency Hospital Admission occurs after an Outpatient service, in order to receive maximum benefits under this Policy, an additional call must be made to Blue Cross and Blue Shield.

FAILURE TO NOTIFY FOR OUTPATIENT SERVICES

Should you fail to Notify Blue Cross and Blue Shield as required in the Outpatient Service Preauthorization Review provision of this section for Outpatient Covered Services received from a Non-Participating Provider, you will be responsible for the first $500 should you fail to notify Blue Cross and Blue Shield in addition to any Deductibles, Copayments and/or Coinsurance applicable to this Policy. This amount shall not be eligible for later consideration as an unreimbursed expense under any benefit section of this Policy nor can it be applied to your out-of-pocket expense limit, if applicable to this Policy.

CASE MANAGEMENT

After your case has been evaluated, you may be assigned a case manager. In some cases, if your condition would require care in a Hospital or other health care facility, the case manager may recommend an alternative treatment plan. If you and your Physician choose the alternative treatment plan, then alternative benefits will be provided as described in this Policy.

The case manager will continue to monitor your case for the duration of your condition. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under this Policy.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of this Policy.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Policy.

Upon completion of the preadmission or emergency admission review, Blue Cross and Blue Shield will send you a letter confirming that you or your representative called Blue Cross and Blue Shield. A letter assigning a length of service or length of stay will be sent to your Physician and/or the Hospital.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, and the case will be referred to a Blue Cross and Blue Shield Physician for review.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be based on generally accepted medical standards. Should the Blue Cross and Blue Shield Physician concur that the Inpatient care or other health care services or supplies are not Medically Necessary, written notification of the decision will be provided to you, your Physician, and/or the Hospital or other Provider, and will specify the dates that are not in benefit. For further details regarding Medically Necessary care and other exclusions from coverage under this Policy, refer to the section entitled, "EXCLUSIONS — WHAT IS NOT COVERED."

Blue Cross and Blue Shield does not determine the course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Physician. Blue Cross and Blue Shield's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is Medically Necessary under this Policy.

Blue Cross and Blue Shield will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances, this decision is made by Blue Cross and Blue Shield after you have been hospitalized or have received other health care services or supplies and after a claim for payment has been submitted.

Remember that your Blue Cross and Blue Shield Policy does not cover the cost of hospitalization or any health care services and supplies that are not Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve an Inpatient admission or continued Inpatient hospitalization beyond the length of stay authorized by the Blue Cross and Blue Shield Physician does not of itself make such an Inpatient Hospital stay Medically Necessary. Even if your Physician prescribes, orders, recommends, approves or views an Inpatient admission or continued Inpatient hospitalization beyond the length of stay assigned by Blue Cross and Blue Shield as Medically Necessary, Blue Cross and Blue Shield will not pay for an Inpatient admission or continued hospitalization which exceeds the assigned length of stay if Blue Cross and Blue Shield and the Blue Cross and Blue Shield Physician decide an extension of the assigned length of stay is not Medically Necessary.

However, if you or your Provider disagrees with the determination you have the right to appeal the decision. Please refer to the CLAIM APPEAL PROCEDURES provision in the HOW TO FILE A CLAIM section for additional information.

In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations or exclusions of this Policy.

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your Policy tells you what Hospital services are covered and how much will be paid for each of these services.

As a participant in this benefit program a directory of Participating Hospitals is available to you. You can visit the Blue Cross and Blue Shield of Illinois and/or Exchange website at *www.bcbsil.com* for a list of Participating Hospitals or you can contact customer service and request a copy of the Provider Directory and one will be sent to you. While there may be changes in the directory from time to time, selection of Participating Hospitals by Blue Cross and Blue Shield will continue to be based upon the range of services, geographic location and cost-effectiveness of care. Notice of changes in the network will be provided to you annually, or as required, to allow you to make selections within the Hospital network. However, you are urged to check with your Hospital before undergoing treatment to make certain of its participation status. Although you can go to the Hospital of your choice, Hospital benefits under this benefit program will be greater when you use the services of a Participating Hospital.

The benefits of this section are subject to all of the terms and conditions of this Policy. Please refer to the DEFINITIONS and EXCLUSIONS sections of this Policy for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges. In the case of Inpatient services, you must be admitted to the Hospital or other Provider on or after your Coverage Date. This means that benefits will not be provided for an Inpatient stay if you were admitted prior to your Coverage Date.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

How the Vision Care Plan Works

Under the vision care plan, you may visit any Provider and receive benefits for covered vision services and materials. In order to maximize benefits , however, you must purchase them from a Participating Vision Provider.

Before you go to a Participating Vision Provider for an eye examination, eyeglasses, or contact lenses, please call ahead for an appointment. When you arrive, show the receptionist your identification card. If you forget to take your card, be sure to say that you are a member of the Blue Cross and Blue Shield vision care plan so that your eligibility can be verified.

To locate a Participating Vision Provider, visit EyeMed Vision Care, LLC (EyeMed)'s website at *www.eyemed.com* and use the Find a Provider link (choose the Select network for your search), or call 1-844-684-2254.

Questions about services covered under the vision care plan, Participating Vision Providers, or about benefits provided or denied under the plan can be directed to EyeMed seven days a week, Monday through Saturday 6:30 A.M. to 10:00 P.M., and Sunday 10:00 A.M. to 7:00 P.M. (Central Time) at 1-

844-684-2254 . An Interactive Voice Response unit is also available outside normal business operating hours. (Please direct member enrollment, termination, and other subscriber or dependent eligibility questions to Blue Cross Blue Shield of Illinois—not to EyeMed.) Members using a TTY (Teletypewriter) because of a hearing or speech disability may access TTY services through calling or using a TTY machine to engage an operator at 711 and asking the operator to call EyeMed at 1-844-230-6498. Customer service hours and operations are subject to change without notice.

If you obtain glasses or contacts from a Non-Participating Vision Provider, you must pay the provider in full and submit a claim for reimbursement (see **HOW TO FILE A CLAIM** section for more information).

You may receive your eye examination and eyeglasses/contacts on different dates or through different provider locations, if desired. However, complete eyeglasses must be obtained at one time, from one provider. Continuity of care will best be maintained when all available services are obtained at one time from one Participating Vision Provider and there may be additional professional charges if you seek contact lenses from a provider other than the one who performed your eye examination.

Fees charged for services other than a covered vision examination or covered Vision Materials, and amounts in excess of those payable under this Pediatric Vision Care program, must be paid in full by you to the provider, whether or not the provider participates in the vision care plan network. Benefits under this Pediatric Vision Care program may not be combined with any discount, promotional offering, or other group benefit plans. Allowances are one-time use benefits; no remaining balances are carried over to be used later.

ABOUT YOUR BENEFITS

Drug List

The benefit payments of drugs listed on the *Drug List* are selected by Blue Cross and Blue Shield based upon the recommendations of a committee, which is made up of current and previously practicing physicians and pharmacists from across the country, some of whom are employed by or affiliated with Blue Cross and Blue Shield. The committee considers drugs regulated by the FDA for inclusion on the *Drug List*. As part of the process, the committee reviews data from clinical studies, published literature and opinions from experts who are not part of the committee. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost and how it compares with drugs currently on the *Drug List*.

The committee considers drugs that are newly approved by the FDA, as well as those that have been on the market for some time. Entire drug classes are also regularly reviewed. Changes to this list can be made from time to time.

Positive changes, such as adding drugs to the *Drug List*, occur quarterly after review by the committee. Changes to the *Drug List* that could have an adverse financial impact to you (e.g., drug exclusion, drug moving to a higher payment tier, or drugs requiring step therapy or prior authorization) occur only annually.

The *Drug List* and any modifications will be made available to you. Blue Cross and Blue Shield may offer multiple formularies. By accessing the website at *www.bcbsil.com* or calling the customer service toll-free number on your identification card, you will be able to determine the *Drug List* that applies to you and whether a particular drug is on the *Drug List*. Drugs that appear on the *Drug List* as Non-Formulary Brand Name Drugs are subject to the Non-Formulary Brand Name Drug payment level plus any pricing differences that may apply to the Covered Drug you receive.

You, your prescribing health care provider (your "prescriber"), or your authorized representative, can ask for the *Drug List* exception if your drug is not on (or is being removed from) the *Drug List,* or the drug required as part of step therapy or dispensing limits has been found to be (or is likely to be) not right for you or does not work as well in treating your condition. To request this exception, you, your prescriber, or your authorized representative, can call the number on the back of your ID card to ask for a review. Blue Cross and Blue Shield will let you, your prescriber or authorized representative know the coverage decision within 72 hours after they receive your request. If the coverage request is denied, Blue Cross and Blue Shield will let you, your prescriber, or your authorized representative know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination.

If you have a health condition that may jeopardize your life, health or keep you from regaining function, or your current drug therapy uses a non-covered drug you, your prescriber, or your authorized representative may be able to ask for an expedited review process. Blue Cross and Blue Shield will let you, your prescriber, or authorized representative know the coverage decision within 24 hours after they receive your request for an expedited review. If the coverage request is denied, Blue Cross and Blue Shield will let you, your prescriber, or your authorized representative know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination. Call the number on the back of your ID card if you have any questions.

Prior Authorization/Step Therapy Requirement

When certain medications and drug classes, such as medications used to treat rheumatoid arthritis, growth hormone deficiency, hepatitis C, and more serious forms of anemia, hypertension, asthma, epilepsy, and psoriasis are prescribed, your Physician will be required to obtain authorization from Blue Cross and Blue Shield. Medications included in this program are subject to change and other medications for other conditions may be added to the program. Although you may currently be on therapy, your Claim may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of the brand name medication.

Blue Cross and Blue Shield's prescription drug administrator will send a questionnaire to your Physician upon your or your Pharmacy's request. The questionnaire must be returned to the prescription drug administrator who will review the questionnaire and determine whether the reason for the prescription meets the criteria for Medically Necessary care. You and your Physician will be notified of the prescription drug administrator's determination. Coverage will only be provided for Medically Necessary care. Although you are not required to obtain authorization prior to purchasing the medication, you are strongly encouraged to do so, to help you and your doctor factor your cost into your treatment decision. If criteria for Medical Necessity is not met, coverage will be denied and you will be responsible for the full charge incurred.

To find out more about prior authorization/step therapy requirements or to determine which drugs or drug classes require prior authorization or step therapy, you should contact your Pharmacy or refer to the *Drug List* by accessing the website at *www.bcbsil.com* or call the customer service toll-free number on your identification card. Please see the "*Drug List"* provision for more information about changes to the programs.

Controlled Substances Limitation

If it is determined that you have received quantities of a controlled substance medication not supported by FDA approved dosages or recognized treatment guidelines, any additional drugs may be subject to a review for medical necessity, appropriateness and other coverage restrictions such as limiting coverage to services provided by a certain Provider and/or Preferred Participating Pharmacy for the prescribing and dispensing of the controlled substance medication.

Extended Retail Prescription Drug Supply Program

Your coverage includes benefits for a 90 day supply of covered maintenance type drugs and diabetic supplies purchased from a Preferred Participating Pharmacy (which may only include retail or home delivery pharmacies). Benefit payment amounts listed on the Schedule Page of this Policy are for a 30 day supply. To find a list of Pharmacies participating in this program, refer to the website at *www.bcbsil.com*.

Benefits will not be provided for a 90 day supply of drugs or diabetic supplies purchased from a Prescription Drug Provider not participating in the extended retail prescription drug supply program.

Dispensing Limits

If a Prescription Order is written for a certain quantity of medication to be taken in a time period directed by a Health Care Practitioner, coverage will only be provided for a clinically appropriate pre-

determined maximum quantity of medication for the specified amount of time. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

The maximum quantity of a given prescription drug means the number of units to be dispensed and is determined based on pertinent medical information and clinical efficacy and safety. Quantities of some drugs are restricted regardless of the quantity ordered by the Health Care Practitioner. To determine if a specific drug is subject to this limitation, you can refer to the *Drug List* by accessing the website at *www.bcbsil.com* or call the Customer Service toll-free number on your identification card.

If you require a Prescription Order in excess of the dispensing limit established by Blue Cross and Blue Shield, ask your Health Care Practitioner to submit a request for clinical review on your behalf. The request will be approved or denied after evaluation of the submitted clinical information. Blue Cross and Blue Shield has the right to determine dispensing limits and they may change from time to time. Payment for benefits covered under this Benefit Section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

Day Supply

In order to be eligible for coverage under this Policy, the prescribed day supply must be Medically Necessary and must not exceed the maximum day supply limitation described in this Policy. Payment for benefits covered under this Benefit Section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation. Specialty Drugs are limited to a 30 day supply. However, early prescription refills of topical eye medication used to treat a chronic condition of the eye will be eligible for coverage after at least 75% of the predicted days of use and the early refills requested do not exceed the total number of refills prescribed by the prescribing Physician or Optometrist.

1. Has been approved by the FDA for at least one indication; and
2. Is recognized in substantially accepted peer-reviewed medical literature for treatment of the indication for which the drug is prescribed.

Some drugs are manufactured under multiple brand names and have many therapeutic equivalents. Generic medications may also have several therapeutic equivalents. In such cases, Blue Cross and Blue Shield may limit benefits to specific therapeutic equivalents. If you do not choose the therapeutic equivalents that are covered under this benefit section, the drug purchased will not be covered under any benefit level. Some prescription drug products may be more cost-effective than others. In some instances, you and your Physician may be contacted by your Pharmacy about switching to an alternative drug. The Pharmacy may not provide a substitute drug without your Physician’s and your approval. Please refer to the provision entitled “Blue Cross and Blue Shield’s Separate Financial Arrangements with Prescription Drug Providers” in the GENERAL PROVISIONS section of this Policy.

A separate Copayment Amount or Coinsurance Amount will apply to each fill of a medication having a unique strength, dosage, or dosage form.

If, during one benefit period, your out-of-pocket expense (the amount remaining unpaid after benefits have been provided) equals the individual out-of-pocket expense limit on the Schedule Page of this Policy, any additional eligible Claims for Non-Participating Providers (except for those Covered Services specifically excluded below) during that benefit period will be paid at 100% of the Eligible Charge or Maximum Allowance.

This out-of-pocket expense limit may be reached by:

- the Non-Participating Provider calendar year deductible
- the Hospital emergency room per occurrence deductible
- the Non-Participating Provider Inpatient deductible
- the Non-Participating Provider Outpatient Surgical deductible
- the deductible amount for Diagnostic Services
- the payments for Covered Services rendered by a Non-Participating Provider for which you are responsible after benefits have been provided (except for the cost difference between the Hospital's rate for a private room and a semi-private room).

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Maximum Allowance when your out-of-pocket expense limit is reached:

- charges that exceed the Eligible Charge or Maximum Allowance
- the Coinsurance resulting from Covered Services you may receive from a Participating Provider
- Copayments resulting from noncompliance with the provisions of the Preauthorization Requirements and/or the Blue Cross and Blue Shield Mental Health Unit
- services, supplies, or charges limited or excluded in this Policy
- expenses not covered because a benefit maximum has been reached.

If you have Family Coverage, each member of your family must satisfy the out-of-pocket expense limit. If your family's out-of-pocket expense (the amount remaining unpaid for Covered Services after benefits have been provided) equals the amount specified on the Schedule Page of this Policy during one benefit period, then, for the rest of the benefit period, all other family members will have additional eligible Claims for Non-Participating Providers (except for those charges excluded above) provided at 100% of the Eligible Charge or Maximum Allowance.

These out-of-pocket expense limit amounts are subject to change or increase as permitted by applicable law.

EXCLUSIONS—WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**

No benefits will be provided for services which are not Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of Blue Cross and Blue Shield, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of your Policy, Blue Cross and Blue Shield will apply generally accepted medical standards and will take into account the information submitted to Blue Cross and Blue Shield by the covered person's Provider(s), including any consultations with such Provider(s).

Hospitalization is not Medically Necessary when, applying the definition of Medical Necessity to the circumstances surrounding the hospitalization, it is determined that, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

- Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
- Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
- Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require a continued stay in a Hospital.
- Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
- Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
- The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or his family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

In most instances the decision whether hospitalization or other health care services or supplies were Medically Necessary will be made AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED

OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that Blue Cross and Blue Shield will pay the cost of the hospitalization, services or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with Blue Cross and Blue Shield's decision, your Policy provides for an appeal of that decision. You must exercise your right to appeal as a precondition to the taking of any further action against Blue Cross and Blue Shield, either at law or in equity. To initiate your appeal, you must give Blue Cross and Blue Shield written notice of your intention to do so within 180 days after you have been notified that your Claim has been denied by writing to:

Blue Cross and Blue Shield of Illinois
P.O. Box 3122
Naperville, Illinois 60566-9744

You may furnish or submit additional documentation which you or your Physician believe appropriate.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, OR APPROVES HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES, DOES NOT MEAN THAT THEY WILL BE MEDICALLY NECESSARY AS DEFINED IN THIS POLICY AND IS NOT A GUARANTEE OF BENEFITS.

Rev. Stat. ch. 23 §1-1 et seq.) or similar legislation of any state, benefits provided in compliance with the Tax Equity and Fiscal Responsibility Act or as otherwise provided by law.

HOW TO FILE A CLAIM

In order to obtain your benefits under this Policy, it is necessary for a Claim to be filed with Blue Cross and Blue Shield. To file a Claim, usually all you will have to do is show your Blue Cross and Blue Shield ID card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember, however, it is your responsibility to insure that the necessary Claim information has been provided to Blue Cross and Blue Shield.

Once Blue Cross and Blue Shield receives your Claim, it will be processed. The benefit payment for eligible Claims will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how much was paid. In some cases, Blue Cross and Blue Shield will send the payment directly to you (for example, when you have already paid your Physician) or executed a valid Assignment of Benefits, as described below.

In certain situations, you will have to file your own Claims. There may be situations when you have to file your own Claim. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

a. Complete a Claim Form. These are available from Blue Cross and Blue Shield at *www.bcbsil.com*. In addition, upon receipt of a notice of a claim, Blue Cross and Blue Shield will furnish to you the Claim Form(s) within 15 days. If Blue Cross and Blue Shield does not provide the Claim Form within such 15 days, you will be deemed to have complied with the Claim filing requirements of this Policy for such Claim upon submitting, within the time period required by this Policy, written proof of such Claim along with the details required by subsection (b) below.

b. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis (including appropriate codes), the date of service and a description of the service (including appropriate codes) and the Claim Charge.

c. Mail the completed Claim Form with attachments to:

Blue Cross and Blue Shield of Illinois
P.O. Box 805107
Chicago, Illinois 60680-4112

In any case, Claims must be filed with Blue Cross and Blue Shield on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished in the succeeding calendar year.)For purposes of this filing time limit, Covered Services rendered in the last month of a particular calendar year will be considered to have been rendered in the next calendar year. **Claims not filed within the required time period will not be eligible for payment.**

FILING OUTPATIENT PRESCRIPTION DRUG CLAIMS

In certain situations, you will have to file your own Claims in order to obtain benefits for Outpatient prescription drugs. This is primarily true when you did not receive an identification card, the Pharmacy

was unable to transmit a Claim or you received benefits from a non–Participating Prescription Drug Provider. To do so, follow these instructions:

a. Complete a prescription drug Claim Form. These forms are available from your local Blue Cross and Blue Shield office or *www.bcbsil.com*.

b. Attach copies of all Pharmacy receipts to be considered for benefits. These receipts must be itemized.

        - Blue Cross and Blue Shield failed to give you a decision within 48 hours of your request for an expedited appeal; or
        - The request for treatment is experimental or investigational and your health care provider states in writing that the treatment would be much less effective if not promptly started;

    d. If the written notice is for a Final Adverse Determination, the notice will include an explanation that you may ask for an expedited (urgent) external review if the Final Adverse Determination concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not been discharged from a facility.

10. An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the denial was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
11. In the case of a denial of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the claimant within three days of oral notification; and

Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of claim. There are three types of claims as defined below.

a. **Urgent Care Clinical Claim** is any pre-service claim that requires Preauthorization, as described in this Policy, as a prerequisite for receiving benefits for medical care or treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without care or treatment.

b. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.

c. **Post-Service Claim** is notification in a form acceptable to Blue Cross and Blue Shield that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim Charge, and any other information which Blue Cross and Blue Shield may request in connection with services rendered to you.

CLAIM APPEAL PROCEDURES

Claim Appeal Procedures — Definitions

An **"Adverse Benefit Determination"** means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by Blue Cross and Blue Shield and Blue Cross and Blue Shield reduces or terminates such treatment (other than by amendment or termination of this Policy) before the end of the approved treatment period, which is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. Please refer to the provision entitled "RESCISSION" in the COVERAGE AND PREMIUM INFORMATION section of this Policy for additional information.

In addition, an Adverse Benefit Determination also includes an “Adverse Determination.” An “Adverse Determination” means:

1. A determination by Blue Cross and Blue Shield or its designee utilization review organization that, based upon the information provided, a request for a benefit under Blue Cross and Blue Shield’s health benefit plan upon application of any utilization review technique does not meet Blue Cross and Blue Shield’s requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and the requested benefit is therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part, for the benefit;
2. The denial, reduction, or termination of or failure to provide or make payment, in whole or in part, for a benefit based on a determination by Blue Cross and Blue Shield or its designee utilization review organization that a preexisting condition was present before the effective date of coverage; or
3. A rescission of coverage. Please refer to the provision entitled “RESCISSION” in the COVERAGE AND PREMIUM INFORMATION section of this Policy for additional information.

Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, Blue Cross and Blue Shield will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, Blue Cross and Blue Shield will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Blue Cross and Blue Shield will render a decision on the appeal within 24 hours after it receives the requested information, but in no event more than 48 hours after the appeal has been received by Blue Cross and Blue Shield.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for preauthorization, or any other determination made by Blue Cross and Blue Shield in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on his/her own behalf. Under your Health Benefit Plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call Blue Cross and Blue Shield at the number on the back of your ID card.

In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe Blue Cross and Blue Shield incorrectly denied all or part of your benefits, you may have your Claim reviewed. Blue Cross and Blue Shield will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to Blue Cross and Blue Shield to request a Claim review. Blue Cross and Blue Shield will need to know the reasons why you do not agree with the Adverse Benefit Determination.
- In support of your Claim review, you have the option of presenting evidence and testimony to Blue Cross and Blue Shield. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the Claim review process.
- To contact Blue Cross and Blue Shield to request a Claim review or appeal an Adverse Benefit Determination, use the following contact information:

Such new or additional evidence or rationale will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a reasonable opportunity to respond. Blue Cross and Blue Shield may extend the time period described in this Policy for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the claim is based in whole or in part on a medical judgment, the appeal will be conducted by individuals associated with Blue Cross and Blue Shield and/or by external advisors, but who were not involved in making the initial denial of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by Blue Cross and Blue Shield.

Upon receipt of a non-urgent concurrent, pre-service or post-service appeal, Blue Cross and Blue Shield will notify the party filing the appeal within three business days of all the information needed to review the appeal.

Blue Cross and Blue Shield will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 15 business days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 15 business days after we receive any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you've already received the service. If the appeal is related to administrative matters or Complaints, the Plan will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

Your external review rights are described in the **INDEPENDENT EXTERNAL REVIEW** section below.

You may file a Complaint with the Illinois Department of Insurance. The Illinois Department of Insurance will notify Blue Cross and Blue Shield of the Complaint. Blue Cross and Blue Shield will have 21 days to respond to the Illinois Department of Insurance.

INDEPENDENT EXTERNAL REVIEW

You or your authorized representative may make a request for a standard external or expedited external review of an Adverse Determination or Final Adverse Determination by an independent review organization (IRO).

A **"Final Adverse Determination"** means an Adverse Determination involving a Covered Service that has been upheld by Blue Cross and Blue Shield or its designated utilization review organization, at the completion of Blue Cross and Blue Shield's internal grievance process procedures.

a. Standard External Review

You or your authorized representative must submit a written request for a standard external independent review to the Illinois Department of Insurance ("IDOI") within four months of receiving an Adverse Determination or Final Adverse Determination. Your request should be submitted to the IDOI at the following address:

Illinois Departments of Insurance
Office of Consumer Health Insurance
External Review Unit
320 W. Washington Street
Springfield, IL 62767
(877) 850-4740 Toll-free phone
(217) 557-8495 Fax number
Doi.externalreview@illinois.gov Email address
https://mc.insurance.illinois.gov/messagecenter.nsf

You may submit additional information or documentation to support your request for the health care services. Within one business day after the date of receipt of the request, the IDOI will send a copy of the request to Blue Cross and Blue Shield.

1. **Preliminary Review.** Within five business days of receipt of the request from the IDOI, Blue Cross and Blue Shield will complete a preliminary review of your request to determine whether:
   - You were a covered person at the time health care service was requested or provided;
   - The service that is the subject of the Adverse Determination or the Final Adverse Determination is a Covered Service under this Policy, but Blue Cross and Blue Shield has determined that the health care service is not covered;
   - You have exhausted Blue Cross and Blue Shield's internal appeal process, unless you are not required to exhaust Blue Cross and Blue Shield's internal appeal process pursuant to the Illinois Health Carrier External Review Act; and
   - You have provided all the information and forms required to process an external review.

For appeals relating to a determination based on treatment being experimental or investigational, Blue Cross and Blue Shield will complete a preliminary review to determine whether the requested service or treatment that is the subject of the Adverse Determination or Final Adverse Determination is a Covered Service, except for Blue Cross and Blue Shield's determination that the service or treatment is experimental or investigational for a particular medical condition and is not explicitly listed as an excluded benefit. In addition, your health care provider has certified that one of the following situations is applicable:

- Standard health care services or treatments have not been effective in improving your condition;
- Standard health care services or treatments are not medically appropriate for you;
- There is no available standard health care services or treatment covered by Blue Cross and Blue Shield that is more beneficial than the recommended or requested service or treatment; or

In addition, a) your health care provider has certified in writing that the health care service or treatment is likely to be more beneficial to you, in the opinion of your health care provider, than any available standard health care services or treatments, or b) your health care provider who is licensed, board certified or board eligible physician qualified to practice in the area of medicine appropriate to treat your condition has certified in writing that scientifically valid studies using accepted protocols demonstrate that the health care service or treatment requested is likely to be more beneficial to you than any available standard health care services or treatments.

2. **Notification.** Within one business day after completion of the preliminary review, Blue Cross and Blue Shield shall notify the IDOI, you and your authorized representative, if applicable, in writing whether the request is complete and eligible for an external review. If the request is not complete or not eligible for an external review, the IDOI, you and your authorized representative shall be notified by Blue Cross and Blue Shield in writing of what materials are required to make the request complete or the reason for its ineligibility. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, The IDOI's decision shall be in accordance with the terms of your benefit program (unless such terms are inconsistent with applicable laws) and shall be subject to all applicable laws.

3. **Assignment of IRO.** When the IDOI receives notice that your request is eligible for external review following the preliminary review, the IDOI will, within one business day after the receipt of the notice, a) assign an IRO on a random basis from those IROs approved by the IDOI; and (b) notify Blue Cross and Blue Shield, you and your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

   Within five business days after the date of receipt of the notice provided by the IDOI of assignment of an IRO, Blue Cross and Blue Shield provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may, within five business days following the date of receipt of the notice of assignment of an IRO, submit in writing to the assigned IRO additional information that the IRO shall consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after five business days. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within five business days, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. A failure by Blue Cross and Blue Shield or designated utilization review organization to provide the documents and information to the IRO within five business days shall not delay the conduct of the external review. Within one business day after making the decision to

end the external review, the IRO shall notify Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

If you or your authorized representative submitted additional information to the IRO, the IRO shall forward the additional information to Blue Cross and Blue Shield within one business day of receipt from you or your authorized representative. Upon receipt of such information, Blue Cross and Blue Shield may reconsider the Adverse Determination or Final Adverse Determination. Such reconsideration shall not delay the external review. Blue Cross and Blue Shield may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, Blue Cross and Blue Shield shall notify the IDOI, the IRO, you, and if applicable, your authorized representative of its decision to reverse the determination.

4. **IRO's Decision.** In addition to the documents and information provided by Blue Cross and Blue Shield and you, or if applicable, your authorized representative, the IRO shall also consider the following information if available and appropriate:
   - Your pertinent medical records;
   - Your health care provider's recommendation;
   - Consulting reports from appropriate health care providers and other documents submitted to Blue Cross and Blue Shield or its designee utilization review organization, you, your authorized representative or your treating provider;
   - The terms of coverage under the benefit program;
   - The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
   - Any applicable clinical review criteria developed and used by Blue Cross and Blue Shield or its designated utilization review organization; and
   - The opinion of the IRO's clinical reviewer or reviewers after consideration of the items described above.

   Within one business day after the receipt of notice of assignment to conduct an external review with respect to a denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, the IRO will select one or more clinical reviewers, as it determines is appropriate, to conduct the external review, which clinical reviewers must meet the minimum qualifications set forth in the Illinois Health Carrier External review Act, and neither you, your authorized representative, if applicable, nor Blue Cross and Blue Shield will choose or control the choice of the physicians or other health care professional to be selected to conduct the external review. Each clinical reviewer will provide a written opinion to the IRO within 20 days after being selected by the IRO to conduct the external review on whether the recommended or requested health care service or treatment should be covered.

   The IRO will make a decision within 20 days after the date it receives the opinion of each clinical reviewer, which will be determined by the recommendation of a majority of the clinical reviewers.

   Within five days after the date of receipt of the necessary information, but in no event more than 45 days after the date of receipt of request for an external review, the IRO will render its decision to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the

IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable, of its decision.

With respect to experimental or investigational services or treatment, the IRO will make a decision within 20 days after the date it receives the opinion of each clinical reviewer, which will be determined by the recommendation of a majority of the clinical reviewers.

The written notice will include:

a) A general description of the reason for the request for external review;
b) The date the IRO received the assignment from the IDOI;
c) The time period during which the external review was conducted;
d) References to the evidence or documentation including the evidence-based standards, considered in reaching its decision or in the case of external reviews of experimental or investigational services or treatments, the written opinion of each clinical reviewers as to whether the recommended or requested health care service or treatment should be covered and the rationale for the reviewer's recommendation;
e) The date of its decisions;
f) The principal reason or reasons for its decision, including what applicable, if any, evidence-based standards that were a basis for its decision; and
g) The rationale for its decision.

Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review.

The IRO is not bound by any claim determination reached prior to the submission of information to the IRO. The IDOI, you, and your authorized representative, if applicable, and Blue Cross and Blue Shield will receive written notice from the IRO. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

b. Expedited External Review

If you have a medical condition where the timeframe for completion of (a) an expedited internal review of an appeal involving an Adverse Determination; (b) a Final Adverse Determination; or, (c) a standard external review as described above, would seriously jeopardize your life or health or your ability to regain maximum function, then you or your authorized representative may file a request for an expedited external review by an IRO not associated with Blue Cross and Blue Shield. In addition, if a Final Adverse Determination concerns an admission, availability of care, continued stay or health care service for which you received Emergency Services, but have not been discharged from a facility, then you or your authorized representative may request an expedited external review. You or your authorized representative may file the request immediately after a receipt of notice of a Final Adverse Determination or if Blue Cross and Blue Shield fails to provide a decision on a request for an expedited internal appeal within 48 hours.

You may also request an expedited external review if a Final Adverse Determination concerns a denial of coverage based on the determination that the treatment or service in question is considered experimental or investigational and your health care provider certifies in writing that the treatment or service would be significantly less effective if not started promptly.

Expedited external review will not be provided for retrospective adverse or final adverse determinations.

Your request for an expedited independent external review may be submitted to the IDOI either orally (by calling the phone number) or in writing as set forth above for requests for standard external review.

Notification. Upon receipt of a request for an expedited external review, the IDOI shall immediately send a copy of the request to Blue Cross and Blue Shield. Blue Cross and Blue Shield shall immediately notify the IDOI, you and your authorized representative, if applicable, whether the expedited request is complete and eligible for an expedited external review. Blue Cross and Blue Shield's determination that the external review request is ineligible for review may be appealed to the IDOI by filing a complaint with the IDOI. The IDOI may determine that a request is eligible for expedited external review and require that it be referred for an expedited external review. In making such determination, IDOI's decision shall be in accordance with the terms of the benefit program (unless such terms are inconsistent with applicable law) and shall be subject to all applicable laws.

Assignment of IRO. If your request is eligible for expedited external review, the IDOI shall immediately assign an IRO on a random basis from the list of IROs approved by the IDOI; and immediately notify Blue Cross and Blue Shield of the name of the IRO.

Upon receipt from the IDOI of the name of the IRO assigned to conduct the external review, Blue Cross and Blue Shield or its designated utilization review organization shall, immediately (but in no case more than 24 hours after receiving such notice) provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may submit additional information in writing to the assigned IRO within 24 hours or additional information may accompany the request for an expedited independent external review. If Blue Cross and Blue Shield or its designated utilization review organization does not provide the documents and information within 24 hours, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within one business day after making the decision to end the external review, the IRO shall notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative, of its decision to reverse the determination.

As expeditiously as your medical condition or circumstances requires (but in no event more than 72 hours after the date of receipt of the request for an expedited external review), the assigned IRO will render a decision whether or not to uphold or reverse the Adverse Determination or Final Adverse Determination and will notify the IDOI, Blue Cross and Blue Shield, you and, if applicable, your authorized representative. If the initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield and, if

applicable, your authorized representative, including all the information outlined under the standard process above.

If the external review was a review of experimental or investigational treatments, each clinical reviewer shall provide an opinion orally or in writing to the assigned IRO as expeditiously as our medical condition or circumstances requires, but in no event less than five calendar days after being selected. Within 48 hours after the date it receives the opinion of each clinical reviewer, the IRO will make a decision and provide notice of the decision either orally or in writing to the IDOI, Blue Cross and Blue Shield, you and your authorized representative, if applicable.

If the IRO's initial notice regarding its determination was not in writing, within 48 hours after the date of providing such notice, the assigned IRO shall provide written confirmation of the decision to you, the IDOI, Blue Cross and Blue Shield, and if applicable, your authorized representative.

The assigned IRO is not bound by any decisions or conclusions reached during Blue Cross and Blue Shield's utilization review process or Blue Cross and Blue Shield's internal grievance appeal. Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, Blue Cross and Blue Shield shall immediately approve the coverage that was the subject of the determination. Coverage will only be provided for those services and/or supplies that were the subject of the Adverse Determination or Final Adverse Determination and not for additional services or supplies beyond the scope of the external review. If you disagree with the determination of the IRO, you may file a Complaint with the Illinois Department of Insurance's Office of Consumer Health Insurance.

An external review decision is binding on Blue Cross and Blue Shield. An external review decision is binding on you, except to the extent you have other remedies available under applicable federal or state law. You and your authorized representative may not file a subsequent request for external review involving the same Adverse Determination or Final Adverse Determination for which you have already received an external review decision.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies to this Benefit Program when you or your covered dependent has health care coverage under more than one Benefit Program. COB does not apply to the Outpatient Prescription Drug Program Benefit Section.

The order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this benefit program are determined before or after those of another benefit program. The benefits of this benefit program:

1. Shall not be reduced when, under the order of benefit determination rules, this benefit program determines its benefits before another benefit program; but
2. May be reduced when, under the order of benefits determination rules, another benefit program determines its benefits first. This reduction is described below in "When this Benefit Program is a Secondary Program."

In addition to the Definitions Section of this Policy, the following definitions apply to this section:

ALLOWABLE EXPENSE….. means a Covered Service, when the Covered Service is covered at least in party by one or more benefit program covering the person for whom the claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under this definition unless your stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice or as specifically defined in the Benefit Program.

When a Benefit Program provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

BENEFIT PROGRAM….. means any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

(i) Individual or group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.

(ii) Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX of the Social Security Act).

Each contract or other arrangement under (i) or (ii) above is a separate Benefit Program. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate program.

CLAIM DETERMINATION PERIOD….. means a calendar year. However, it does not include any part of a year during which a person has no coverage under this Benefit Program, or any part of a year before the date this COB provision or a similar provision takes effect.

PRIMARY PROGRAM or SECONDARY PROGRAM….. means the order of payment responsibility as determined by the order of benefit determination rules.

When this Benefit Program is the Primary Program, its benefits are determined before those of the other Benefit Program and without considering the other program's benefits.

When this Benefit Program is a Secondary Program, its benefits are determined after those of the other Benefit Program and may be reduced because of the other program's benefits.

When there are more than two Benefit Programs covering the person, this Benefit Program may be a Primary Program as to one or more other programs, and may be a Secondary Program as to a different program or programs.

ORDER OF BENEFIT DETERMINATION

When there is a basis for a Claim under this Benefit Program and another Benefit Program, this Benefit Program is a Secondary Program that has its benefits determined after those of the other program, unless:

1. The other Benefit Program has rules coordinating its benefits with those of this Benefit Program; and
2. Both those rules and this Benefit Program's rules, rule 3 below require that this Benefit Program's benefits be determined before those of the other Benefit Program.

This Benefit Program determines its order of benefit payments using the first of the following rules that applies:

1. Non-Dependent or Dependent

   The benefits of the Benefit Program that covers the person as an employee, member or subscriber (that is, other than a dependent) are determined before those of the Benefit Program that covers the person as dependent, except that, if the person is also a Medicare beneficiary, Medicare is:

   a. Secondary to the Benefit Program covering the person as a dependent; and

   b. Primary to the Benefit Program covering the person as other than a dependent, for example a retired employee.

2. Dependent Child if Parents not Separated or Divorced

   Except as stated in rule 3 below, when this Benefit Program and another Benefit Program cover the same child as a dependent of a different persons (i.e., "parent"):

   a. The benefits of the program of the parent whose birthday (month and day) falls earlier in a calendar year are determined before those of the program of the parent whose birthday falls later in that year; but

   b. If both parents have the same birthday, the benefits of the program that covered the parent longer are determined before those of the program that covered the other parent for a shorter period of time.

   However, if the other Benefit Program does not have this birthday-type rule, but instead has a rule based upon gender of the parent, and if, as a result, the Benefit Programs do not agree on the order of benefits, the rule in the other Benefit Program will determine the order of benefits.

3. Dependent Child if Parents Separated or Divorced

   If two or more Benefit Programs cover a person as a dependent child of divorced or separate parents, benefits for the child are determined in this order:

   a. First, the program of the parent with custody of the child;

   b. Then, the program of the spouse of the parent with custody of the child; and

   c. Finally, the program of the parent not having custody of the child.

   However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. The program of the other parent shall be the Secondary Program. This does not apply with respect to any Claim Determination Period or Benefit Program year during which any benefits are actually paid or provided before the entity has that actual knowledge. It is the obligation of the person claiming benefits to notify Blue Cross and Blue Shield and, upon its request, to provide a copy of the court decree.

4. Dependent Child if Parents Share Joint Custody

   If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Benefit Programs covering the child shall follow the order of benefit determination rules outlined in 2 above.

5. Young Adult as a Dependent

   For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, rule 8, "Length of Coverage" applies. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule of rule 2 to the dependent child's parent or parents and the dependent's spouse.

6. Active or Inactive Employee

   The benefits of a Benefit Program that covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Benefit Program that covered that person as a laid-off or retired employee (or as that employee's dependent). If the other Benefit Program does not have this rule, and if, as a result, the Benefit Programs do not agree on the order of benefits, this rule shall not apply.

7. Continuation Coverage

   If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Benefit Program, the following shall be the order of benefit determination:

   a. First, the benefits of a Benefit Program covering the person as an employee, member or subscriber (or as that person's dependent);

   b. Second, the benefits under the continuation coverage.

If the other Benefit Program does not contain the order of benefits determination described within this section, and if, as a result, the programs do not agree on the order of benefits, this requirement shall be ignored.

8. Length of Coverage

   If none of the rules in this section determines the order of benefits, the benefits of the Benefit Program that covered an employee, member or subscriber longer are determined before those of the Benefit Program that covered that person for the shorter term.

WHEN THIS BENEFIT PROGRAM IS A SECONDARY PROGRAM

In the event this Benefit Program is a Secondary Program as to one or more other Benefit Programs, the benefits of this Benefit Program may be reduced.

The benefits of this Benefit Program will be reduced when:

1. The benefits that would be payable for the Allowable Expenses under this Benefit Program in the absence of this COB provision; and
2. The benefits that would be payable for the Allowable Expenses under the other Benefit Programs, in the absence of provisions with a purpose like that of this COB provision, whether or not a claim is made;

exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Benefit Program will be reduced so that they and the benefits payable under the other Benefit Programs do not total more than those Allowable Expenses.

If you are eligible for Medicare Part B, the benefits of this Benefit Program may be reduced taking into consideration the amount that would be payable for an Allowable Expense under Medicare Part B whether or not you have enrolled in Part B and/or received payment from Medicare.

When the benefits of this Benefit Program are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Program.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts are needed to apply these COB rules. Blue Cross and Blue Shield has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Blue Cross and Blue Shield need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Policy must give Blue Cross and Blue Shield any facts it needs to pay the Claim.

FACILITY OF PAYMENT

A payment made under other valid coverage may include an amount that should have been paid under this Policy. If it does, Blue Cross and Blue Shield may pay that amount to the organization that made the payment under the other Benefit Program. That amount will then be treated as though it were a benefit paid under this Policy. Blue Cross and Blue Shield will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of payments made by Blue Cross and Blue Shield is more than it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid;
2. Insurance companies; or
3. Other organizations.

The “amount of payments made” includes the reasonable cash value of any benefits provided in the form of services.

GENERAL PROVISIONS

A. BLUE CROSS AND BLUE SHIELD'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

Blue Cross and Blue Shield hereby informs you that it has contracts with certain Providers ("Participating Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which Blue Cross and Blue Shield is a party, including all persons covered under this Policy. Under certain circumstances described in its contracts with Participating Providers, Blue Cross and Blue Shield may:

- receive substantial payments from Participating Providers with respect to services rendered to you for which Blue Cross and Blue Shield was obligated to pay the Participating Provider, or
- pay Participating Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Participating Providers other substantial allowances under Blue Cross and Blue Shield's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by Blue Cross and Blue Shield under this Policy and the calculation of all required Deductible and Coinsurance amounts payable by you under this Policy shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Blue Cross and Blue Shield may receive such payments, discounts and/or other allowances during the term of the Policy. You are not entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Providers work, please consider the following example:

1. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is $1,000. How is the $1,000 bill paid?
2. You personally will have to pay the Deductible and Coinsurance amounts set out in your Policy.
3. However, for purposes of calculating your Deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the $1,000 Hospital bill would be reduced by 30% to $700 for purposes of calculating your Deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.
4. Assuming you have already satisfied your Deductible, you will still have to pay the Coinsurance portion of the $1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of $700, or $140. You should note that your 20% Coinsurance is based on the full $1,000 Hospital bill, after it is reduced by the applicable ADP.

5. After taking into account the Deductible and Coinsurance amounts, Blue Cross and Blue Shield will satisfy its portion of the Hospital bill. In most cases, Blue Cross and Blue Shield has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money Blue Cross and Blue Shield would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is $1,000, your Deductible has already been satisfied, and your Coinsurance is $140, then Blue Cross and Blue Shield has to satisfy the rest of the Hospital bill, or $860. Assuming Blue Cross and Blue Shield has a contract with the Hospital, Blue Cross and Blue Shield will usually be able to satisfy the $860 bill that remains after your Coinsurance and Deductible, by paying less than $860 to the Hospital, often substantially less than $860. Blue Cross and Blue Shield receives, and keeps for its own account, the difference between the $860 bill and whatever Blue Cross and Blue Shield ultimately pays under its contracts with Participating Providers, and you are not entitled to any part of these savings.

Other Blue Cross and Blue Shields' Separate Financial Arrangements with Providers

Out-of-Area Services

Blue Cross and Blue Shield of Illinois has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association ("Association"). Whenever you access healthcare services outside of the Blue Cross and Blue Shield of Illinois service area, the claims for these services may be processed through one of these Inter-Plan Arrangements, which includes the BlueCard Program.

When you receive care outside of the Blue Cross and Blue Shield of Illinois service area, you will receive it from one of two kinds of Providers. Most Providers ("Participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("Non-Participating Providers") don't contract with the Host Blue. We explain how we pay both types of Providers below.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, Blue Cross and Blue Shield of Illinois will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

Whenever you receive Covered Services outside the Blue Cross and Blue Shield of Illinois service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed covered charges for your Covered Services, or
- The negotiated price that the Host Blue makes available to Blue Cross and Blue Shield of Illinois. To help you understand how this calculation would work, please consider the following example:

a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your identification card to the Provider to let him or her know that you are covered by Blue Cross and Blue Shield of Illinois.

b. The Provider has negotiated with the Host Blue a price of $80, even though the Provider's standard charge for this service is $100. In this example, the Provider bills the Host Blue $100.

c. The Host Blue, in turn, forwards the claim to Blue Cross and Blue Shield of Illinois and indicates that the negotiated price for the Covered Service is $80. Blue Cross and Blue Shield of Illinois would then base the amount you must pay for the service -- the amount applied to your Deductible, if any, and your Coinsurance percentage -- on the $80 negotiated price, not the $100 billed charge.

d. So, for example, if your Coinsurance is 20%, you would pay $16 (20% of $80), not $20 (20% of $100). You are not responsible for amounts over the negotiated price for a Covered Service.

PLEASE NOTE: The Coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your Deductible and that there are no Copayments associated with the service rendered. Your Deductible(s), Coinsurance and Copayment(s) are specified in this Policy.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over-- or underestimation of past pricing of claims as noted above. However, such adjustments will not affect the price Blue Cross and Blue Shield of Illinois uses for your claim because they will not be applied after a claim has already been paid.

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you. **Non-Participating Providers Outside Blue Cross and Blue Shield of Illinois Service Area**

1. Liability Calculation

When Covered Services are provided outside of Blue Cross and Blue Shield of Illinois service area by Non- Participating Providers, the amount you pay for such services will generally be based on either the Host Blue's Non-Participating Provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the Non-Participating Provider bills and the payment Blue Cross and Blue Shield of Illinois will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, Blue Cross and Blue Shield of Illinois may use other payment bases, such as billed covered charges, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment, to determine the amount Blue Cross and Blue Shield of Illinois will pay for services rendered by Non-Participating Providers. In these situations, you may be liable for the difference between the amount that the Non-Participating Provider bills and the payment Blue Cross and Blue Shield of Illinois will make for the Covered Services as set forth in this paragraph.

BlueCard Worldwide® Program

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of the BlueCard Worldwide® Program when accessing Covered Services. The BlueCard Worldwide Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the BlueCard Worldwide Program assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

- **Emergency Care Services**

This Policy covers only limited health care services received outside of the United States. As used in this section, "Out-of-Area Covered Services" include Emergency Services, Emergency Accident Care, Emergency Medical Care, and Urgent Care obtained outside of the United States. Follow-up care following an emergency is also available, provided the services are preauthorized by Blue Cross and Blue Shield of Illinois. Any other services will not be eligible for benefits unless authorized by Blue Cross and Blue Shield of Illinois.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177. 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the BlueCard Worldwide Service Center for assistance, hospitals will not require you to pay for the covered inpatient services, except for your cost-share amount/deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the BlueCard Worldwide Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must contact the Plan to obtain preauthorization for non-emergency inpatient services.**

- **Outpatient Services**

Outpatient services are only available for Emergency Care. Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a BlueCard Worldwide® Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a BlueCard Worldwide International claim form and send the claim form with the provider's itemized bill(s) to the BlueCard Worldwide Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from Blue Cross and Blue Shield of Illinois, the BlueCard Worldwide Service Center or online at *www.bluecardworldwide.com*. If you need assistance with your claim submission, you should call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177. 24 hours a day, seven days a week.

Blue Cross and Blue Shields' Separate Financial Arrangements with Prescription Drug Providers

Blue Cross and Blue Shield hereby informs you that it has arrangements with Participating Prescription Drug Providers for the provision of, and payment for, prescription drug services to all persons entitled to prescription drug benefits under individual certificates, group health insurance policies and contracts to which Blue Cross and Blue Shield is a party, including this Policy, and that pursuant to Blue Cross and Blue Shield's contracts with Participating Prescription Drug Providers, under certain circumstances described therein, Blue Cross and Blue Shield may receive discounts for prescription drugs dispensed to you. Actual discounts used to calculate your share of the cost of prescription drugs will vary. Some discounts are currently based on Average Wholesale Price ("AWP") which is determined by a third party and is subject to change.

You understand that Blue Cross and Blue Shield may receive such discounts. You are not entitled to receive any portion of any such discounts. The drug fees/discounts that Blue Cross and Blue Shield has negotiated with Prime Therapeutics LLC ("Prime") through the Pharmacy Benefit Management ("PBM") Agreement, will be used to calculate your share of the cost of prescription drugs for both retail and mail/specialty drugs. Except for mail/specialty drugs, the PBM Agreement requires that the fees/discounts that Prime has negotiated with pharmacies (or other suppliers) are passed-through to Blue Cross and Blue Shield (and ultimately to you as described above).

To help you understand how Blue Cross and Blue Shield's separate financial arrangements with Participating Prescription Drug Providers work, please consider the following example:

a. Assume you have a prescription dispensed and the undiscounted amount of the prescription drug is $100. How is the $100 bill paid?
b. You will have to pay the Coinsurance Amount set out in this Policy.
c. However, for purposes of calculating your Coinsurance Amount, the full amount of the prescription drug would be reduced by the discount. In our example, if the applicable discount were 20%, the $100 prescription drug bill would be reduced by 20% to $80 for purposes of calculating your Coinsurance Amount.

d. In our example, if your Coinsurance obligation is 25%, you will have to pay 25% of $80, or $20. You should note that your 25% Coinsurance Amount is based upon the discounted amount of the prescription and not the full $100 bill.

For the mail pharmacy and specialty pharmacy program owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the mail pharmacy and/or specialty pharmacy program. Blue Cross and Blue Shield pays a fee to Prime for pharmacy benefit services. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, claims processing, customer service response, and mail-order processing.

"Weighted paid claim" refers to the methodology of counting claims for purposes of determining Blue Cross and Blue Shield's fee payment to Prime. Each retail (including claims dispensed through PBM's specialty pharmacy program) paid claim will be weighted according to the days' supply dispensed. A paid claim is weighted in 34 day supply increments so a 1 - 34 days' supply is considered 1 weighted claim, a 35 - 68 days' supply is considered 2 weighted claims and the pattern continues up to 6 weighted claims for 171 or more days' supply. Blue Cross and Blue Shield pays Prime a Program Management Fee ("PMF") on a per weighted claim days' supply.

The amounts received by Prime from Blue Cross and Blue Shield, pharmacies, manufacturers or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to Blue Cross and Blue Shield (as described above), administrative fees charged by Prime to pharmacies, and administrative fees charged by Prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this Policy. Additional information about these types of fees or the amount of these fees is available upon request. The maximum that Prime will receive from any pharmaceutical manufacturer for certain administrative fees will be 3% of the total sales for all rebatable products of such manufacturer dispensed during any given calendar year to members of Blue Cross and Blue Shield and other Blue Plan operating divisions.

Blue Cross and Blue Shield's Separate Financial Arrangements with Pharmacy Benefit Managers

Blue Cross and Blue Shield hereby informs you that it owns a significant portion of the equity of Prime and that Blue Cross and Blue Shield has entered into one or more agreements with Prime or other entities (collectively referred to as "Pharmacy Benefit Managers"), for the provision of, and payment for, prescription drug benefits to all persons entitled to prescription drug benefits under individual certificates, group health insurance policies and contracts to which Blue Cross and Blue Shield is a party, including this Policy. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. In addition, Prime's mail order pharmacy and other PBM services operate through the same entity, Prime Therapeutics LLC.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of Blue Cross and Blue Shield, but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufacturers to cover the administrative costs of processing late

payments). Blue Cross and Blue Shield may receive such rebates from Prime. You are not entitled to receive any portion of any such rebates as they are calculated into the pricing of the product.

B. PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

1. All benefit payments may be made by Blue Cross and Blue Shield of Illinois directly to any Provider furnishing the Covered Services for which such payment is due, and Blue Cross and Blue Shield of Illinois is authorized by you to make such payments directly to such Providers. However, Blue Cross and Blue Shield of Illinois reserves the right to pay any benefits that are payable under the terms of this Policy directly to you, unless reasonable evidence of a properly executed and enforceable Assignment of Benefit Payment has been received by the Plan sufficiently in advance of Blue Cross and Blue Shield of Illinois' benefit payment. Blue Cross and Blue Shield of Illinois reserves the right to require submission of a copy of the Assignment of Benefit Payment.

   Under this Policy, Blue Cross and Blue Shield of Illinois has the right to make any benefit payment either to you or directly to the Provider of the Covered Services. For example, Blue Cross and Blue Shield of Illinois may pay benefits to you if you receive Covered Services from a Non-Participating Provider. Blue Cross and Blue Shield of Illinois is specifically authorized by you to determine to whom any benefit payment should be made.

2. Once Covered Services are rendered by a Provider, you have no right to request Blue Cross and Blue Shield not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, Blue Cross and Blue Shield will have no liability to you or any other person because of its rejection of such request.

3. Except for the assignment of benefit payment described above, neither this Policy nor your claim for benefits under this Policy is assignable to any person or entity at any time, and coverage under this Policy is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

4. The Policyholder retains the right to revoke, on a prospective basis only, such Assignment of Benefit Payments, as long as notice of such revocation is received by Blue Cross and Blue Shield sufficiently in advance of Blue Cross and Blue Shield's benefit payment.

C. YOUR PROVIDER RELATIONSHIPS

1. The choice of a Provider is solely your choice and Blue Cross and Blue Shield and/or the Exchange will not interfere with your relationship with any Provider.

2. Blue Cross and Blue Shield and/or the Exchange do not undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. Blue Cross and Blue Shield and/or the Exchange is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by Blue Cross and Blue Shield of Illinois and/or the Exchange. Any contractual relationship between a Physician and a Participating Hospital or other

Participating Provider shall not be construed to mean that Blue Cross and Blue Shield of Illinois and/or the Exchange are providing professional service.

3. The use of an adjective such as Participating in modifying a Provider shall in no way be construed as a recommendation, referral or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use or non-designation of Participating or any similar modifier or the use of a term such as Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

D. ENTIRE POLICY; CHANGES

This Policy, including the Addenda and/or Riders, if any, and the individual Application of the Insured constitute the entire contract of coverage. All statements made by an Insured shall, in the absence of fraud, be deemed representations and not warranties, and no such statements shall be used in defense to a Claim under this Policy unless it is contained in a written Application. No change in this Policy shall be valid until approved by an executive officer of Blue Cross and Blue Shield and unless such approval is endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. The issuance of this Policy supersedes all previous contracts or policies issued to the Insured by Blue Cross and Blue Shield and/or the Exchange.

E. POLICY YEAR

Policy Year means the 12 month period beginning on January 1 of each year.

F. PREMIUM REBATES, AND PREMIUM ABATEMENTS; AND COST-SHARING

a. Rebate. In the event federal or state law requires Blue Cross and Blue Shield to rebate a portion of annual premiums paid, Blue Cross and Blue Shield will provide any rebate as required or allowed by applicable law.

b. Abatement. Blue Cross and Blue Shield may from time to time determine to abate (all or some of) the premium due under this Policy for particular period(s).

   Any abatement of premium by Blue Cross and Blue Shield represents a determination by Blue Cross and Blue Shield not to collect premium for the applicable period(s) and does not effect a reduction in the rates under this Policy. Abatement for one period shall not constitute a precedent or create an expectation or right as to any abatement in any future periods.

c. Blue Cross and Blue Shield makes no representation or warranty that any rebate or abatement owed or provided is exempt from any federal, state or local taxes (including any related notice, withholding or reporting requirements). It will be the obligation of each person owed or provided a rebate or an abatement to determine the applicability of and comply with any applicable federal, state or local laws or regulations.

d. **Cost-Sharing.** Blue Cross and Blue Shield reserve the right from time to time to waive or reduce the Coinsurance, Copayments and/or Deductibles under this Policy.

G. OTHER COVERAGE WITH BLUE CROSS AND BLUE SHIELD

Coverage effective at any one time on you under a like policy or policies in this company is limited to the one such policy elected by you, your beneficiary, or your estate, as the case may be, and Blue Cross and Blue Shield will return all premiums paid for all other such policies.

In addition, no such action shall be brought after the expiration of three (3) years after the time a Claim is required to be furnished to Blue Cross and Blue Shield in accordance with the requirements of this Policy.

K. DEATH OF THE INSURED-REFUND OF PREMIUMS

In the event of the death of the Insured (that is, the person to whom this Policy is issued), Blue Cross and Blue Shield shall provide a refund of any unearned premiums assessed following the death of the Insured; provided, however, that a written request for a premium refund is received from the representative of the estate of the Insured or the person or entity so entitled.

L. PHYSICAL EXAMINATION AND AUTOPSY

Blue Cross and Blue Shield, at its own expense shall have the right and opportunity to examine your person when and as often as it may reasonably require during the pendency of a Claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

M. INCONTESTABILITY

After the Policy has been in force two (2) years from the date of issue, no statement of the Policyholder, except intentional fraudulent misstatements, shall be used to void the Policy; and no statement by any covered person, except intentional fraudulent misstatements, shall be used to reduce or deny a Claim after the insurance coverage, with respect to which a Claim has been made, has been in effect two (2) years or more.

N. APPLICABLE LAW

This Policy shall be subject to and interpreted by the laws of the State of Illinois.

O. SEVERABILITY

In case any one or more of the provisions contained in this Policy shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Policy, but this Policy shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

P. SERVICE MARK REGULATION

You hereby acknowledge your understanding that this Policy constitutes a contract solely between you and Blue Cross and Blue Shield, that Blue Cross and Blue Shield is an independent corporation operating under a license with the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the “Association”) permitting us to use the Blue Cross and Blue Shield Service Mark in the state of Illinois, and that we are not contracting as the agent of the Association. In addition, discount programs for various health or wellness-related, insurance-related or other items and services may be available from time to time. Such programs may be discontinued with or without notice.

This Notice is hereby adopted and incorporated into your Policy.

Please read it carefully.

If you are an American Indian/ Alaskan Native enrolled under this Policy, the following variations in cost-sharing amounts will apply to your coverage under this Qualified Health Plan (QHP) offered on the Exchange:

If you have a household income of less than 300% of the Federal Poverty Level, you may be eligible for a Zero Cost Sharing (ZCS) Plan.

- If you are enrolled in a ZCS QHP with a non-participating benefit, you will have your cost-sharing for medical and drug essential health Benefits, as defined in this Policy, reduced to zero when the benefit is provided at both Participating and Non-Participating provider levels. Any Preauthorization requirements, balance billing/overage from Non-Participating providers, and any maximum benefit limitation or exclusions, will still apply.
- If you are enrolled in a ZCS QHP without a non-participating benefit (e.g. HMO), you will have your cost-sharing for medical and drug essential health Benefits, as defined in your benefit booklet, reduced to zero for participating services only. Your ZCS QHP does not provide benefits for services from a Non-Participating provider, so you may be responsible for all costs associated for services obtained from such a provider. Any Preauthorization requirements, balance billing/overage from Non-Participating Providers, and any maximum benefit limitations or Exclusions, will still apply.

If you are not eligible for a ZCS Plan, you may be eligible for a Limited Cost Sharing (LCS) Plan.

- Under the LCS plans, you will have cost-sharing for medical and drug essential health Benefits, as defined in your Policy, reduced to zero when you receive services from an Indian Health Service provider, other tribal or urban Indian organization provider (“I/T/U providers”), or through a referral issued by an I/T/U provider under the Contract Health Service (“CHS”) program. If you do not receive services from an I/T/U provider or through a CHS referral, you may be responsible for cost-sharing described in your benefit materials. Any applicable Preauthorization requirements, balance billing/coverage from Non-Participating providers, any maximum benefit limitations or exclusions, will still apply.

For information on whether a specific Provider is a Participating Provider or Non-Participating Provider or whether a specific provider is an HIS or other tribal or urban Indian organization provider, call a customer service representative at the number located on the back of your identification card.
